Corporate Governance Statement

Little Green Pharma's governance practices guide the Company and its controlled entities' activities and decision-making to ensure the Company meets stakeholder expectations of sound corporate governance and continuous improvement in company performance.

This corporate governance statement reviews the Company's corporate governance practices against the ASX Corporate Governance Principles and Recommendations – 4th Edition (**Corporate Governance Principles**). All these practices, unless otherwise stated, were in place for the entire year.

The Corporate Governance Principles are as follows:

PRINCIPLE 1:	Lay solid foundations for management and oversight
PRINCIPLE 2:	Structure the board to be effective and add value
PRINCIPLE 3:	Instill a culture of acting lawfully, ethically and responsibly
PRINCIPLE 4:	Safeguard the integrity of corporate reports
PRINCIPLE 5:	Make timely and balanced disclosure
PRINCIPLE 6:	Respect the rights of security holders
PRINCIPLE 7:	Recognise and manage risk
PRINCIPLE 8:	Remunerate fairly and responsibly

Given the differences in size, complexity, history and culture of listed companies, the Corporate Governance Principles adopt an "if not, why not" approach to compliance and disclosure, requiring companies to explain the reasons for any departure from the Corporate Governance Principles recommendations. These explanations are included in section 9 of this statement.

Specific corporate governance policies of the Group are detailed on the Company's investor website under the 'Investor Centre' tab, at <https://investlittlegreenpharma.com/site/investor-centre/corporate-governance-statement-1>. In this statement Little Green Pharma and its controlled entities together are referred to as the "**Group**" or "**Company**".

1.6) Board and Committee performance assessment

The Company has an evaluation process for the Board and its Committees as set out in the Board Charter.

The Board Charter requires an annual review of its Board, Committees and individual Directors to be conducted by the Remuneration and Nomination Committee.

The review is based on goals established by the Company. Measurement of performance against these goals is reviewed in a dedicated meeting, from which a series of actions and goals are developed to guide improvement. The Chair also provides confidential feedback to individual Directors on their performance on an ongoing basis.

The Board sets expectations for the Committees after considering the Company's current and future needs, with the Remuneration and Nomination Committee reviewing the performance of the Committees against expectations on an annual basis.

These targets are aligned to overall business goals and Company requirements for the position. 2.3 & 2.4) Directors' independence and length of service

In determining Director independence, the Board has regard to each of the relationships that may affect independence as set out in Box 2.3 of the Corporate Governance Principles.

In each case, the materiality of the interest, position or relationship is assessed by the Board to determine whether it might interfere, or might reasonably be seen to interfere, with the Director's capacity to bring an independent judgement to bear on issues before the Board and to act in the best interest of the entity as a whole rather than in the interests of an individual security holder or other party. The Board assesses Director independence annually.

Pursuant to the Corporate Governance Principles, the majority of the Board of a listed entity should be independent directors. Currently, the Board consists of six directors, of which three are independent directors.

The Board notes that the mere fact that a director has served on a board for a substantial period does not mean that the Director has become too close to management or a substantial holder to be considered independent. The following table shows the Directors' length of service as at 31 March 2025:

	INDEPENDENCE	LENGTH OF SERVICE

- that the above declaration has been formed based on a sound system of risk management and internal controls which operates effectively and implements the policies adopted by the Board.

4.3) Verification of integrity of corporate report

The Company's Audit and Risk Committee appoints independent external auditors with auditor performance reviewed annually. In October 2022, the Company appointed BDO Audit (WA) Pty Ltd and in July 2024, following the resignation of BDO Audit (WA) Pty Ltd, the Company appointed BDO Audit Pty Ltd (BDO) as its external auditor.

An analysis of fees paid to the external auditors, including a break-down of fees for non-audit services, is provided in a note to the financial statements. It is the policy of the external auditors to provide an annual declaration of their independence to the Board. The external auditor will attend the Company's Annual General Meeting and be available to answer written shareholder questions submitted prior to the meeting about the conduct of the audit and the preparation and content of the Audit Report.

5.2) Board receives copies of material market announcements

The Company's Continuous Disclosure policy requires that any presentation materials used to brief investor or analysts on aspects of the Group's operations are released to the ASX and posted on the Company's website prior to the briefing.

As the business grows the Company will re-assess this position.

7.4) Social and environmental risks

The Company does not have any material exposure to environmental or social risks associated with its operations.

PRINCIPLE 8: REMUNERATE FAIRLY AND RESPONSIBLY

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.
