Corrective Announcement

Flagship Minerals Limited (ASX: FLG) (“**Flagship**”, “**FLG**” or “**Company**”) notes that the heading on today’s announcement titled “Flagship Commences Review of Anglo Dataset At 1Moz+ Pantanillo Gold Project, Chile” and lodged with the sub-heading “Data confirms large oxide system - Re-cutting published cross sections with exceptional grades and scale - Multiple +100 gram/meter intersections” could be misinterpreted. The heading should have instead read “Data confirms large oxide system - Re-cutting published cross sections with exceptional grades and scale - Multiple +100 gram x meter intersections” as set out in Table 1.
