About Artemis Resources

Artemis Resources (ASX/AIM:ARV) is a gold, copper and lithium focused resources company with a highly attractive suite of projects including projects in Western Australia's underexplored North Pilbara Gold Province and the Cassowary copper/gold exploration project 450km east of Kalgoorlie in Western Australia.

- **Attractive projects:**
 - **Karratha Gold/Copper Project** – substantial Carlow resource and Titan, Thorpe satellite targets
 - **Cassowary Copper/Gold Project** – targeting intrusions with potential for IOCG type deposits
 - **Andover Lithium JV** – Artemis/Greentech JV includes Mt Marie, Kobe, Osborne Li prospects
 - **Paterson Gold/Copper Project** – adjacent to Havieron Mine (owned Greatland Gold)
- **Highly strategic location:** Karratha is Tier 1 jurisdiction, projects close to major regional hub including excellent road and power infrastructure, administrative centre and Dampier Port
- **Significant exploration upside:** highly prospective tenure package in the Pilbara Region of Western Australia which is rapidly emerging gold province dominated by >12Moz Au Hemi Project
- **Mineral Resource with growth potential:** existing high-grade gold-copper Mineral Resource at Carlow
- **Established processing site at Radio Hill:** strategically located, permitted site
