

Munda Tenement M15/87 Lithium Rights & Royalty

The Announcement

Auric Mining Limited (**ASX: AWJ**) (**Auric**) provides an update in relation to Munda Tenement, M15/87, and our announcement dated 1 May 2025 and advises:

1. The proceedings will have no impact upon Auric's mining operations at Munda which are and will continue operations in the normal course.
2. The Estrella lithium royalty is over twenty tenements. The Munda tenement is only one of those tenements.
3. Auric itself has no interest in exploiting lithium minerals at Munda and has no rights to exploit them in any event.
4. Importantly, for the royalty to have any value to Estrella, there must be economic grade and quantities of lithium.
5. Based upon our detailed sampling and mine planning for the Starter Pit to date, we have not identified any indication of potentially economic quantities of lithium within the current mine plan or tenement.

Auric will keep the market informed as the proceedings progress.

This announcement has been approved for release by the Board of Auric Mining Ltd.
