Management Comment

Managing Director, Mark English, said: "Completion of this acquisition now provides Auric greater control and simplifies open pit mining at our Munda Gold Mine.

"Finalising the acquisition of all the nickel rights and assets from WIN sees us taking another major step forward at Munda. Mining at Munda is proceeding according to plan. We are happy with our progress over the past 4 months.

"Completion of the acquisition of the water asset has also been a good acquisition for us. The mining camp has been a great benefit to us and assisted greatly in housing the mining team, located just six kilometres north of our mine.

"We have reached a highly satisfactory agreement for all Auric shareholders," said Mr English.
