Gazelle EL Application 2529 Lodged (Again) with MRA

Frontier Resources Limited (**Frontier**) announces that it has lodged a new EL Application yesterday afternoon for part of the Gazelle Peninsula of East New Britain (including the former Sinivit mine area), with the Papua New Guinea Mineral Resource Authority. The Application is now second in line, after Munga River Ltd a PNG – Mt Hagen registered company lodged behind Frontier last December 16th.

Frontier's 'previous' Gazelle EL Application 2515 was refused granting by the Minister upon the recommendation of the Mining Advisory Council. Landowners had agreed to Frontier, exploration and the EL at the Warden's Court Hearing. In addition, the Company's proposed exploration and Pre-Feasibility Studies /program was comprehensively stated at K1.5million committed per year.

Chairman and Managing Director Peter McNeil said, *"I don't understand why Frontier's initial application was rejected. The entire process took only 4.5 months to complete. I hope the MAC /new Minister will come to a position where they can reconsider the application. I intend to discuss these issues with the Sinivit landowners."*

For additional information please visit the website at www.frontierresources.com.au.

FRONTIER RESOURCES LTD

P.A. McNeil, M.Sc., MAIG
Chairman and Managing Director

Competent Person Statement:

The information in this report that relates to Exploration Results is based on information compiled by Peter A. McNeil - Member of the Aust. Inst. of Geoscientists. Peter McNeil is the Chairman/Managing Director of Frontier Resources, who consults to the Company. Peter McNeil has sufficient experience which is relevant to the type of mineralisation and type of deposit under consideration to qualify as Competent Person as defined in the 2012 Edition of the Australasian Code of Reporting Exploration Results, Mineral Resources and Ore Resources. Peter McNeil consents to the inclusion in the report of the matters based on the information in the form and context in which it appears.
