Liontown raises ~A\$316 million in two tranche placement

Liontown Resources Limited (ASX:LTR) (“**Liontown**” or the “**Company**”) is pleased to announce that it has successfully completed its bookbuild for a fully underwritten ~A\$266 million institutional placement of approximately 364.4 million new fully paid ordinary shares (“**New Shares**”) to new and existing investors at A\$0.73 (“**Placement Price**”) per New Share (“**Institutional Placement**”).

In addition to the Institutional Placement, the Company has exercised its discretion to accept oversubscriptions by way of a non-underwritten conditional placement of New Shares to Canmax Technologies Co., Ltd. (“**Canmax**”) alongside other institutional investors at the Placement Price to raise a total of A\$50 million (before costs) (“**Conditional Placement**”). Canmax is a large industrial conglomerate and is one of the world’s leading producers of lithium chemicals and a significant consumer of lithium raw materials.

As announced on 7 August 2025, the Company is also undertaking a non-underwritten Share Purchase Plan (“**SPP**”) for up to a further A\$20 million (together, the “**Capital Raising**”).

Highlights

- Successful bookbuild for a fully underwritten Institutional Placement of approximately 364.4 million shares priced at A\$0.73 per share to raise ~A\$266 million (before costs)
- An additional A\$50 million (before costs) will be raised, subject to shareholder approval, via a non-underwritten Conditional Placement to Canmax and other institutional investors at A\$0.73 per share
- The Conditional Placement is subject to Liontown shareholder approval, and Canmax's participation in the Conditional Placement is also subject to overseas direct investment approval by relevant Chinese regulatory authorities (“**ODI Approval**”)

- Opportunity for existing eligible shareholders to participate via a non-underwritten SPP to raise up to a further A\$20 million
- All members of Liontown’s Board of Directors intend to participate in the SPP
- Capital Raising fortifies Liontown’s balance sheet and has been sized to ensure resilience across a range of lithium price environments. Subject to completion of the Conditional Placement (excluding any proceeds received under the SPP), Liontown will have a pro forma cash balance of ~A\$472M¹
- Optimises positioning of Liontown to capitalise on a recovery in lithium prices and growth opportunities
- Unlocks flexibility for Liontown to pursue low-cost, high return opportunities to maximise value

Liontown’s Managing Director and CEO, Tony Ottaviano, said:

I’m very pleased with the strong support we’ve received for this Placement, which attracted significant demand from high-quality institutional investors, both in Australia and offshore. Despite challenging market

conditions, the backing from the equity markets, who have contributed 84% of the money raised, alongside support from the National Reconstruction Fund Corporation, underscores the quality, long-term value, and strategic importance of Kathleen Valley to the Australian economy and national interest.

The investment in Liontown by Canmax, a world leading producer of lithium chemicals, in the Conditional Placement reflects confidence in the long-term value of the Kathleen Valley Operation, and we think is a strong positive indicator for the demand outlook of lithium products.

This capital raising fortifies our balance sheet, supports the ramp-up and transition to 100% underground operations, and ensures we're well positioned to capitalise on a recovery in lithium prices".
