ASX Media Release

Cycliq Appoints Mike Young as Non-Executive Director

PERTH, AUSTRALIA; 5 December 2016: Cycliq Group Ltd (ASX: CYQ) is pleased to confirm that it has appointed highly experienced director **Michael Young** as a non-executive Director.

Michael Young has more than 12 years of executive and director experience including senior roles at Vimy Resources Limited, Cassini Resources Limited, BC Iron Limited and Bannerman Resources Limited. He brings valuable corporate and capital market expertise to the Company.

Michael is currently the non-executive Chairman of Cassini Resources Limited and the CEO and Managing Director of Vimy Resources Limited. He was previously the first CEO and MD of BC Iron Limited and a founding director of Bannerman Resources.

Cycliq's Chairman, Chris Singleton, said Mike Young is a highly respected and well credentialed operator with extensive contacts in both the international and domestic capital markets and has many years of small cap experience. More importantly he is an avid cyclist in his down time and will bring a strong independent view to our future activities.

About Cycliq

Cycliq is the number one brand in HD camera and lighting combos, delivering cycling safety and action camera solutions for commuters, mountain bikers, racers and professional cyclists. Cycliq's flagship products – Fly6 rear-facing bicycle camera and light combination, Fly12 forward-facing, full high-definition camera and 400 lumen light. The company has sold more than 40,000 units across 25 countries.

Cycliq's mission is to raise awareness for road safety. We want to make road users aware they're being recorded in the hope that everybody provides each other additional space and respect while sharing the road. Consequently, this makes road cycling safer and more enjoyable for everyone.
