The directors present their report, together with the financial statements, on the company for the half-year ended 30 June 2025.

### **Directors**

The following persons were directors of the company during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

Deqiang Tian (Non-executive Chairman)  
Shubiao Tao (Managing Director)  
Lindsay Dudfield (Non-executive Director)  
Jan Macpherson (Non-executive Director)  
Zhe Xu (Non-executive Director)  
Jun Zhou (Non-executive Director)  
Wei Wang (Non-executive Director)

### **Review of operations**

The loss for the company after providing for income tax amounted to \$239,706 (30 June 2024: \$290,253).

Energy Metals is a dedicated uranium exploration company with eight projects located in the Northern Territory (NT) and Western Australia covering over 2,400 km<sup>2</sup>. Most of the projects contain uranium mineralisation discovered by major companies in the 1970's, including the advanced Bigirlyi project, located in the prospective Ngalia Basin (NT). Bigirlyi is characterised by relatively high uranium grades (with vanadium credits) and excellent metallurgical recoveries.

#### *Bigirlyi Joint Venture (EME 72.39%)*

During the period, Energy Metals updated the Mineral Resource Estimate (MRE) for Bigirlyi to include results from drilling that took place during 2024, leading to a 12% increase in stated uranium resources at the project.

#### *Ngalia Regional Project (EME 100%)*

During the period, Energy Metals progressed a range of preparatory activities at the Ngalia Project in support of planned drilling programs at Walbiri South and Penrynth prospects, with field operations scheduled to commence in late 2025. Substantial resources were also directed toward meeting statutory reporting obligations and the ongoing management of the company's tenement portfolio.

#### *Malawiri Joint Venture (EME 76.03%)*

Minimum exploration activities were undertaken in the current half-year to ensure the tenements remained in good standing.

#### *Walbiri Joint Venture (EME 77.12%)*

Minimum exploration activities were undertaken in the current half-year to ensure the tenements remained in good standing.

#### *Western Australia*

The company's strategy is to maintain tenure over its Western Australian uranium deposits with minimum expenditure until economic conditions improve and WA Government restrictions on uranium mining are lifted. Four projects are covered by granted Retention Licences and one, the Manyingee East project, by a Retention Licence application. Landholder objections to the grant of the Manyingee East application are progressing slowly through the Warden's Court process. Energy Metals continues to monitor the situation with a view to recommencing exploration and development activities in the future.

### **Significant changes in the state of affairs**

There were no significant changes in the state of affairs of the company during the financial half-year.

**Auditor's independence declaration**

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out immediately after this directors' report.

This report is made in accordance with a resolution of directors, pursuant to section 306(3)(a) of the Corporations Act 2001.

## **Note 1. Material accounting policy information**

These general purpose financial statements for the interim half-year reporting period ended 30 June 2025 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 31 December 2024 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

### **New or amended Accounting Standards and Interpretations adopted**

The company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

## **Note 2. Operating segments**

### *Identification of reportable operating segments*

Management has determined that the Company has one reportable segment of its business, being uranium exploration in Australia. Information reported to the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) for the purpose of resource allocation and assessment of segment performance focuses on one reportable segment of its business.

## INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Energy Metals Limited,

### Report on the Half-Year Financial Report

#### Conclusion

We have reviewed the half-year financial report of Energy Metals Limited (the Company), which comprises the statement of financial position, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, material accounting policy information and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Company does not comply with the *Corporations Act 2001* including:

- i. Giving a true and fair view of the Company's financial position as at 30 June 2025 and of its financial performance for the half-year ended on that date; and
- ii. Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

#### Responsibility of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### **Auditor's responsibility for the review of the financial report**

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 30 June 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
