

Whitebark Energy Appoints Chief Operating Officer

16 June 2025

Whitebark Energy (“Whitebark” or the “Company”) is delighted to announce the appointment of Nikolaos Sykiotis as Chief Operating Officer.

Nik brings over 15 years experience in upstream oil and gas to Whitebark Energy. Mr. Sykiotis worked for a variety of different operators before Whitebark, including Chevron, Beach Energy and Warrego Energy. He has extensive experience in both exploration and development projects and has worked in many onshore and offshore basins both in Australia and overseas. He holds a Bachelor of Commerce (Hons)/Science, a Bachelor of Science (Hons) and Master of Business Administration (UWA).

Director Richard King said *“Nik’s extensive technical and operational experience, particularly onshore Australia, make him ideally positioned to join the Whitebark executive team and drive operations on the Officer Basin assets. The appointment of Nik to the team supports Whitebark’s focused strategy to deliver near term soil geochemistry operations to establish the presence of hydrogen, together with 2D seismic acquisition and exploration drilling. His deep industry expertise and demonstrated commitment to project delivery will be invaluable as we continue to implement our exploration campaign in the Officer Basin.”*

This ASX announcement has been approved and authorised for release by the Board of Whitebark Energy Limited.
