

ASX Announcement

21st November 2016

ZMI is pleased to announce that it has entered into a binding Terms Sheet with Roman Kings Pty Ltd (Roman Kings) in respect of its non-core Leonora Gold Project comprised of two tenements, being M37/1202 (Crawfords) and E37/893 (Gambier Lass North) (**Project**).

Roman Kings controls several tenements in the Leonora area and aims to aggressively explore its landholding and considers the Project to be complementary to its strategy particularly in light of the recent reinvigoration of exploration and mining activities in the Leonora area.

Upon satisfaction of conditions precedent (including relating to mutual due diligence and Roman Kings undertaking a fundraising), ZMI will be issued shares in Roman Kings to the value of no less than \$100,000 (based on the price of the Roman Kings fundraising) and Roman Kings will be required to spend \$350,000 within 18 months to earn 51% of the Project (**Stage 1**). Roman Kings are required to undertake all works necessary to calculate a Mineral Resource in Stage 1.

Following Stage 1, ZMI will have the option to retain its 49% interest and contribute to the development of the Project or to require Roman Kings to purchase a further 24% (reducing ZMI's interest in the Project to 25%) for \$250,000 in cash or shares, with ZMI being able to elect to receive no less than \$125,000 in cash (**Stage 2**).

ZMI will also receive \$5 per ounce of gold contained in a Mineral Resource exceeding 20,000 ounces at more than 1.0g/t gold.

It is a condition subsequent that Roman Kings must be admitted to list on ASX (or similar stock exchange) within 18 months or any interest earned by Roman Kings in the Project will revert to ZMI.

Commenting on the deal, ZMI's Managing Director Peter van der Borgh said "Finding and developing zinc in Ireland is now our focus. We have some cracking projects, in particular the Kildare project, where recent drilling results have confirmed and extended thick, high grade zinc mineralisation. We wish Roman Kings all the best with their exploration, and look forward to potentially deriving a revenue stream from the project should they be successful."

Yours faithfully,
