INVESTOR WEBINAR INVITATION

Estrella Resources Limited (ASX: ESR) (Estrella or the Company) is pleased to invite shareholders and interested parties to attend an upcoming webinar presented by Managing Director Mr Chris Daws, to be held:

Wednesday 14th May 2025
10am AWST / 12pm AEST

Registration: <https://investorhub.estrellaresources.com.au/webinars/Ky0xVy-estrella-resources-investor-webinar-may-2025>

During the webinar, Mr Daws will provide an update on developments from the Company's Timor-Leste project as well as the final preparations ahead of a maiden drilling campaign.

The drill campaign not only represents the first drilling conducted by Estrella at the project, it also sees the Company become the first to break ground in Timor-Leste following the nation's adoption of a modern mining code.

Estrella has signed a contract¹ and working partnership with Dili-based CoreSearch Minerals and Mining Services LDA to conduct the drilling. CoreSearch is a division of the H2O group which has 25 years' experience in Timor-Leste, drilling over 500 production water bores across the country.

Initial drilling will concentrate on the Ira Miri, Sica and Lalena manganese prospects (Figure 1).

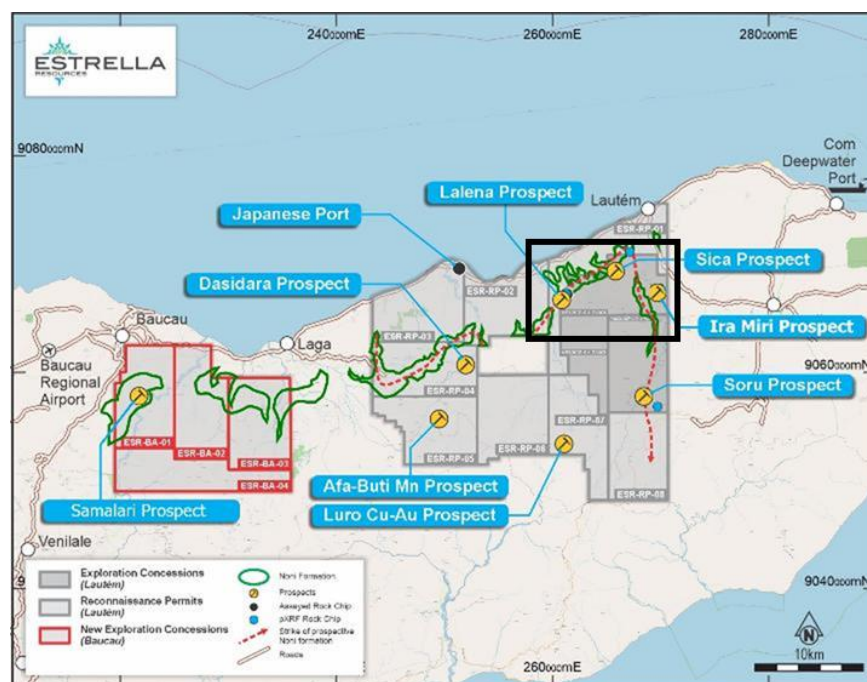

Figure 1: The Ira Miri, Sica and Lalena Prospects within Estrella's Timor-Leste concessions

The Managing Director has authorised for this announcement to be released to the ASX.
