VOLUNTARY SUSPENSION UPDATE

On 15 February 2017 Mobilarm Limited voluntarily suspended trading in its shares as a result of the potential for price sensitive information in relation to a proposed transaction that affects Mobilarm becoming known to members of the public prior to the completion of the transaction.

The discussions in relation to the proposed transaction referred to in the initial suspension request continue to be protracted. The directors of the Company do not have direct control over the possible transaction, and as such cannot expedite the timing of the transaction in any way. Accordingly, the Company requests that the current suspension in the trading of its securities continue.

The Directors take the opportunity to advise that the completion of the transaction will in all likelihood entail the Company seeking shareholder approval pursuant to Chapter 11 of the ASX Listing Rules. Further details will be provided to the market at the time the transaction is completed.

Mobilarm is not aware of any reason why the Company's securities should not continue to be suspended.
