

ASX RELEASE | CLEARVUE TECHNOLOGIES LIMITED | (ASX:CPV | OTCQX:CVUEF)

## 5-Year Agreement with Architectural Glass Leader

*Manufacturing and distribution agreement with Dubai-headquartered glass technology pioneer, Emirates Glass, extends ClearVue's presence in the Middle East.*

### HIGHLIGHTS:

- **5-year Non-Exclusive Agreement:** ClearVue and Emirates Glass sign manufacturing and distribution agreement.
- **Market Expansion:** The agreement will support market penetration for ClearVue solar façade solutions in the Middle East.
- **Best-in-Class Manufacturing Facilities:** Emirates scalable volume manufacturing capabilities expand the mass production capacity for ClearVue solutions.

**19 August 2025 – Dubai, United Arab Emirates (UAE)** – ClearVue Technologies Limited (ASX:CPV) ("ClearVue" or the "Company"), and **Emirates Glass LLC (Emirates Glass)**, a subsidiary of Dubai Investments PJSC, a leading glass manufacturer in the UAE, today joined forces to expand the availability of ClearVue Solar Façade solutions across the Middle East. As part of the agreement, Emirates Glass will license ClearVue's technologies and has a non-exclusive right to manufacture and distribute glazing products that feature ClearVue innovations.

*"Emirates Glass is renowned for its consistent delivery of largescale, prominent projects and has an established reputation of reliability, adaptability and modernisation with architects, developers and contractors," said **Mr. Douglas (Doug) Hunt, Chief Executive Officer, ClearVue Technologies**. "Combining the Emirates Glass standing in the industry with the patented, proprietary advancements in solar technology from ClearVue is taking building sustainability to new heights in the UAE and beyond. This agreement further substantiates the credibility and commercial viability of ClearVue Solar Façade solutions."*

*"ClearVue solar technology advancements marry seamlessly with our mission to actively support sustainable urban development and advances in energy efficient building glazing and façade materials. Together, Emirates and ClearVue will intensify the momentum for broad deployment of Building Integrated Photovoltaic (BIPV) solutions," said **Rizwanulla Khan, Executive President, Emirates Glass**. "Becoming a ClearVue Licensee and manufacturing and distribution partner is tightly aligned with our longstanding corporate commitments to our*

*global environment. We see our manufacturing expertise and ability to deliver volume production capacity as an important contribution to the partnership with ClearVue. Our organization looks forward to working across our ecosystem of industry leaders to integrate ClearVue technologies into forthcoming building projects.”*

**Authorised by the Board of ClearVue Technologies Limited.**

#### **ABOUT CLEARVUE TECHNOLOGIES LIMITED**

ClearVue Technologies Limited (ASX: CPV; OTCX: CVUEF) is an Australian technology company that integrates solar technology into building façade and rooftop surfaces to provide renewable energy generation and offset the operational carbon footprint of buildings. The Company’s advanced, patented glass technology preserves glass transparency maintaining building aesthetics while generating energy.

ClearVue has extended solar energy-generation to vision glass, cladding, spandrel, balustrade, and skylight solutions. These solutions can offset operational energy requirements significantly contributing to the net zero building.

ClearVue’s integrated solar façade is revolutionizing the way buildings are designed, constructed, and renovated. Experience how building façades will become a major contributing factor to reducing operational carbon by visiting ClearVue at [www.clearvuepv.com](http://www.clearvuepv.com).
