Cumulus Wealth Pty Ltd (AFSL 524450) (**Cumulus**) and Leeuwin Wealth Pty Ltd (AFSL 561674) (**Leeuwin**) have been engaged as joint lead managers to the Entitlement Offer (**Joint Lead Managers**). The Entitlement Offer is to be fully underwritten by Leeuwin (83,318,319 New Shares for \$8,331,831.90) subject to the execution of an underwriting agreement prior to the lodgement of the prospectus pursuant to which the Entitlement Offer will be made (**Prospectus**).

The terms and conditions and further details of how to participate in the Entitlement Offer will be set out in the Prospectus by the Company which is expected to be lodged with ASIC and released on the ASX on Monday, 15 September 2025, and dispatched to Eligible Shareholders (along with personalised Entitlement and Acceptance Forms) on Tuesday, 23 September 2025. Use of Funds

Funds raised from the Entitlement Offer will be applied towards:

- the ongoing pre-feasibility study on the Company's Elizabeth Creek Copper-Cobalt Project (including drilling, engineering studies and metallurgical test work);
- the costs of the Entitlement Offer; and
- the general working capital requirements of the Company.

Participation by Directors

The Directors of the Company currently proposed to participate in the Entitlement Offer by subscribing for respective entitlements of approximately 2,000,000 New Shares for approximately A\$200,000 in the Entitlement Offer. Further details of each Director's intentions will be set out in the Prospectus.

Executive commentary

Coda's Chair, Keith Jones said: *"We are pleased to provide all eligible Coda shareholders with the opportunity to participate in this fully underwritten Entitlement Offer. This Offer comes at a pivotal point for Coda. Our recent change in planned processing has simplified the flowsheet and has materially improved recoveries of copper and silver, strengthening the economics of Elizabeth Creek and reducing project risk. Importantly, with the revised copper-silver only base case, cobalt now represents upside rather than a dependency, giving the project a clearer, more resilient foundation.*

"We now have a scope, plan and budget for the pre-feasibility study, and the funds raised will be applied directly to advancing this critical stage of work. The PFS is a key milestone on the path to commercialisation, and our team is focused on delivering it effectively.

"We are grateful for the support of our advisors, Cumulus Wealth and Leeuwin Wealth, and their clients in underwriting this offer, and we look forward to providing the Prospectus and application form to shareholders shortly.

"In structuring this raise, we have sought to prioritise our existing holders. I encourage all shareholders to read the Prospectus carefully and thank you sincerely for your continued support of Coda Minerals."
