ABT Achieves Record Monthly Revenue

- **\$1.07m revenue in May**
- **Trading revenue up 45 % on prior comparative period**
- **Highest monthly trading revenue result in company's history**

Advanced Braking Technology (ASX: ABV) ('ABT' or 'the Company') is pleased to advise it has recorded an unaudited revenue result of \$1.07m in May. The monthly trading revenue of \$1m was comfortably the best result in ABT's history.

ABT's Managing Director, Graeme Sumner, said May's revenue result was a continuation of what will be a record second half for ABT.

"Full year revenue is up 45% compared to the same 11 months last year and we are still seeing strong demand for our products," Mr Sumner said.

"The development of new international channels over the last two years has helped significantly, with exports contributing 36% of revenues for the year and 41% of revenues in the second half. The company maintains a positive outlook for the future growth of the business."
