DIRECTORS' REPORT

The directors of Classic Minerals Ltd submit herewith the financial report for the half-year ended 31 December 2016. In order to comply with the provisions of the *Corporations Act* 2001 the directors report as follows:

Directors

The names of the directors of the company during or since the end of the half year are:

Mr Justin Doutch Mr Kent Hunter Mr Yi Lu Ning

Unless otherwise stated, all directors were in office for the period under review, and up to the date of this report.

Review of Operations

The loss for the six-month period ended 31 December 2016 was \$1,263,969 (31 December 2015 loss \$64,492). As at 31 December 2016, Classic Minerals Ltd ("Classic" or "the Company") had 372,467,635 shares on issue.

Exploration Activities

Sale of Doherty's (M57/619)

During the six-month review period, the Company received a further \$1.2M from the sale of the Doherty's gold project. These proceeds were in addition to the \$600,000 received in the 2015/16 financial year. As at 31 December 2016, the Company recognized a receivable of \$2.2m (GST Inclusive). Settlement of this amount is due to take place on 24 March 2017. During the period, Accelerated Mining Pty Ltd ("Accelerated") the acquirer completed a desktop scoping study on the project.

Fraser Range (E28/1904)

The Company continued to review technical data (both historic and recently produced mag/drilling data) with a view to identifying further drill targets. The Company entered into discussions with independent third parties regarding potential joint venture or farm-in deals.

Skirmish Hill (E69/3337)

No significant on-ground exploration work was carried out as dealings continued with the Department of Indigenous Affairs for entry into this A Class reserve.

To the Board of Directors

Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

As lead audit director for the review of the financial statements of Classic Minerals Limited for the half year ended 31 December 2016, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- the auditor independence requirements of the Corporations Act 2001 in relation to the review; and
- any applicable code of professional conduct in relation to the review.

Yours faithfully

Independent Auditor's Review Report

To the Members of Classic Minerals Limited

We have reviewed the accompanying half-year financial report of Classic Minerals Limited ("the Company") which comprises the condensed statement of financial position as at 31 December 2016, the condensed statement of profit or loss and other comprehensive income, condensed statement of changes in equity and condensed statement of cash flows for the half-year ended on that date, a statement of accounting policies, other selected explanatory notes and the directors' declaration.

Directors Responsibility for the Half-Year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the Company's financial position as at 31 December 2016 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of the Company ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independent Auditor's Review Report

To the Members of Classic Minerals Limited (Continued)

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Classic Minerals Limited is not in accordance with the Corporations Act 2001 including:

- a. Giving a true and fair view of the Company's financial position as at 31 December 2016 and of its performance for the half-year ended on that date; and
- Complying with Accounting Standard AASB 134: Interim Financial Reporting and Corporations Regulations 2001.

Emphasis of matter - Trade and Other Receivables

Without qualifying our conclusion, we draw attention to Note 4 of the half-year financial report where the Company has recorded a receivable of \$2,200,000 for the sale of the Doherty's gold project. As described in Note 4, the due date of this receivable is the 24th of March 2017. As at the date of this report, we have not been able to establish whether satisfaction of the debt will take place on the due date, and as such the recoverability of this receivable is not able to be reliably determined.

This item represents a significant asset recorded by the Company, and at the date of this report, the recoverability of the amount remains uncertain. Therefore, there remains a material uncertainty with regard to the carrying value of this receivable.

Emphasis of matter - Going Concern

Without qualifying our conclusion, we draw attention to Note 1(c) in the financial report which indicates that the company incurred a loss of \$1,263,969 for the half-year ended 31 December 2016. This condition, along with other matters as set forth in Note 1(c), indicate the existence of a material uncertainty which may cast significant doubt about the ability of the Company to continue as a going concern and whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the half-year financial report.

NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF YEAR ENDED 31 DECEMBER 2016

1. SUMMARY OF ACCOUNTING POLICIES

Significant Accounting Policies

a) Statement of Compliance

The half year financial report is a general purpose financial report prepared in accordance with the Corporations Act 2001 and Australian Accounting Standards including AASB 134 Interim Financial Reporting. Compliance with Australian Accounting Standards ensures that the financial statements and notes comply with International Financial Reporting Standards. The half-year financial report does not include notes of the type normally included in an annual financial report and should be read in conjunction with the 2016 annual financial report.

b) Basis of Preparation

The financial statements have been prepared on the basis of historical cost, except for the revaluation of certain non-current assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the company's 2016 annual financial report for the financial year ended 30 June 2016, except for the impact of the Standards and Interpretations described below. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

New or revised standards and interpretations that are first effective in the current reporting period

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to their operations and effective for the current half-year.

New and revised Standards and amendments thereof and Interpretations effective for the current halfyear that are relevant to the Group include:

- AASB 2014-1: Amendments to Australian Accounting Standards (Part D);
- AASB 2014-3: Amendments to Australian Accounting Standards Accounting for Acquisitions of Interests in Joint Operations;
- AASB 2014-4: Amendments to Australian Accounting Standards Clarification of Acceptable Methods of Depreciation and Amortisation;
- AASB 2014-9: Amendments to Australian Accounting Standards Equity Method in Separate Financial Statements;
- AASB 2015-1: Amendments to Australian Accounting Standards Annual Improvements to Australian Accounting Standards 2012–2014 Cycle;
- AASB 2015-2: Amendments to Australian Accounting Standards Disclosure Initiative: Amendments to AASB 101;
- AASB 2015-5: Amendments to Australian Accounting Standards Investment Entities: Applying the Consolidation Exception; and
- AASB 2015-9: Amendments to Australian Accounting Standards Scope and Application Paragraphs.

ABN 77 119 484 016

NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF YEAR ENDED 31 DECEMBER 2016

1. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

The adoption of the above standards have not had a material impact on this half year financial report.

c) Going concern

The half-year financial report has been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlements of liabilities in the ordinary course of business. The Company made a loss of \$1,263,969 for the half year ended 31 December 2016 (31 December 2015: \$64,492).

The net working capital deficit position of the Company at 31 December 2016 was \$582,155 (30 June 2016: net working capital of \$382,175). Cash outflows from operations of the Company at 31 December 2016 were \$1,033,394 (31 December 2015: \$226,397) and the net movement in cash held during the half year was an increase of \$17,606 (31 December 2015: increase of \$72,155).

The ability of the Company to continue to pay its debts as and when they fall due is dependent upon the Company recovering the amounts receivable for divesting its mining interests being \$2,200,000 by 24 March 2017, and raising capital via equity and/or debt funding.

These conditions indicate a material uncertainty that may cast significant doubt about the ability of the Company to continue as a going concern.

The Directors believe it is appropriate to prepare these accounts on a going concern basis because:

- the Company has agreed to a variation of the agreement with the purchaser of the Doherty's gold project for the outstanding amount of \$2,200,000 (inclusive of GST) to be settled on 24 March 2017. Of the original sale amount of \$4,000,000 (inclusive of GST), the Company has received \$1,800,000 as at the date of this report (including \$500,000 received in December 2016);
- the Company have entered a binding heads of agreement for the purchase of 80% of the gold rights at the Forrestania Gold Project via the issue of 85,000,000 of fully paid ordinary shares in the Company (subject to shareholder approval), with future royalty payments of up to \$5 million on any production at the project (refer Note 2). The directors believe this represents an opportunity for a near term mining operations to generate cash inflows for the Company;
- during the period the Company entered into a Standby Subscription Agreement with Stock Assist Group Pty Ltd, for which it has access to a facility of up to \$1,000,000 by issuing shares at 80% of 5 day VWAP, which it can utilise to meet short-term working capital requirements. As at 31 December 2016, \$24,000 of this facility has been used;
- As disclosed in Note 7, the Company has renegotiated the terms of the loan to MDVest Pty Ltd, with the repayment date extended to August 2017;and
- the Directors have an appropriate plan to raise additional funds in the immediate future, as well
 as when required. These plans includes the raising of \$2.1 million before the end of April 2017.
 In light of the Company's current projects, the Directors believe that the additional capital
 required can be raised in the market.

The Directors have prepared a cash flow forecast, based on all of the above events occurring, which indicates that the Company will have sufficient cash flows to meet all commitments and working capital requirements for the 12 month period from the date of signing this financial report.

ABN 77 119 484 016

NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF YEAR ENDED 31 DECEMBER 2016

1. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Should the Company not be successful in the above, it may be necessary to sell some of its assets, farm out exploration projects, or reduce exploration expenditure by various methods including surrendering less prospective tenements.

Although the Directors believe that they will be successful in these measures, if they are not, the Company may be unable to continue as a going concern and therefore may be unable to realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

2. SUBSEQUENT EVENTS

Acquisition of the Forrestania Gold Project

In February 2017, the Company acquired 80% of the gold rights in the following granted tenements: E77/2207; E77/2219; E77/2239; P77/4290; P77/4291; E77/2303; E77/2220 C. A comprehensive announcement regarding this transaction was made to the ASX on 14 March 2017 (refer to **ASX Announcement** dated 14 March 2017).

The Forrestania Gold Project consists of existing Resources of 4.82Mt at 1.39g/t for 216,000oz of gold. Resources are located beneath an existing open pit and un-mined, near-surface deposits. The project presents an opportunity for near term mining operations and production. The current Resources, reported in compliance with the JORC Code (2012), are estimated with a lower cut-off grade of 0.5g/t Au. When a higher cut-off is applied (1 g/t), it is possible to delineate high grade pockets of Resources, particularly at Lady Ada, which was previously mined at an average grade of 8.8 g/t. Classic will be focusing on these high grade zones, to potentially generate early cash-flow and support the costs associated with haulage and toll treatment.

Discussions with potential toll treatment facilities and contract miners are underway, with Classic expecting to firm up its development schedule and processing options over the coming weeks. There are numerous potential toll treatment facilities within trucking distance including Marvel Loch, Edna May, Greenfields (Coolgardie) and Norseman Gold.

Consideration Terms

Classic and the Vendor (Stock Assist Group Pty Ltd) have entered into a binding Heads of Agreement (HOA) for the sale and purchase of the Vendor's interest in the Forrestania Gold Project., Classic will issue to the Vendor 85,000,000 ordinary Classic Shares, subject to shareholder approval. Immediately post-transaction, the Vendor will transfer 25,000,000 shares to an unrelated 3rd party, bringing the Vendor's total interest in Classic shares to approx. 13.82%. In addition to the share allotment, Classic will grant a royalty on CLZ production (capped at \$5M). Completion of the sale of the project and any regulatory approvals is expected to occur over the next two months. The parties have also agreed to negotiate in good faith the Formal Agreement with a view to executing the sale as soon as possible.

There are no other matters or circumstances that have arisen since the end of the half year which will significantly affect, or may significantly affect, the state of affairs of the reporting entity in future periods.

ABN 77 119 484 016

NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF YEAR ENDED 31 DECEMBER 2016

3. OPERATING SEGMENTS

The company has one operating segment this is consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker has been identified as the Board of Directors.

The Company operates in one operating and geographic segment being mineral exploration, and evaluation in Western Australia for the half-year periods ended 31 December 2016 and 31 December 2015.

9. FINANCIAL INSTRUMENTS

The Company's financial instruments consist of trade and other receivables, trade and other payables and borrowings. These financial instruments are measured at amortised cost, less any provision for non-recovery. The carrying amount of the financial assets and liabilities approximate their fair value.

10. RELATED PARTY TRANSACTIONS

In 2015/16, the Company received the proceeds from a Convertible Note issue of \$1m to Mdvest Pty Ltd, a company related to Marlene Doutch (mother of Justin Doutch). Under the terms of the Convertible Note ("CN") the face value of the CN can be converted into shares at any time during a 12-month period at a price of \$0.03 per share (subject to shareholder approval). During the period this has been extended under the terms and conditions as described in Note 7.

11. CONTINGENT LIABILITIES

The Company intends to hold an Extraordinary General Meeting in the near future. Shareholder Approval will be requested for the ratification of 12,933,333 shares issued to various trade creditors including Samantha Doutch (wife of Justin Doutch) in February 2015. A second resolution seeks approval for 1,000,000 shares issued to Samantha Doutch in June 2015. A third resolution shareholder will be requested to approve the \$1m Convertible Note (refer to note 7) and a fourth resolution will seek shareholder approval for the issue of 26m shares.

If the resolutions above to ratify the prior issue of shares to settle trade creditors including Samantha Doutch are not approved, the Company may be required to cancel the issued shares and recognise a liability of \$175,000.
