

SHARE PURCHASE PLAN SHORTFALL PLACED

New Murchison Gold Limited (**ASX:NMG**) ("**NMG**" or the "**Company**") is pleased to announce that it has received binding commitments for the shortfall shares arising from the recently completed Share Purchase Plan ("**SPP**") ("**Shortfall**"), which closed on Thursday 24 July 2025.

The Company received valid applications from eligible sophisticated investors for the shortfall of 20,171,581 new shares at an issue price of \$0.017 per new share in the Company, totaling \$342,916 ("**SPP Placement Shares**").

Ironside Capital Pty Ltd acted as Lead Manager to the shortfall placement.

The Company provided eligible shareholders the opportunity under the SPP to subscribe for up to \$30,000 worth of new shares at a price of \$0.017 per new share, without incurring brokerage or other transaction costs (refer to the Company's ASX announcement dated 25 June 2025 for further details regarding the Placement and SPP). The Board reserved the right to issue the Shortfall to institutional, sophisticated and professional investors.

The SPP Placement Shares will be issued under the Company's Listing Rule 7.1 placement capacity and will rank equally with existing ordinary shares from the date of issue.

The placement of the SPP Placement Shares is expected to occur on 21 August 2025, being the same date as completion of the second tranche of the Placement which was approved by shareholders at the Company's general meeting on 15 August 2025.

Proceeds from the SPP Placement Shares, along with the funds raised from the SPP and the Placement, will be used for pre-production capital expenditure (e.g. mobilization, PPE and infrastructure costs), pre-revenue operating costs / working capital and corporate overheads and costs.

Alex Passmore, NMG's CEO, commented: *"The Board and I are pleased by the support we have received to close the full value of the Capital Raising announced 25 June 2025 to underpin the development of the Crown Prince Gold Mine."*

The funds raised from the Shortfall placement and the SPP will be combined with the funds raised from the placement announced 25 June 2025 and are proposed to be used for pre-production capital expenditure (e.g. mobilisation, PPE and infrastructure costs), pre-revenue operating costs / working capital, corporate overheads and costs of the capital raising."

ABOUT NEW MURCHISON GOLD

New Murchison Gold Ltd (ASX:NMG) is a mineral exploration and development company which holds a substantial package of tenements in the prolific Murchison goldfield near Meekatharra, Western Australia.

The Company is focused on the Garden Gully Gold Project which comprises a 677km² tenure package covering the Abbotts Greenstone Belt and other key regional structures. The project has multiple gold deposits along the belt with the most advanced being the Crown Prince Deposit.

Gold mineralisation in the belt is controlled by major north trending structures and contact zones between felsic and mafic metamorphosed rocks.

NMG updated its Mineral Resource Estimate in November 2024 and reported a maiden Ore Reserve and Feasibility Study for the Crown Prince Deposit in February 2025. This places NMG on track towards becoming a gold producer.
