## **LRS APPOINTS EXPLORATION AND DEVELOPMENT MANAGER**

**Latin Resources Limited (ASX: LRS) (“Latin” or “the Company”)** is pleased to announce the appointment of Kerry Griffin Bsc (Geol), Dip Eng Geol, MAIG as their Exploration and Development Manager.

Kerry has approximately 21 years professional experience in mining geology, resource development and exploration in Australia, Africa, South America and Asia including senior roles with such companies as Newcrest Mining, Sons of Gwalia, Consolidated Minerals, Ivanhoe Mines, Aspire Mining Limited, Haranga Resources Limited, Lindian Resources Limited and Altan Rio Ltd.

After graduating from the University of Canterbury in 1993, Kerry began his career as a mine geologist at Telfer Gold Mine and has since had extensive hands on experience in mine development and management, designing and managing exploration and resource drilling programs, resource modelling and estimation, the management and training of geological/technical teams, business development and corporate affairs.

His experience includes five years with Ivanhoe Mines as the Senior Development Geologist during the discovery and development of the world class Oyu Tolgoi Project. Also in Mongolia, Kerry was responsible for the identification, acquisition and management of Aspire Mining’s Ovoot Coking Coal Deposit and the resource development of Haranga Resources Selenge Iron Ore Project.

Kerry was Chief Geologist for two years at the Wodgina pegmatite hosted tantalum mine and recently managed a large scale Ta/Sn Greenfields pegmatite exploration project in Mashonaland, NE Zimbabwe.

Kerry is both a Competent Person under JORC and a Qualified Person for 43-101 reporting.

Latin Resources is expecting the final two concessions for their Catamarca lithium pegmatite project to be granted within the next few days. The drilling of the Catamarca project will commence once the environmental study along with the drill permits are approved by the Catamarca mining authorities but is expected to receive the approvals over the coming weeks. The drilling is expected to commence in December. Kerry will be on site in Argentina next week and will be managing the drilling program on the Catamarca project and coordinating the exploration on other Latin Resources projects.
