² NewZoo https://allcorrectgames.com/insights/the-gaming-market-in-indonesia/

On the 9th December 2024, SportsHero announced a strategic partnership with Indosat Ooredoo Hutchison (Indosat) the 2nd largest Telco in Indonesia³, to market the IGV Family Game Room product in Indonesia. This collaboration will leverage Indosat's digital platforms, myIM3 and bima+, which have reached 50.9 million monthly active users (MAU) in 2024 (based on Indosat's 2024 annual report).

It was initially agreed that the partnership would kick off with a three-month proof of concept marketing campaign in January 2025. Subsequently Indosat agreed to waive the proof of concept phase and move directly to commercialisation. See below for further details.

This campaign aims to develop targeted messaging for Indosat's audience, enhancing customer engagement and adoption of the iGV Family Game Room product. SportsHero will provide all Indosat customers with an exclusive 14-day free trial of the iGV Family Game Room, followed by a special monthly subscription rate of IDR 65,000 (A\$6.30), reduced from the usual rate of IDR 160,000 (A\$15.60).

This partnership represents a strategic move for both companies to leverage their strengths in digital innovation and customer engagement. In March 2025, the Company announced the expansion of its partnership with iGV to include the Philippines as part of its Southeast Asia (SEA) market strategy, in addition to the Indonesia and Thailand market, as announced in November 2023. This development builds on the successful collaboration between SHO and iGV, and underscores the growing demand for iGV's innovative gaming solutions in the region.

The Philippines represents a significant opportunity for the iGV Family Game Pass, which was launched in September 2024. Go Live via Indosat for the iGV Family Game Pass

On 27 June 2025, the Company announced that the iGV Family Game Pass product was successfully integrated and launched with the 2nd largest Indonesian Telco, Indosat. This means that both Indosat and XL customers had now gone live and users can subscribe to the iGV Family Game Pass product using the Direct Carrier Billing (DCB) infrastructure, which provides then with the opportunity to purchase certain products directly via their existing phone billing accounts.

5) Subsequent events

Agreement with PLDT Inc, the Largest Fully Integrated Telco in the Philippines

On 1 July 2025 the Company signed a 2 year agreement (renewable for a further year by mutual agreement) to distribute the iGV Family Game Pass product throughout the Philippines, including offering Direct Carrier Billing (DCB) and comprehensive ongoing marketing support.

The agreement includes a first year minimum contract payment to SportsHero relating to a "premium broadband customer" model, providing SportsHero with cashflow post integration (expected in the September quarter 2025).

The signing of this agreement with PLDT shows there is market interest in the iGV Family Game Pass product across the region, reinforcing our belief in the strategic plan to roll out iGV and other products in partnership with major Telcos.

PLDT will include a 12-month iGV Game Pass subscription for its premium home broadband customers. Those wishing to renew their subscription for a second year will be offered an exclusive extension option. In parallel, PLDT will directly market the iGV Game Pass to its non-premium home broadband customers and the wider gaming community, who will be able to subscribe at a mutually agreed price. PLDT will provide ongoing direct marketing and DCB support for the duration of this Agreement.
