### About Underwood Capital

Underwood Capital Limited<sup>1</sup> ("Underwood Capital", "UWC" or the "Company") (ASX: UWC) is an Australian-listed, specialist investment company that has traded on the ASX since 2015.

UWC's investment manager is HD Capital Partners Pty Ltd (ACN 664 583 537) ("HD"). HD was appointed to that role for a term of five years commencing 1 July 2023.

HD is a value-oriented, fundamental bottom-up stock picker focussing on opportunities in listed small cap equities markets including:

- undervalued, well-managed growth companies, often founder-led, that are off the radar of the broader investment community;
- undervalued securities where HD seeks to realise value; and
- situations that are dependent on a specific corporate action, such as mergers, liquidations, tender offers and divestments.

### UNDERWOOD CAPITAL NEWS

#### UWC Financial Results for May 2025

During May 2025, UWC's Net Asset Value (before provision for tax) increased by 4%. The increase was primarily due to a \$0.6m revaluation gain on UWC's investment in Weed Me Inc ("Weed Me").

The Weed Me revaluation gain arose from a 9% increase in the Enterprise Value to Net Revenue Multiple (EV/NRM) used by UWC when valuing its investment in Weed Me. UWC determines that valuation by:

- calculating a blended EV/NRM using the end of month market valuations of various listed Canadian companies, each of which UWC considers to be broadly comparable to Weed Me;
- determining what the value of UWC's Weed Me holding would be if that same blended EV/NRM was applied to Weed Me's 12 month historical revenues as most recently advised by Weed Me to UWC; and
- applying a 15% discount to that derived value, to account for Weed Me being unlisted.

UWC's shareholders should always, including but not limited to this month, be mindful that:

- UWC's NTA is constantly fluid, and UWC's reported month-end NTA is a point-in-time assessment only;
- for so long as Weed Me remains a large part of UWC's portfolio, UWC's NTA may be materially affected by fluctuations in the Weed Me valuation; and
- management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events which management believes to be reasonable under the circumstances<sup>5</sup>. Because Weed Me is unlisted, the fair value which UWC ascribes to its Weed Me holding is necessarily an estimate, using the valuation techniques described above to measure the fair value of the investment.

#### Investment Manager Update<sup>6</sup>

In May, Weed Me Inc declared its sixth dividend, the second in calendar year 2025, reflecting the continued cash generation of the business.

Activity in the listed portfolio was muted. We sold our stake in a gaming technology business that received a takeover bid, and continued to buy more of a founder-led industrial business trading on <10x PE on a run-rate basis.

<sup>5</sup> The judgements estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within future reporting periods are discussed in Notes 3 and 7 of the audited UWC annual report for the year ended 30 June 2024.

Note:

The reference to AAA ETF refers to the investment in higher yielding cash on call deposits via an investment in ASX:AAA.

UWC's investment in Weed Me comprises 4.24m shares representing approximately 13% of Weed Me's issued capital (as at month end, UWC had ascribed to these shares a valuation of CAD1.66 per share).

UWC's investment in Emerging Therapeutics was sold in September 2024

UWC's investment in Delivra was sold in October 2024

### 3. Valuation of Assets

UWC values its investments by applying the following principles:

- Listed securities – the book value is based on the closing share prices for public companies at period end converted into Australian dollars at the relevant prevailing foreign exchange rates at month-end.
- Unlisted equity securities – Generally, UWC's preference is to value its unlisted investments by applying an Enterprise Value to Net<sup>7</sup> Revenue Multiple (EV/NRM) provided these valuations are materially consistent with any recent capital raises by the given investee. The Canadian multiple of 1.2 (prior month of 1.1) is derived from the end of month market valuations of various listed Canadian companies, each of which UWC considers to be broadly comparable to Weed Me. The applied multiple represents the average of these multiples which range between 0.6 and 2.2. UWC also applies a liquidity discount of 15% to the EV/NRM valuation, to account for Weed Me's unlisted status. The Net Asset Value or NAV is calculated after deducting a provision for company tax on any net unrealised gains that may arise on such theoretical disposal. UWC does not hedge the carrying value of existing investments denominated in non-AUD currencies. UWC's financial statements are subject to statutory audit or review by our independent auditor at 31 December and 30 June each year.

<sup>7</sup> Gross sales less government excise taxes and sales discounts

**Note:**

- a) All information within this release is unaudited unless stated otherwise.
- b) The book value includes shares, convertible notes, options, loans, warrants and accrued interest.
