MARCH 2017 QUARTER ACTIVITIES REPORT

QUARTERLY ACTIVITIES OVERVIEW

- The Deed of Company Arrangement was effectuated and Voluntary Administration of the Company formally concluded on 12 January 2017
- All mine sites continued on Care and Maintenance for the March quarter
- New senior management team appointed
- 2 year business plan developed with recommencement of mining and processing operations
- Exploration strategy to develop additional base metal resources implemented
- First stage of drilling at the Mt Garnet Deeps target confirms presence of continuous mineralised shoot at depth parallel to existing Mt Garnet ore body

CORPORATE

Mr Blair Pleash and Ms Kathleen Vouris of Hall Chadwick concluded their appointment as joint and several Voluntary Administrators of the Company following effectuation of the Deed of Company Arrangement (DOCA).

The DOCA was jointly proposed by the Company, Snow Peak Mining Pty Ltd (SPM) and Cyan Stone Pty Ltd (Cyan) and was subject to a number of conditions subsequent that required shareholder approval by 23 January 2017. One of the conditions subsequent was the requirement for approval to be sought from the Foreign Investment Review Board (FIRB) due to the foreign ownership structure of Cyan. This approval was received from FIRB on 21 December 2016 (ASX Announcement 17 January 2017).

Due to the requirement by ASX to release the audited financial accounts before the Extraordinary General Meeting can be held, satisfaction of the remaining conditions subsequent could not be met by 23 January 2017. On 6 January 2017, Cyan agreed provide pre-payments of the subscription funds to the Company and to waive the conditions subsequent resulting in the DOCA being "effectuated" from 12 January 2017. A creditors trust was established and is to be applied by the Administrators pursuant to the terms of the DOCA.

The Company will fund its working capital requirements from the pre-payments of the subscription funds agreed to and provided by Cyan. These pre-payments will allow the Company to instigate the restart of mining and processing operations. As advised in the ASX announcement dated 17 January 2017, in the event that shareholders do not approve the issue of shares to Cyan Stone in accordance with the subscription agreement, the total amount that has been prepaid by Cyan Stone will be converted into an interest bearing loan.

As reported in the ASX announcement dated 3 March 2017, the Company entered into an agreement to dispose of the Baal Gammon project acquired from SPM.

During the quarter, the Company's auditors KPMG commenced their audit of the Company's financial statements for the year ended 30 June 2016 and a half year review of the Company's accounts for the half year ended 31 December 2016.

OPERATIONS

As reported in the ASX announcement dated 23 February 2017, the Company has appointed a new senior management team consisting of:

- Operations Manager
- Mining Manager
- Processing Manager
- Geology Manager
- Environment Manager
- Senior Accountant (to be appointed Company Secretary)
- Special Projects Manager

The new senior management team have developed a two-year business model that will result in the reestablishment of mining at the Mt Garnet and Surveyor mines, and recommissioning of the Mt Garnet processing plant.

EXPLORATION

Funds raised from Cyan pursuant to the subscription agreement and provided to the Company as prepayments will be used to establish an exploration budget. The focus of this budget will be the development of base metals resources to provide additional ore reserves for the Company's Mt Garnet processing plant.

The first stage of drilling at the Mt Garnet Deeps target commenced on 7 January 2017 and concluded on 27 March 2017. This drilling resulted in the confirmation of the presence of a continuous mineralised shoot at depth parallel to the existing Mt Garnet ore body.

CARE AND MAINTENANCE SITES

All sites remained on a Care and Maintenance during the quarter. The new senior management team commenced recruitment of additional staff to implement the exploration program and in preparation for recommencement of mining and processing operations following the conclusion of the North Queensland wet season.

SUBSEQUENT TO QUARTER END

Operations

The Company has recommenced operations at the Mt Garnet and Surveyor Mines. Dewatering of the Mt Garnet underground mine has commenced leading to recommencement of mining in July 2017. Refurbishment of the Mt Garnet processing plant has been completed and processing of ore has commenced and is continuing at the date of this report.

A cased dewatering bore was completed at the Dry River South (DRS) project in July 2017 and is being used to dewater the DRS underground mine. The Company commenced operations to establish access to the DRS portal and this is still in progress at the date of this report. When completed this will be immediately followed by refurbishment of the DRS decline with production scheduled to commence later this year.

Exploration

As reported in the ASX announcement dated 10 July 2017, the Company has completed a second stage of drilling at the Mt Garnet Deeps target expanding the envelope of mineralisation identified in the first stage of drilling. The Company is currently assessing the economic potential of the mineralisation identified.

The Company drilled two holes at the Gillian Zinc prospect. Poor drilling conditions prevented the target sulphide zone being reached for these holes, although reasonable grades of oxide zinc were intercepted. The drilling program is targeting conceptual zinc potential located at depth beneath the Gillian Tin Project. Additional drilling at Gillian is underway at the date of this report.

Additional exploration at the Einasleigh Project has commenced and will also continue for the remainder of the year. Drilling has commenced at the Chloe, Jackson and Kaiser Bill prospects.

A 14 room camp has been established at Einasleigh to reduce travel time for the exploration team.

Corporate

As reported in the ASX announcement dated 6 July 2017, Baal Gammon Copper Pty Ltd (BGC) initiated legal action in the Supreme Court of Queensland against Blair Pleash and Kathleen Vouris, (the former Administrators of the Company), the Company, SPM and Cyan seeking orders that the Deed of Company Arrangement be terminated and the Company and SPM be placed into liquidation.

The Company considers BGC's claim to be opportunistic and of doubtful foundation and will defend this action vigorously. Together with SPM and Cyan, the Company has appointed King & Wood Mallesons as solicitors in this action.

KPMG has completed their audit and half year review. The Company's audited financial statements for the year ended 30 June 2016 were lodged with ASX on 18 July 2017 and the December 2016 half-year financial statements were lodged on 17 August 2017.

CASH RESERVES & LOAN FACILITIES

The Company had A\$1,734,023 in cash reserves at the end of the March 2017 quarter.

As advised above, Cyan agreed to provide the Company with pre-payments of the subscription funds to fund the Company's working capital requirements and exploration activities.

Whilst this is not a loan facility, should shareholders not approve the issue of shares to Cyan, the amounts prepaid will be converted into an interest bearing loan.

Pursuant to the Asset Sale Agreement (ASA) with Snow Peak Mining Pty Ltd (SPM), the Group acquired assets and assumed the liabilities of SPM. The assumed liabilities included a \$10m loan from Snow Peak Global Company Limited (SPGC). The loan accrued interest at 10%, expired in October 2016 and \$10.75m (including unpaid interest) remains owing, and due and payable at call at the date of signing of this report. The amount outstanding does not continue to accrue interest.

Pursuant to the ASA, the Company issued 165m convertible notes with a face value of \$16.5m to SPM. The Administrators of SPM redeemed the convertible notes on 28 July 2016 and the convertible notes became a liability that was due and payable immediately from that date. \$16,816,438 is owing, and due and payable at call at the date of signing of this report. The amount outstanding does not continue to accrue interest.

Ming Huang Trading Limited provided the Company with a loan to fund care and maintenance operations during the voluntary administration of the Company. As at the date of signing this report, Ming Huang Trading Limited had provided \$2,723,913. This loan is not interest bearing and is due and payable at call.

Pursuant to a share subscription agreement and prepayment agreement, Cyan Stone Pty Ltd (Cyan) provided the Company with a loan to fund care and maintenance operations during the voluntary administration of the Company, to provide funds for the establishment of a creditors trust pursuant to the Deed of Company Arrangement executed by the Company, SPM and Cyan on 8 December 2016 and effectuated on 12 January 2017, to fund the Company's working capital requirements to recommence mining and processing operations and to fund the Company's exploration activities. As at the date of signing of this report, Cyan has prepaid the Company \$33,213,744. This prepayment is not interest bearing and will be converted into equity subject to shareholder approval. Should shareholder approval be not forthcoming, the prepayment will convert into a secured interest bearing loan, accruing interest at a rate of 10% per annum and will be due and payable immediately.
