

NEW WORLD ENTERS INTO REVISED PROPOSAL WITH CAML INCLUDING INCREASED CASH CONSIDERATION AND CONDITIONAL PLACEMENT

New World Resources Limited (ASX: NWC) (“**New World**” or the “**Company**”) refers to the proposed acquisition of 100% of the issued share capital of New World by Central Asia Metals Plc (LON: CAML) (“**CAML**”), by way of an Australian Scheme of Arrangement announced on 21 May 2025 (the “**Scheme**”).

Highlights

- **CAML has increased its offer price to A\$0.053 per share, valuing New World at approximately A\$197 million, a 107.5% premium to New World’s 30-day VWAP up to and including 20 May 2025.**
- **An alternative transaction structure has been agreed, with CAML to make an off-market takeover offer in parallel with the Scheme, also at A\$0.053 per share, and subject to a 50.1% minimum acceptance condition (“Takeover Offer”).**
- **CAML has committed to provide A\$10.0 million in funding via a placement of new shares in New World at A\$0.053 per share (representing c.5% of New World), conditional on either no Competing Proposal being received by New World in the next 14 days (by 5.00pm Sydney time on 4 July 2025), or if a competing proposal is received within that time, the Directors of New World have not determined that it is or may reasonably be expected to become a Superior Proposal.**
- **This funding enables New World to meet bonding requirements in relation to the Arizona State Permits, driven by a faster-than-expected permitting timeline.**
- **The New World directors consider that the Scheme is in the best interests of New World shareholders, and unanimously recommend that New World shareholders vote in favour of the Scheme and, if the Scheme fails, accept the Takeover Offer.**

Improved Scheme Consideration

New World is pleased to confirm the receipt of an improved proposal from CAML, and to announce that it has entered into a Deed of Variation (“**Deed of Variation**”) to vary the Scheme Implementation Deed dated 21 May 2025 (“**SID**”) to increase the cash consideration payable by CAML under the Scheme from \$0.050 to \$0.053 per New World share (“**Improved Scheme Consideration**”).

The Improved Scheme Consideration values the fully diluted equity value of New World at approximately A\$197 million¹ and represents a premium of:

- 89.3% to New World’s last closing price of \$0.028 on 20 May 2025;
- 107.5% to New World’s 30-day Volume Weighted Average Price (“**VWAP**”) up to and including 20 May 2025;
- 127.1% to New World’s 60-day VWAP up to and including 20 May 2025; and

¹ Fully diluted equity value based on Improved Scheme Consideration and approximately 3,573m ordinary shares on issue, 158m options and 58m performance rights outstanding.

- 165.0% to the price of New World’s March 2025 capital raise.

The Scheme is subject to certain conditions, unchanged since the 21 May announcement including:

- Receipt of specified US and North Macedonian regulatory approvals;
- An independent expert concluding and continuing to conclude that the Scheme is in the best interests of New World shareholders;
- There being no material adverse change, no restraints and no prescribed occurrences in relation to New World;
- Approval of the Scheme by New World shareholders in accordance with the Corporations Act 2001 (Cth) at the Scheme Meeting; and
- Requisite Australian Court approval.

The Deed of Variation is attached to this announcement.

Alternative Transaction Structure

Following further discussions with CAML, New World has also entered into a Transaction Process Deed (“**Process Deed**”) with CAML to provide for the making of a recommended off-market takeover bid under Chapter 6 of the Corporations Act, under which CAML will make the Takeover Offer. The Takeover Offer will be in parallel, but not in substitution to the Scheme.

The key terms of the Takeover Offer will be as follows:

- Same consideration as the Scheme of \$0.053 per share;
- 50.1% minimum acceptance condition;
- Certain other conditions largely similar to the Scheme, and a condition relating to Hart-Scott-Rodino clearance from U.S. antitrust authorities (if required) (for a full list of conditions see attached Process Deed); and
- Available for acceptance for at least four weeks after the Scheme Meeting (in the event the Scheme is not approved).

The Takeover Offer is also conditional on the Scheme failing or termination of the SID. The Break Fee in the SID will not be payable by New World if the Takeover Bid becomes or is declared unconditional.

The inclusion of the Takeover Offer provides NWR shareholders with an additional pathway to receive \$0.053 per share if the Scheme is not approved.

The Scheme and Takeover Offer together, comprise the **Transaction**.

NWC’s Board recommendation and Intentions

The New World directors consider that the Scheme is in the best interests of New World shareholders, and unanimously recommend that New World shareholders vote in favour of the Scheme and, if the Scheme fails, accept the Takeover Offer, in the absence of a superior proposal and subject to the Independent Expert concluding and continuing to conclude that the Scheme is in the best interests of New World shareholders and the Takeover Offer is “fair and reasonable”, or “not fair but reasonable” to New World shareholders.

Subject to these same qualifications, each New World Director intends to vote (or procure the voting of) all New World shares held or controlled by or on their behalf in favour of the Scheme or in respect to which they have a relevant interest, and to accept (or procure the acceptance of) the Takeover Offer if the Scheme fails, in

respect of all New World shares held or controlled by or on their behalf or in respect to which they have a relevant interest.

A copy of the Process Deed is attached to this announcement. It is expected that the terms of the Process Deed will be incorporated into an amended and restated version of the SID originally entered into on 21 May 2025, in due course.

Kinterra Capital Shareholding in New World

On 17 June 2025 Kinterra Capital GP Corp. II, as general partner of the Kinterra Critical Materials & Infrastructure Opportunities Fund II, LP ("**Kinterra Capital**"), lodged an ASIC Form 603 (Notice of Initial Substantial Holder). The notice disclosed that Kinterra Capital holds 428,466,143 shares in New World, representing 11.99 % of the Company's issued share capital.

New World has not been approached by Kinterra with a competing proposal since the date of the SID.

New World's SID with CAML includes customary exclusivity arrangements, such as no shop, no talk, and no due diligence restrictions. It also includes obligations to notify CAML of any competing proposals and gives CAML the right to match any superior proposal. These provisions are subject to the fiduciary duties of New World's Directors. In certain circumstances, the SID also provides for a break fee to be payable by New World to CAML.

New World will continue to monitor the situation, comply with its obligations under the SID, and keep the market appropriately informed.

Interim Funding

In conjunction with the Deed of Variation, CAML has agreed to provide New World with interim funding of A\$10.0 million through a subscription for approximately 188.7 million ordinary shares in New World at an issue price of \$0.053 per share ("**Placement**"), being the same price as the Scheme Consideration and the Takeover Offer Price.

The Placement is conditional on either no competing proposal being received by New World in the next 14 days (by 5.00pm Sydney time on 4 July 2025), or if a competing proposal is received within that time, the Directors of New World have not determined that it is or may reasonably be expected to become a superior proposal.

Completion of the Placement is expected to occur on 9 July 2025, and is subject to no competing proposal being received by New World in 14 days as described above. Shareholder approval is not required for the Placement, which will be undertaken utilising the Company's placement capacity, pursuant to ASX Listing Rules 7.1 & 7.1A.

The funds raised will be used to continue advancing the Antler Project towards development, specifically to meet Arizona State bonding requirements, secure key project land parcels, and provide general working capital. The State permitting process for the Antler Project is progressing more rapidly than previously anticipated, resulting in certain bonding obligations being brought forward. These obligations were originally expected to be funded as part of a broader project financing process following completion of the Scheme, but the earlier than anticipated funds required for bonding obligations and the extension of the Scheme timetable due to the developments outlined in this announcement mean that New World now has to raise these funds via the Placement in the short term.

Assuming the Placement completes, CAML will own approximately 5.0% of New World.

Indicative Timetable & Next Steps

New World shareholders **do not need to take any action** at this time.

New World and CAML will prepare a combined Transaction Booklet which will contain further detailed information relating to the proposed Transaction, including the Scheme and the Takeover Offer. The Transaction Booklet is expected to be sent to New World shareholders in mid August 2025 and will contain an Independent Expert's Report on whether the Scheme is in the best interests of New World shareholders, and whether the Takeover Bid is fair and reasonable.

Set out below is an indicative timetable for the Scheme and Takeover Offer.

Without limiting the ability of a party to prove that a Notice has been given and received at an earlier time, each Notice under or in connection with this deed is taken to be given by the sender and received by the recipient:

- (a) (in the case of delivery by hand or courier service) on delivery;

 - (ii) receipt by the sender of an automated message confirming delivery; and
 - (iii) the time of receipt as acknowledged by the recipient (either orally or in writing),

- (e) the Notice will be taken to be so given by the sender and received by the recipient regardless of whether:
 - (i) the recipient is absent from the place at which the Notice is delivered or sent;
 - (ii) the Notice is returned unclaimed; or
 - (iii) (in the case of email) the email or any attachment is opened by the recipient;
- (f) if the Notice specifies a later time as the time of delivery then that later time will be taken to be the time of delivery of the Notice; and
- (g) if the Notice would otherwise be taken to be received on a day that is not a working day or after 5.00 pm on any day, it is taken to be received at 9.00 am on the next working day ("working day" meaning a day that is not a Saturday, Sunday or public holiday and on which banks are open for business generally, in the place to which the Notice is delivered or sent).

7.3 Notices sent by more than one method of communication

If a Notice delivered or sent under this clause 7 is delivered or sent by more than one method, the Notice is taken to be given by the sender and received by the recipient whenever it is taken to be first received in accordance with clause 7.2.
