### Highlights

- SIMPEC has been awarded a civil, structural, mechanical, piping, electrical and instrumentation package for Tianqi Lithium at the Tianqi Lithium Hydroxide Processing operation in Kwinana WA.
- The project will enhance capacity within the existing processing facility
- The project aligns with SIMPEC's strategy to support Australia's energy transition.

*Tianqi Lithium Kwinana (TLK)*

**WestStar Industrial Limited** (Company or WestStar) (ASX: WSI), an Australian industrial services company, operating in the energy, resources, utility and infrastructure sectors is pleased to announce the award of a new contract, valued at approximately \$11 million, to its wholly owned subsidiary SIMPEC for the delivery of civil, structural, mechanical, piping (SMP), electrical, and instrumentation (E&I) works at the Tianqi Lithium operations in Kwinana, Western Australia.

The project will commence immediately and is scheduled to be completed in Q1 CY2026.

Tianqi Lithium Energy Australia (TLEA) is a joint venture between Tianqi Lithium Corporation and IGO Limited. TLEA owns the Kwinana Lithium-Hydroxide Processing operation, managed by Tianqi Lithium Kwinana (TLK)

The objective of the project is to enhance capacity within the existing processing facility through the installation of new mechanical equipment. The works are being executed within a live operational environment, requiring a high level of integration and coordination to support continuous plant performance.

SIMPEC Managing Director Mark Dimasi noted:

*“Securing this contract with Tianqi Lithium Kwinana represents another significant step in SIMPEC’s ongoing growth strategy. It reinforces our reputation as a trusted delivery partner for complex industrial projects and highlights our capability to execute multidisciplinary packages to a high standard*

*This award aligns with our strategic objective of supporting Australia’s energy transition while strengthening our presence in the lithium sector. We look forward to working closely with Tianqi Lithium Kwinana to deliver this important project safely, efficiently, and to the highest quality standards.*

*I would like to thank TLK for this opportunity.”*
