Extension of On-Market Share Buy-Back

Mount Gibson Iron Limited ("**Mount Gibson**" or "**the Company**") advises that it has extended the current share buy-back program of up to 10% of the Company's issued shares for a further 12 months, commencing 1 October 2025 to 30 September 2026, unless completed or terminated earlier.

Since the program commenced in September 2024, the Company has bought back and cancelled 38.8 million shares at an average price of \$0.313 per share, representing approximately 3.2% of its issued share capital.

The extended share buy-back program will be conducted in the ordinary course of trading in accordance with the terms specified in the accompanying updated Appendix 3C.

The extent to which the Company buys back shares, the timing of any buy-back purchases, and the price at which shares are bought back, are each subject to a range of factors including market conditions. The Company does not expect to be in the market at all times during the balance of the potential buy-back period, and any buy-back will occur at the Company's discretion. There can be no certainty that the Company will buy-back all of the 10% of issued shares available under the extended share buy-back program.
