Swift wins two new contracts in Aged Care and Resources

ASX: SW1

Highlights:

- **Swift wins three-year contract with aged care provider Rosewood Care Group in WA**
 - Rosewood's five-star facility to be the first customer of Swift's new Aged Care content.
 - This capitalises on Swift's acquisition of the Web2TV and Living Networks businesses in the Aged Care sector.
- **Swift wins contract with Pacific Offshore's Arcadia vessel, supporting the commissioning of Shell's Prelude FLNG project in WA**
 - Arcadia's 750 crew to receive entertainment content for the duration of commissioning.

Leading telecommunications and content solutions provider Swift Networks Group Limited (ASX: SW1, "Swift" or "the Company") is pleased to announce it has won a three-year contract with aged care provider Rosewood Care Group in WA.

Swift will provide its Aged Care Entertainment system, including free-to-air TV, movies on demand, Swift Aged Care curated content and My Family and My Community applications to the 120 guests at Rosewood's new five-star aged care facility in Leederville, Perth.

Swift CEO, Xavier Kris, said:

"Rosewood will be the first aged care provider in WA to be able to take advantage of Swift's innovative and unique new applications (My Family and My Community) and Aged Care-specific content library featuring virtual travel, relaxation videos, dementia specific content, music therapy, and classic cinema."

The contract win with Rosewood follows Swift's integration of its recently-acquired Web2TV and Living Networks businesses and its focus on cross-selling its award-winning entertainment and connectivity services to the strong base of loyal customers of the acquired businesses.

Swift has also added to its clients in the resources sector, with Pacific Offshore awarding Swift a contract to provide content to its Arcadia vessel, and its 750 crew members, who are supporting the final stages of commissioning at Shell's Prelude FLNG facility in WA's Browse Basin.

The contract is for a five to twelve-month period, dependent on the commissioning timeframe.

"With Swift already providing its content and connectivity services to the Prelude vessel, this new contract for the Arcadia will mean workers have the best of entertainment available to them regardless of which vessel they are on."

"The Company is focused on accelerating its expansion into the aged care and retirement village sectors to complement its strong position as a trusted telco and content service provider to the resources industry," Mr Kris said.

Rosewood Care Group Contract Scope:

Swift will design, construct and deliver the following systems and services to the Rosewood Care Group:

- Fully customised home screen on each TV screen with simple remote control functionality.
- Swift's aged care specific feature called 'My Family' which allows families to upload pictures and messages directly to their loved one's TV screen, through an easy to use Swift Aged Care mobile application.
- Enhanced aged care facility engagement through Swift's 'My Community' feature which encourages community spirit and allows for community related content to be uploaded to the resident's TV, keeping everyone in touch and informed.
- Swift's aged care content package – a vast video library which has therapy and quality of life at the forefront including seated exercise classes, immersive video experiences, music therapy, armchair or virtual travel, trivia and relaxation content.
- Swift integrated entertainment package including free to air TV and radio stations from around the world.
- Additional aged care facility functionality including noticeboard channels, facility compendiums and individual messaging to TV sets.
