

GARDEN GULLY VIDEO UPDATE

Thundelarra is pleased to advise shareholders, investors and media that a brief video update on the Garden Gully Gold Project can be viewed on the Thundelarra website.

The video summarises the progress made at Garden Gully since Thundelarra's first exploration drilling programmes got under way in mid-2016.

In that time Thundelarra has drilled 13,721m in 85 reverse circulation holes, together with two diamond tails totalling 788m.

Watch the video by clicking the following link to our website's videos page:
