

Change of Auditor

Metal Powder Works Limited (ASX: MPW) (the “Company”, “Metal Powder Works” or “MPW”), a producer of high-quality metal powders for additive manufacturing and other advanced applications, advises that in accordance with Listing Rule 3.16.3, it has received ASIC’s consent in accordance with section 329(5) of the Corporations Act 2001 (Cth) to change auditor from BDO Audit Pty Ltd (“BDO”) to Grant Thornton Audit Pty Ltd (“Grant Thornton”).

The appointment of Grant Thornton follows a review of the Company’s external audit arrangements in accordance with the Company’s Corporate Governance Plan following the listing of the Company on the Australian Securities Exchange in March 2025. Grant Thornton are the existing auditors of the Company’s US wholly owned subsidiary, Metal Powder Works Inc.

The Board of Directors would like to take this opportunity to thank BDO for their past assistance and professional services to the Company.

In accordance with section 327(c) of the Corporations Act, a resolution will be presented at the Company’s 2025 Annual General Meeting to ratify the appointment of Grant Thornton as the Company’s auditor.

This announcement has been authorised for release by the Company Secretary of Metal Powder Works Limited.

ABOUT METAL POWDER WORKS

Metal Powder Works Limited (ASX:MPW) is headquartered in Pittsburgh, USA and specialises in the production of high-quality metal powders for additive manufacturing and other advanced applications. MPW has developed a patented, non-thermal powder production process known as *DirectPowder™*. The MPW process represents the first true innovation in powder manufacturing in over 50 years. This innovative method converts premium bar stock into quality powder for a variety of materials and applications, significantly improving yield and affordability. MPW currently has 16+ powders in production including high strength aluminum, Copper and Copper Nickel alloys, and specialty alloys including CP-Ti and Zircaloy. In 2024, Metal Powder Works was named as Material Company of the Year by the 3D Printing Industry Awards.
