Directors' Report

FOR THE HALF-YEAR ENDED 30 JUNE 2025

Your Directors submit their report for Tolu Minerals Limited "the Company" and controlled entities "the Group" for the half-year ended 30 June 2025.

The financial statements are presented in Australian dollars which is the Company's presentation currency.

DIRECTORS

The names of the Directors of the Company in office during the half-year and until the date of this report are:

- John (lain) Macpherson
- John Anderson
- Howard Lole
- Larry Andagali

The directors have been in office since the start of the half-year to the date of this report unless otherwise stated.

PRINCIPAL ACTIVITY

The principal activity of the Company during the half-year was refurbishment of the Tolukuma Gold Mine, construction and refurbishment of key infrastructure and near mine & regional exploration. No significant change in the nature of these activities occurred during the half-year.

REVIEW OF OPERATIONS AND RESULTS

For the half-year ended 30 June 2025, Tolu Minerals Limited reported a loss after tax of \$6,727,410 compared to a \$3,292,702 loss in the previous corresponding period.

In October 2022 Tolu successfully completed the 100% acquisition of the Tolukuma Gold Mine ("TGM") in Papua New Guinea ("PNG") along with its associated assets and mine infrastructure. In parallel with the acquisition process, Tolu also secured a number of additional, strategically important Exploration Licenses ("EL"s) across the Tolukuma structural corridor giving Tolu a substantial and highly prospective land package to complement the mine and existing infrastructure, collectively referred to as the "Tolukuma Project". The Tolukuma Project currently includes one mining lease (ML 104) and seven exploration licenses surrounding TGM, providing a dominant landholding of 775 km2 across the highly productive Tolukuma epithermal structure.

Tolu also holds the Mt Penck tenement, EL 2662, over some 102km2 of copper/gold targets within the very mineralised Kulu Simi trend on the island of New Britain to the East of the PNG mainland (see Figure 1 and Table 1). Tolu also has an exploration license application ELA 2866 Namo (201.8km2) immediately adjacent and to the South and West of Mt. Penck in West New Britain.

Based on the results of the Airborne MT, Tolu also submitted exploration license applications across the Tolukuma Structure. They are: ELA 2859, Mt, Tafa (92.1km2); ELA 2860, Karau (67.9km2); ELA 2862, Mt. Tafa West (81.8km2); and ELA 2890 Mt. Kebea (228.5km2).

Tolu also identified and secured the potentially large prospective porphyry target at Ipi River, EL2780 (395.6 km2) Northwest of the Tolukuma structure.

Directors' Report

FOR THE HALF-YEAR ENDED 30 JUNE 2025

The Company's operational strategy remains focused on four key work streams comprising:

- Fundamentally reducing the TGM's historic cost structure through a work program consisting of the development of the access road, refurbishing the hydro power station and initial dewatering by means of syphoning, pumping and provision of drain holes;
- Initiate early gold production at TGM through the construction of a gravity only pilot plant that in addition to testing gravity recovery, will target revenue generation pending the recommissioning of the existing gravity / leaching plant and will support mine development for initial production;
- Undertake a substantial exploration programme including development and drilling on-mine at TGM to improve the current MRE, near mine exploration, regional exploration on the broader Tolukuma low sulphidation epithermal structure and seek to explore on new exploration targets at TGM, the Ipi River tenement and Mt Penck defined by the recent Airborne MT acquisition; and
- Prepare TGM for an ultimate return to name plate capacity production following the refurbishment of the existing gold plant.

In line with the strategy, on 7 May 2025, the Company completed a further equity raising of A\$27.25 million (before costs).

The Company continues to evaluate and assess all practical, logical and accretive ways to accelerate key projects including:-

- Exploration of ML 104, near mine and regional areas including Mt Penck and Ipi river;
- Production scale up;
- Hydro power reinstatement;
- Transport, post the completion of the mine access road and significant investment in service and access roads;
- Exploration drives, to be further enhanced by dewatering drainage portals; and
- Tailings management assisted by geotube socks now installed as well as the longer term Tailings Management Facility that is currently being evaluated and designed by tailings engineers.

CASH POSITION

At 30 June 2025, the Group had cash reserves of \$21,563,275 and net current assets of \$19,458,792.

DIVIDENDS

Subsequent to 31 December 2024 the Directors have not recommended the payment of an interim dividend.

SIGNIFICANT CHANGES IN STATE OF AFFAIRS

There were no significant changes in the Company's state of affairs that occurred during the financial half-year, other than those referred to elsewhere in this report.

Directors' Report

FOR THE HALF-YEAR ENDED 30 JUNE 2025

AFTER BALANCE DATE EVENTS

Other than as noted elsewhere in this report, there has been no other significant events post balance date.

END OF DIRECTORS' REPORT

Signed in accordance with a resolution of the Directors this 12th day of September 2025.

John Macpherson - Managing Director & CEO

The above consolidated statement of cash flows should be read in conjunction with the accompanying notes.

FOR THE HALF-YEAR ENDED 30 JUNE 2025

NOTE 1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

(a) Reporting Entity

These financial statements for the interim half-year reporting period ended 30 June 2025 and have been prepared

in accordance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

Tolu Minerals Limited (Parent) a company limited by shares incorporated in Papua New Guinea whose shares are

publicly traded on the Australian Stock Exchange (ASX Code: TOK).

The consolidated interim financial report of the Group as at and for the six months ended 30 June 2024 comprises

the Parent Company and its subsidiaries (together referred to as 'the Group').

Tolu Minerals Limited is a for-profit entity for the purpose of preparing the financial statements.

These financial statements do not include all the notes of the type normally included in annual financial

statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the

year ended 31 December 2024.

(b) New or Amended Accounting Standards and Interpretations adopted

The principal accounting policies adopted are consistent with those of the previous financial year and

corresponding interim reporting period, unless otherwise stated.

The Company has adopted all the new or amended Accounting Standards and Interpretations issued by the

International Accounting Standards Board ('IASB') that are mandatory for the current reporting period. Any new or

amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

(c) Foreign Currency Transactions and Balances

Functional and presentation currency

The financial statements are presented in Australian dollars which is the company's presentation currency. The

Company's functional currency is Papua New Guinea Kina.

Transactions and Balances

Transactions undertaken in foreign currencies are recognised in the Company's functional currency, using the

spot rate at the date of the transaction. Foreign currency monetary items that are outstanding at the reporting

date (other than monetary items arising under foreign currency contracts where the exchange rate for that

monetary item is fixed in the contract) are restated to the spot rate at the reporting date. Except for certain foreign

currency hedges, all exchange gains or losses are recognised in profit or loss for the period in which they arise.

Tolu Minerals Limited and Controlled Entities

FOR THE HALF-YEAR ENDED 30 JUNE 2025

NOTE 1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES CONTINUED

(d) Going Concern

The financial report has been prepared on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The Group incurred a loss of \$6,727,410 for half-year ended 30 June 2025 (Jun 2024: \$3,292,702).

Following the successful raising of approximately A\$17.3 million as part of its listing on the ASX in November 2023, the Company completed further raises with share placements on 29 April 2024 totalling A\$8.8 million, 31 October 2024 totalling A\$26.7 million and 7 May 2025 totalling \$27.3 million.

The share funds have been raised in order to meet:

- the Company's expenditure commitments and operating costs in relation to exploration costs on the Tolukuma Project and the Mt Penck Project;
- refurbishment and construction of the Tolukuma Gold Mine Infrastructure, including the tailings management facility and mining equipment; and
- corporate overhead and administrative costs.

On this basis no adjustments have been made to the financial report relating to the recoverability and classification of the carrying amount of assets or the amount and classification of liabilities that might be necessary should the company not continue as a going concern. Accordingly, the financial report has been prepared on a going concern basis.

(e) Basis of Consolidation and Equity Accounting

The consolidated financial statements comprise the financial statements of the Group as at, and for the period ended. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the ability to direct the activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee; and
- The ability to use its power over the investee to affect its returns.

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee.
- The rights arising from other contractual arrangements; and
- The Group's voting rights and potential voting rights.

FOR THE HALF-YEAR ENDED 30 JUNE 2025

NOTE 1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES CONTINUED

(f) Basis of Consolidation and Equity Accounting Continued

The Group re-assesses whether it controls an investee if facts and circumstances indicate that there are changes

to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains

control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income

and expenses of a subsidiary acquired or disposed of during the year are included in the statement of profit or loss

and other comprehensive income from the date the Group gains control until the date the Group ceases to control

the subsidiary.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting

policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income,

expenses and cash flows relating to transactions between members of the Group are eliminated in full on

consolidation.

(g) Estimates

The preparation of interim financial report requires management to make judgements, estimates and

assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities,

income and expenses. Actual results may differ from these estimates.

In preparing the consolidated interim financial report, the significant judgements made by management in

applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those

that applied to the consolidated financial report as at and for the year end 31 December 2024.

(h) Comparative Figures

Where necessary, comparative figures have been adjusted to conform to changes in presentation for the current

financial year where required by accounting standards or because of changes in accounting policy.

(i) Rounding of Amounts

Amounts in the financial statements have been rounded off in accordance with the instrument to the nearest the

nearest dollar.

FOR THE HALF-YEAR ENDED 30 JUNE 2025

NOTE 2 OPERATING SEGMENTS

The Company's operating segments are based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')), in assessing performance and in determining the allocation of resources.

The Directors are of the opinion that there is one reportable segment as the CODM reviews results, assesses performance and allocates resources at a company level.

FOR THE HALF-YEAR ENDED 30 JUNE 2025

NOTE 8 FRONTIER SHARE SALE AGREEMENT & CONTINGENT CONSIDERATION

On 6 December 2022 the Group entered into an agreement Lanthanein Resources Limited (Lanthanein) to acquire 100% of the issued share capital of Frontier Copper PNG Ltd (Frontier).

Pursuant to the agreement, the purchase consideration was as follows:

	\$
Cash paid	500,000
3,000,000 shares issued (refer note 12)	1,500,000
Contingent consideration	611,137
Total Purchase consideration	2,611,137

Contingent Consideration

If within 5 years of completion under the Frontier Share Sale Agreement, the Group identifies an aggregate minimum of 500,000 ounces of gold of not less than a JORC (2012) indicated category on the Frontier Tenements (Milestone), the Group must make a further payment to Lanthanein of A\$1,000,000, payable at the election of the Group as follows:

- (a) by way of cash;
- (b) if the Group has completed an IPO on the ASX, by the issue of shares at an issue price equal to the VWAP of the Shares over the last 30 days in which trading occurred in the Group's shares prior to the announcement of the satisfaction of the Milestone; or
- (c) a combination of (a) and (b).

At the time of the sale, the fair value of the contingent consideration was valued at A\$611,137 and was recognised as a financial liability in the statement of financial position, discounted at 10.35% p.a.

At 30 June 2025, the fair value was determined to be A\$709,189 as detailed below.

On 24 August 2022, the Company entered into a Convertible Note Deed with Petroleum Resources Kutubu Limited (PRK), a subsidiary of Mineral Development Resource Company for an amount of 10,000,000 Papua New Guinea Kina. The Company has granted a registered first ranking security interest over ML 104 and all the assets situated upon ML 104 pursuant to a general security deed. The notes issued to PRK have a 5-year maturity date expiring on 24 August 2027 and will bear interest at the rate of 8.5% p.a.

Following the ASX listing, the Noteholder is entitled to convert the notes into shares at a conversion price being the 15-day VWAP for trading of the Company's shares on ASX immediately prior to the issue of the conversion notice. PRK may exercise their right to convert the notes at any time, and the Company must redeem the notes at face value on the maturity date.

In addition, the Company has an early redemption right exercisable at any time over the 5-year period at 103% of the face value of the notes. Interest shall be capitalised annually in arrears and repaid on the earlier of the conversion date, the maturity date or the early redemption date.

NOTE 13 SHARE CAPITAL CONTINUED

Rights of each type of share

Ordinary shares participate in dividends and the proceeds on winding up of the parent entity in proportion to the number of shares held.

At shareholders meetings each ordinary share is entitled to one vote when a poll is called, otherwise each shareholder has one vote on a show of hands.

Capital management

When managing capital, management's objective is to ensure the Company continues as a going concern as well as to maintain optimal returns to shareholders and benefits for other stakeholders. This is achieved through the monitoring of historical and forecast performance and cash flows.

NOTE 14 RESERVES

(a) Movements in reserves were as follows:

		Share	Foreign	
	Other	based	currency	
	Reserves	payments	translation	Total
	\$	\$	\$	\$
Balance 1 January 2024	184,887	-	(1,125,039)	(940, 152)
Share-based payment expense	-	783,450	-	783,450
Foreign currency translation	-	-	554,865	554,865
Balance at 31 December 2024	184,887	783,450	(570, 174)	398,163
Foreign currency translation	-	-	(2,056,116)	(2,056,116)
Share-based payment expense		2,483,144	-	2,483,144

^{*}Resigned June 2024

DIRECTORS' DECLARATION

In accordance with a resolution of the Directors of Tolu Minerals Limited, I state that:

In the opinion of the Directors:

- 1. The financial statements and notes, as set out on pages 10–25 are in accordance with the PNG Companies Act 1997 including:
 - i. complying with Accounting Standards, the Companies Act 1997 and other mandatory professional reporting requirements; and
 - ii. give a true and fair view of the Company's and Group's financial position as at 30 June 2025 and performance, as represented by the results of its operations and its cash flows, for the half-year ended on that date.
- 2. In the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

On behalf of the Board

John Macpherson
Managing Director & CEO

12 September 2025

Independent auditor's review report to the members of Tolu Minerals Limited

Report on the half-year financial report

Conclusion

We have reviewed the half-year financial report of Tolu Minerals Limited (the Company) and the entities it controlled during the half-year (together the Group), which comprises the consolidated balance sheet as at 30 June 2025, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, significant accounting policies and explanatory notes and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Tolu Minerals Limited does not comply with the Corporations Act 2001 including:

- 1. giving a true and fair view of the Group's financial position as at 30 June 2025 and of its performance for the half-year ended on that date
- 2. complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity (ASRE 2410). Our responsibilities are further described in the Auditor's responsibilities for the review of the half-year financial report section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibilities of the directors for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement whether due to fraud or error.

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true independent auditor's report to the members of Tolu Minerals Limited half-year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
