

***Jundee power station now producing  
power under PPA***

Zenith Energy Limited (ASX:ZEN) ('Zenith' or the 'Company') is pleased to advise that construction and commissioning of the second stage of the new gas fired power station at the Northern Star Resources Jundee Gold Project has been completed successfully, with the new power station delivering power under the Power Purchasing Agreement (PPA).

The Company has employed the latest Jenbacher 620 Spark Ignition gas generator technology in the new Jundee power station and continues to manage operate and maintain the existing client owned assets at the Jundee Project to maximise value delivery from those assets for Northern Star Resources.

New Jenbacher 620 Spark Ignition gas generator sets installed at the Jundee Project

New cooling and exhaust systems installed at the Jundee Project

Zenith's Managing Director, Hamish Moffat, commented; *"We are very pleased to have a strong ongoing working relationship with Northern Star Resources and very proud to have delivered the second stage of this project. Zenith now looks forward to delivering our innovative, reliable, highly efficient, cost effective power to support the Jundee Project."*
