

4 September 2025

Refinancing of Convertible Securities Agreement

Argent BioPharma Ltd. (ASX: RGT) wishes to advise that it has executed a further Deed of Variation with Mercer Street Global Opportunity Fund, LLC (**Mercer**), a fund managed by Mercer Street Capital Partners, LLC, a United States-based institutional fund manager, in respect of the convertible securities agreement entered into between the Company and Mercer in 2020. This includes the refinancing of 400,000 convertible notes from the 2020 convertible note facility (**Notes**) which currently totals A\$850,000. A commercial agreement has been reached by which the minimum conversion price of the Notes has been reduced from not less than A\$10.00 to not less than A\$0.12. Further details in respect of the variation to the Notes are set out below.

Variation to 2020 Convertible Securities Agreement

As announced on 10 September 2020, the Company entered into an agreement with Mercer (**2020 Agreement**), whereby Mercer conditionally agreed to provide the Company with up to \$15 million in funding, via subscriptions for convertible notes in the Company with a face value of AUD\$1.00 each. As at the date of this announcement 850,000 convertible notes pursuant to the terms of the 2020 Agreement remain in issue.

The Company and Mercer have agreed to amend the minimum conversion price of 400,000 Notes under the 2020 Agreement (which had amendments approved at a meeting of Shareholders¹) from “not less than \$10.00” to “not less than \$0.12”. The issue of any conversion shares as a result of the amendment of the minimum conversion price will be made under the Company’s existing placement capacity under ASX Listing Rule 7.1.

The Company intends to seek additional agreements with Mercer to amend the terms of the remaining 2020 convertible note facility and the 2022 convertible note facility².

Argent BioPharma Ltd. (ASX: RGT) is a clinical-stage biopharmaceutical company developing nano-engineered medicines that restore balance between the nervous and immune systems. Its lead candidates, CannEpil® and CimetrA®, target drug-resistant epilepsy and cytokine-driven inflammatory and autoimmune disorders, respectively. The Company’s proprietary delivery platforms are designed to improve penetration across the blood–brain and alveolar–capillary barriers, enabling differentiated efficacy and supporting composition-of-matter protection. With EU-GMP manufacturing, advancing late-stage clinical programs, and a unified Neuro-Immune Modulatory platform, Argent BioPharma is building a high-impact pipeline with a clear focus on urgent unmet needs in CNS and systemic inflammation.
