About Neurizon Therapeutics Limited

Neurizon Therapeutics Limited (ASX: NUZ) is a clinical-stage biotechnology company dedicated to advancing treatments for neurodegenerative diseases. Neurizon is developing its lead drug candidate, NUZ-001, for the treatment of ALS, which is the most common form of motor neurone disease. Neurizon’s strategy is to accelerate access to effective ALS treatments for patients while exploring the potential of NUZ-001 for broader neurodegenerative applications. Through international collaborations and rigorous clinical programs, Neurizon is dedicated to creating new horizons for patients and families impacted by complex neural disorders.

Regulatory and Commercialisation Requirements for Realisation

- Access to animal safety data and manufacturing data critical to support future trials and potential regulatory approvals

- Access to manufacturing at scale critical to future commercialisation

Global License with Elanco

Exclusive global rights to Elanco's data package and intellectual property

LICENSE AGREEMENT

License Agreement: A foundational step in formalising Neurizon's relationship with Elanco. Critical to future global regulatory approval and commercialization.

License: An exclusive global licensing agreement providing worldwide rights to utilise Elanco's intellectual property for the treatment, palliation, prevention, or cure of neurodegenerative diseases in humans.

Indicative Terms: Nominal upfront fee with additional approval and sale milestones¹ and tiered single digit royalty on sales.

SUPPLY AGREEMENT

Supply Agreement: Agreed and planned next step in further expanding formalisation of Neurizon's relationship with Elanco.

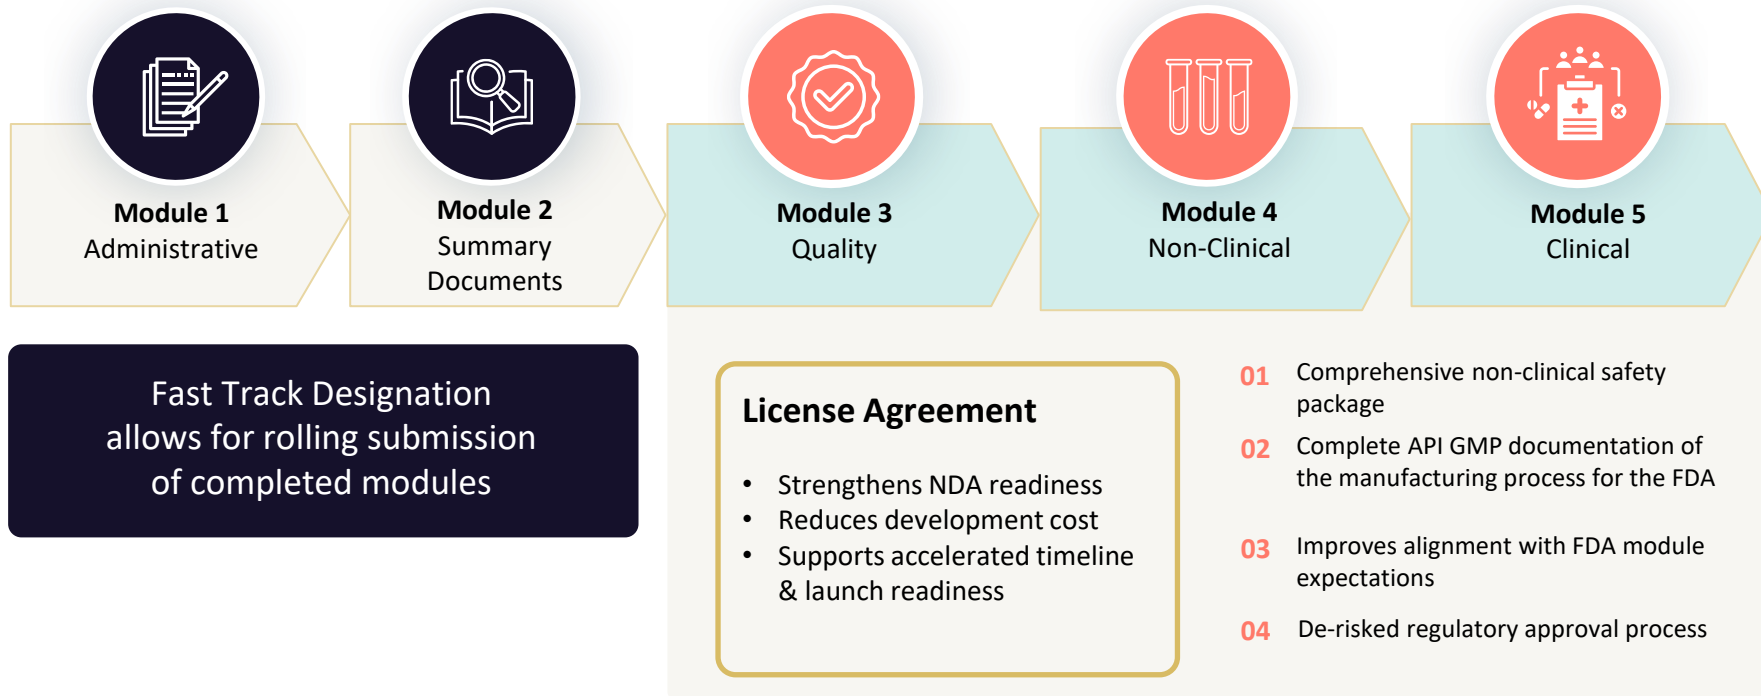

Status: License Agreement outlines key terms for the conclusion of a Supply Agreement, including duration and price. Supply Agreement expected to be finalised prior to the end of CY2025.

Expected Outcome: Supply Agreement expected to provide access to a long-term, scalable source of GMP-compliant monepanel, the active pharmaceutical ingredient in NUZ-001.

Clear pathway for accelerated global commercialization and a de-risking of global regulatory approval

Accelerated & Streamlined Path to NDA and Launch

FDA Review

Progressing Toward Clinical Hold Resolution: PK Studies in Progress / Complete Response on Track

Regulatory Support

- The FDA continues to review our strategy to address the clinical hold
- Neurizon remains engaged and responsive to agency requests

PK Studies

- Two pharmacokinetic studies placed at leading CRO
- Studies ahead of schedule; treatment phase complete
- Study reports expected in July CY2025

Next Steps

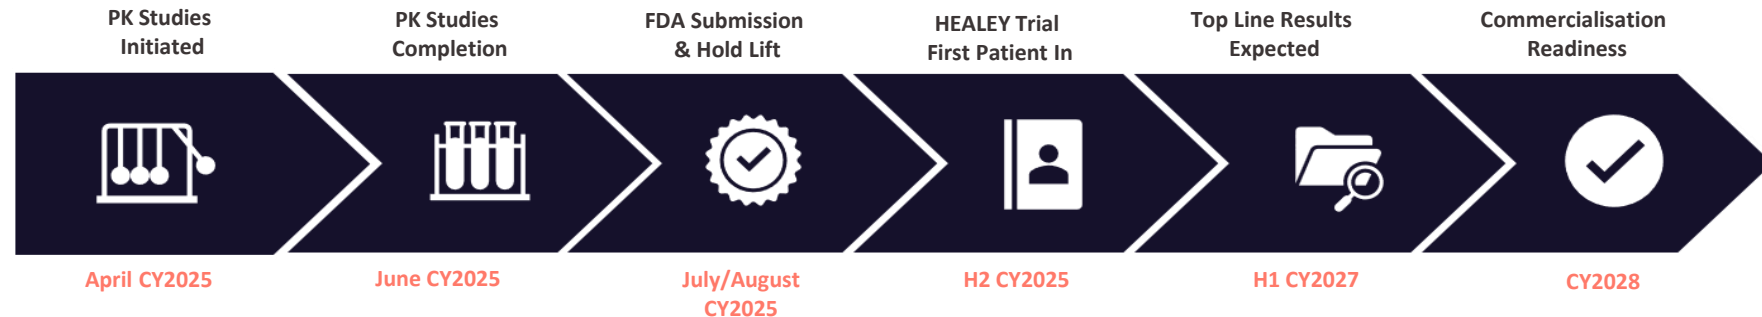

- Complete response package for clinical hold progressing as planned
- Clinical hold clearance expected following completion of PK studies

Momentum

- Progressing startup activities towards HEALEY ALS Platform Trial inclusion and broader clinical advancement

Investment credentials for NUZ-001

De-risked clinical program for a rare neurodegenerative disease positioned for near-term regulatory approval and launch
