Overview

Aje Field, Offshore Nigeria

Jacka Resources Limited (Jacka) has an indirect exposure to this investment through a 2.94% shareholding in AIM-listed MX Oil Plc (AIM: MXO), valued at A\$477K as at 30 June 2017.

Bargou Permit, Tunisia

As announced to ASX on 6 July 2016, Jacka resolved to place Jacka Tunisia Bargou Pty Ltd, a single purpose entity with no access to further funding, into creditors' voluntary liquidation. As at 30 June 2017 that liquidation was still being finalized.

Ruhuhu Licence, Tanzania (JKA Group 100% participating interest)

As previously advised, the initial term of the Production Sharing Agreement expired on 19 March 2017 and Jacka is seeking to negotiate an amicable withdrawal from the project.

Odewayne Block, Somaliland (5% buy-in right)

As previously advised, Jacka retains an option to acquire a 5% participating interest in the Odewayne Block. That option can be exercised on the earlier of (1) the proposing of a second well under the Production Sharing Contract (PSC), or (2) the parties entering into the Fifth Period of the PSC.

The Odewayne PSC is currently in its Third Period. However, operations in Somaliland continue to be delayed by security concerns. Operator Genel Energy is working with the Ministry of Energy and Minerals in Somaliland to resume operations as soon as practicable.

Corporate

Jacka continues to rationalise its portfolio of licence interests in light of the current downturn in the oil & gas sector and associated lack of funding to progress its exploration and development activity in the sector.

Following the transaction with MXO announced on 14 July 2015, Jacka was issued 43,380,325 shares in MXO. Jacka's shareholding currently represents a 2.94% interest in MXO. The market value of the MXO shares as at 30 June 2017 was A\$477K.

The Board continues to review investment opportunities to reinvigorate the activity profile of the Company and attract funding support, leading in time to an appreciation in shareholder value.
