Dear Shareholders

SUPPLEMENTARY TARGET'S STATEMENT

This document is a supplementary target's statement given under section 644 and 647 of the *Corporations Act 2001* (Cth) (**Corporations Act**) by EZA Corporation Limited ACN 151 155 734 (**EZA**). It is the first supplementary target's statement (**Supplementary Target's Statement**) issued by EZA in relation to the off-market takeover bid for all the ordinary shares in EZA by Mercantile OFM Pty Ltd (**Mercantile OFM**).

This Supplementary Target's Statement supplements, and should be read together with, EZA's target's statement dated 23 June 2017 (**Target's Statement**).

A copy of this Supplementary Target's Statement has been lodged with ASIC. Neither ASIC nor any of its officers take any responsibility for its contents.

Unless otherwise defined in this Supplementary Target's Statement, capitalised terms in this Supplementary Target's Statement have the same meaning as defined in the Target's Statement. This Supplementary Target's Statement prevails to the extent of any inconsistency with the Target's Statement.

The information regarding Mercantile OFM contained in this Supplementary Target's Statement has been prepared by EZA from publicly available information. None of the information in this document concerning Mercantile OFM has been commented on, or verified by EZA. Accordingly, EZA does not, subject to the Corporations Act, make any representation or warranty, express or implied, as to the accuracy or completeness of such information.

Key points

- EZA has secured an exclusive right to acquire the Challa North and Challa South Gold and Base Metals projects in Western Australia
- The Directors remain of the unanimous view that the Offer undervalues EZA
- Shareholders are encouraged to obtain regular advice from their financial advisor and maintain a vigilant watch for ASX announcements by EZA and Mercantile
- The Directors continue to unanimously recommend that you **REJECT** the Offer

1. EZA executes exclusive right to acquire Challa Gold and Base Metals Projects

Further to the announcement of 3 July 2017, EZA is pleased to advise that it has signed an exclusive right to acquire the Challa North and Challa South gold and base metals projects in Western Australia (**Exclusive Right**). The total project area is in excess of 1,750 km² and lies between Mt Magnet and Sandstone (Figure 1). Ownership of the project area has previously been fragmented and has only recently been consolidated.

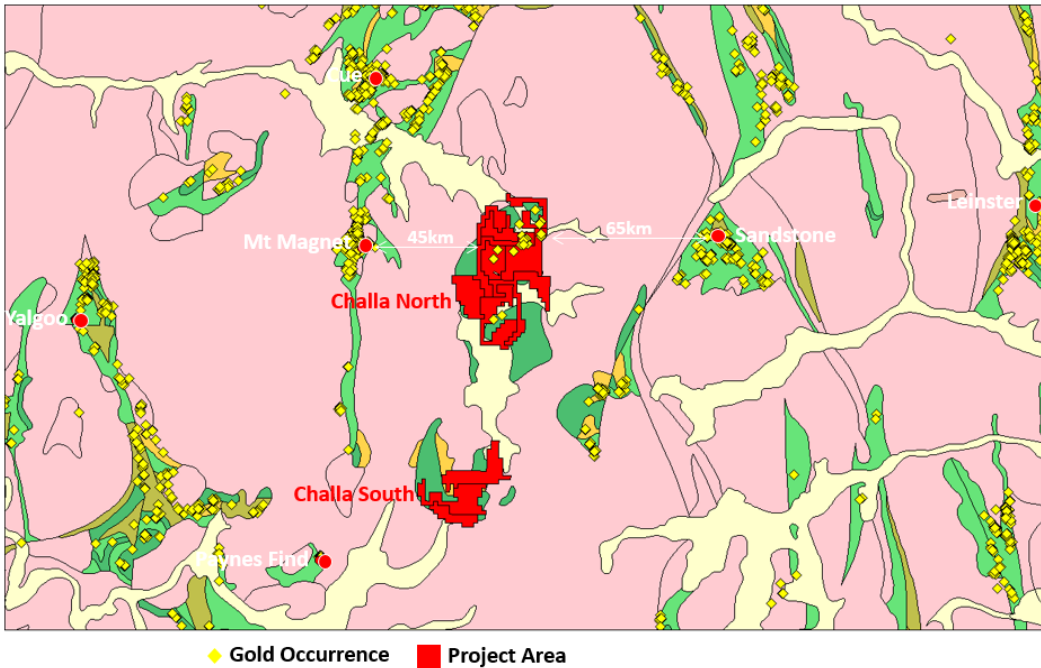

Figure 1

The Challa North area includes over 40 gold occurrences and several gold exploration targets. Historical small-scale prospecting has yielded gold nuggets (up to 9 ounces) and high grade gold (+5g/t) in outcropping quartz veins (Figure 2). Only limited drilling has been conducted in the project area.

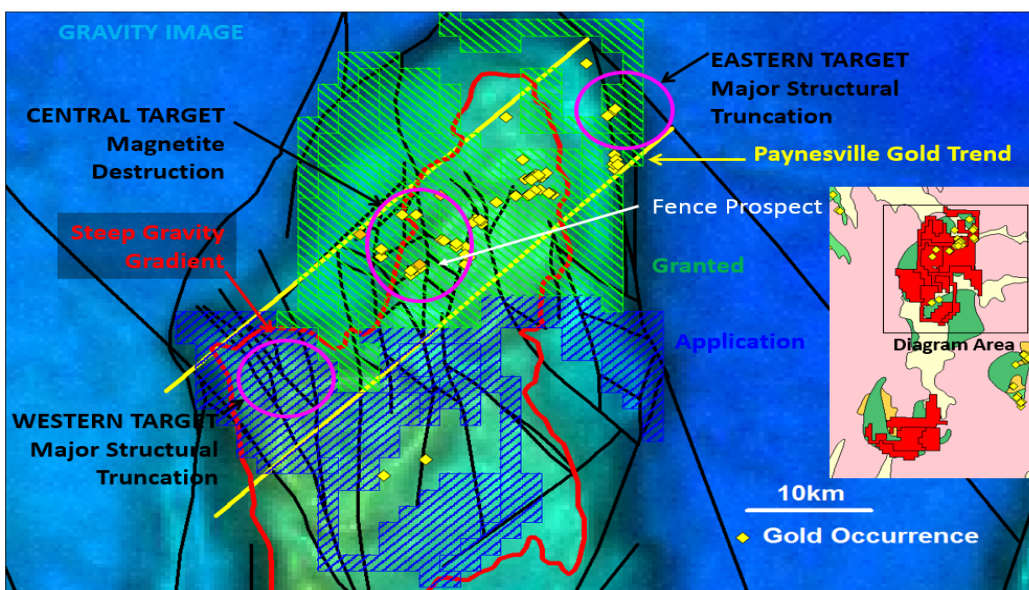

Figure 2

The Challa South area (Figure 3) hosts a magnetic anomaly which is coincident with anomalous Nickel-Copper-Cobalt lag geochemistry and olivine-bearing ultramafic rocks. Subject to further due diligence, this represents a potential near term drill target.

Commercial terms of the acquisition

EZA has signed the Exclusive Right and can acquire 100% of the exploration licences and applications from T.E. Johnston & Associates Pty Ltd, Pegmatite Holdings Pty Ltd, Mr Bruce Legendre, Mr Robert Perring and Corporate & Resource Consultants Pty Ltd (collectively the **Vendor Group**) upon completion of the following steps:

- (a) \$25,000 cash payment, which was paid upon signing for an exclusive due diligence period ending 25 August 2017;
- (b) \$50,000 cash payment at the end of the due diligence period if the Company elects to proceed;
- (c) \$100,000 cash payment, 1,000,000 Shares and 1,000,000 unlisted options (with an expiry date of three years from the date of re-quotations of Shares on ASX and an exercise price of \$0.25) upon re-quotations of Shares on ASX; and
- (d) 0.4% net smelter return payable on future production.

EZA will now conduct further legal and geological due diligence on the projects up until 25 August 2017. Should this process be successful and the Board elect to proceed with the transaction, EZA will pay \$50,000 to the Vendor Group and then begin the process required to resume trading on the ASX. This will involve a Shareholder meeting to approve the remaining consideration, a change to the nature of activities of EZA and any other resolutions necessary to comply with the Listing Rules and the Corporations Act, as well as any other resolutions deemed appropriate by the Board.

Key risks

There is a risk that completion of the acquisition of Challa North and Challa South will not occur, including if one or more of the conditions precedent to the acquisition are not fulfilled or waived. Further, there is a risk that Challa North and Challa South may not meet the requirements of the ASX for re-quotations of Shares on ASX.

If completion of the acquisition of Challa North and Challa South does occur, EZA will be exposed to a number of risks associated with exploration and development, including but not limited to exploration, land access, native title and aboriginal cultural heritage risks, environment risks, commodity price risks and mining law and regulation risks. Please refer to section 8.2(c) of the Target's Statement for further details in relation to the risks associated with exploration and development projects and section 8 of the Target's Statement for risks associated with EZA.

Effect of the Exclusive Right on Offer

The decision to enter into the Exclusive Right was made by your Board after careful consideration of all relevant circumstances, including the fact that the Offer may not proceed because of a breach of an Offer Condition arising from the Exclusive Right. It is open for Mercantile OFM to take the view that the Exclusive Right is a breach of an Offer Condition. This further reduces certainty of the Offer.

Shareholders should be aware that, irrespective of whether completion of the acquisition of Challa North and Challa South actually occurs, there can be no guarantee that:

- (a) Mercantile OFM will not withdraw the Offer; or**
- (b) the Offer will ever become unconditional.**

2. Directors' recommendation

The Directors continue to recommend that you **REJECT** the Offer on the basis that:

- (a) the Offer Price is below the net tangible asset backing per Share of \$0.148 (at 6 July 2017); and
- (b) the Offer Price provides no premium for control relative to the net tangible asset backing per Share.

The Directors' recommendations and intentions are given as at the date of this Supplementary Target's Statement. The Directors reserve the right to change their recommendations should new circumstances arise.

3. Amendments to Target's Statement

First and final Offer

Sections 1.3(e), 3, 5.10 and the Chairman's Letter of the Target's Statement refer to the Offer Price as being 'first and final' such that Mercantile OFM may not increase the Offer Price.

Mercantile OFM may increase its Offer Price in accordance with the Corporations Act. Refer to Section 9 of Appendix A of the Bidder's Statement in this regard. Accordingly, all statements in the Target's Statement to the effect that the Offer Price is first and final such that Mercantile OFM may not increase the Offer Price are withdrawn.

At the date of this Supplementary Target's Statement, the Directors are not aware of any intention of Mercantile OFM to increase the Offer Price.
