# **DIRECTORS' REPORT**

For the year ended 30 June 2017

The Directors present their report together with the consolidated financial statements of the Group comprising of Pilbara Minerals Limited ("Pilbara Minerals or the Company") and its subsidiaries for the financial year ended 30 June 2017 and the auditor's report thereon. The Directors' report and consolidated financial statements are presented in Australian dollars, except where otherwise indicated.

### **DIRECTORS**

The Directors of the Company at any time during or since the end of the financial year are:

Name, qualifications and independence status	Experience, special responsibilities and other directorships
Mr Anthony Kiernan	Mr Anthony (Tony) Kiernan is an experienced public company director and former commercial solicitor who has extensive experience in the management and operation of
Chairman and Independent Non-	listed public companies. Mr Kiernan is a member of the Audit and Risk Committee and the Remuneration and Nomination Committee.
Executive Director	Mr Kiernan is also Chairman of the Fiona Wood Foundation.
Appointed 1 July 2016	<b>Other current directorships:</b> Mr Kiernan is a director of the following entities, which are listed on the Australian Securities Exchange:
	<ul> <li>Chalice Gold Mines Limited (since 2007) – Chairman.</li> <li>Venturex Resources Limited (since 2010) – Chairman.</li> </ul>
	<b>Former directorships in the last three years:</b> BC Iron Limited (2006 to 7 December 2016) and Danakali Limited (2013 to 6 February 2017).
Mr Ken Brinsden BEng (Mining), MAusIMM, MAICD	Mr Brinsden is a mining engineer with over 22 years' experience in surface and underground mining operations. Since graduation from the Western Australian School of Mines, Mr Brinsden has worked for major mining companies including WMC
Chief Executive Officer and Managing Director	Resources Limited, Normandy Mining Ltd, Central Norseman Gold Corporation, Iluka Resources Limited, Gold Fields Limited and more recently Atlas Iron Limited.
Appointed 4 May 2016	Mr Brinsden joined Atlas Iron Limited in May 2006 as Operations Manager and held the roles of Chief Operating Officer and Chief Development Officer before being appointed as its Managing Director in 2012.
	Mr Brinsden was appointed as Chief Executive Officer of the Company in January 2016 and subsequently appointed to the Board as Managing Director effective from 4 May 2016.
	Other current directorships: None.
	<b>Former directorships in the last three years:</b> Atlas Iron Limited (22 February 2012 to 27 April 2016).

Name, qualifications and independence status	Experience, special responsibilities and other directorships
Mr Steve Scudamore FCA, MA (Oxon), FAICD, SF Fin	Mr Steve Scudamore is a Fellow of the Institute of Chartered Accountants, England, Wales and Australia (FCA), a Fellow of the Institute of Company Directors (FAICD) and a Senior Fellow of the Financial Services Institute of Australia (SF Fin).
Independent Non- Executive Director Appointed 18 July 2016	Mr Scudamore's career includes 28 years as a partner at KPMG, where he served as a member of KPMG's Global Energy and Natural Resources Group, KPMG's Australian Corporate Finance Executive and Board, and Chairman of Partners in Western Australia. Mr Scudamore is Chairman of the Audit and Risk Committee and is a member of the Remuneration and Nomination Committee.
	Mr Scudamore is also Chairman of MDA Insurance Pty Ltd, and holds board positions on industry, government and community boards, including as a Trustee of the Western Australian Museum, Chairman of Amana Living Incorporated (formerly Anglican Homes) and a member of Council at Curtin University. Mr Scudamore is also a senior advisor to Lazard Australia.
	<b>Other current directorships:</b> Non-Executive Director of Altona Mining Limited (since 2013) and Non-Executive Director of Australis Oil & Gas (since November 2016).
	<b>Former directorships in the last three years:</b> Aquila Resources Pty Ltd (10 December 2012 to 7 June 2016).
Mr John Young BAppSc (Geology), Grad Dip – Technology Management, MAusIMM Executive Director 4 September 2015 to 31 July 2017 Non-Executive Director	Mr John Young is a geologist having been engaged on exploration and production projects encompassing gold, uranium and specialty metals. From 2002 to 2006, Mr Young was Exploration Manager for Haddington Resources Limited and was responsible for resource exploration and resource definition for their Bald Hill Tantalum mine. Mr Young's corporate experience has included appointments as Chief Executive Officer of Marenica Energy Limited and Chief Executive Officer and Director of Thor Mining PLC. Mr Young has been responsible for exploration and evaluation for both the Pilgangoora and Tabba Tabba projects since their acquisition by the Company.
Appointed 1 August 2017	<b>Other current directorships:</b> Mosman Oil and Gas Limited; Spitfire Materials Limited (from 29 June 2017).
	Former directorships in the last three years: None.
Mr Nicholas Cernotta B. Eng (Mining) Independent Non-Executive Director Appointed 6 February 2017	Mr Nicholas Cernotta has more than 30 years' experience in the mining industry, spanning various commodities and operations in Australia, Africa, South East and Central Asia, Saudi Arabia and Papua New Guinea. He holds a Bachelor of Mining Engineering and has held senior executive roles with extensive operational experience in both the public and private sectors of the mineral resources industry. Previous roles Mr Cernotta has held include Director of Operations at Fortescue Metals Group Ltd, Chief Operating Officer at MacMahon Contracting and Director of Operation at Barrick Gold. Mr Cernotta is a member of the Audit and Risk Committee and is Chairman of the Remuneration and Nomination Committee.  Other current directorships: Non-Executive Chairman of ServTech Global (since October 2016).  Former directorships in the last three years: None
<b>Mr Robert Adamson</b> BSc, MSc (Hons),	Mr Adamson acted in the capacity of Non-Executive Director and was a member of the Audit and Risk Committee and Remuneration and Nomination Committee until his
MAusIMM, CP (Geo), MAIMVA (CMV), MMICA	retirement as a Director on 21 February 2017.  Former directorships in the last three years: None.
Independent Non-Executive Director	
1 July 2010 to 21 February 2017	

Name, qualifications and independence status	Experience, special responsibilities and other directorships				
<b>Mr Neil Biddle</b> BAppSc (Geology), MAusIMM	Mr Neil Biddle is a geologist and Corporate Member of the Australasian Institute of Mining and Metallurgy. He has over 30 years professional and management experience in the exploration and mining industry and since 1987 has served on the Board of				
<b>Executive Director</b>	several ASX listed companies. Mr Biddle was Managing Director of TNG Ltd from 1998				
30 May 2013 to 19 August 2016	to 2007, Border Gold NL from 1994 to 1998, and Consolidated Victorian Mines from 1991 to 1994.				
Non-Executive Director	Other current directorships: Spitfire Materials Limited (from 29 June 2017).				
20 August 2016 to 26 July 2017	<b>Former directorships in the last three years:</b> Arunta Resources Limited (4 April 2013 to 8 April 2015).				

Mr Tony Liebowitz retired as a director effective 1 July 2016.

### **COMPANY SECRETARY**

### Mr Alex Eastwood, B. Economics; LLB

Mr Eastwood was appointed Company Secretary on 1 September 2016 and has more than 20 years' experience as a commercial lawyer, company secretary and corporate finance executive. Mr Eastwood has previously held partnerships with two international law firms, and has extensive experience as an executive director in the corporate finance area. Mr Eastwood has also held a number of senior corporate positions with ASX-listed companies including as General Counsel and Company Secretary with Gryphon Minerals Ltd and General Counsel with Imdex Limited.

Mr Alan Boys, B. Com, CA (resigned 31 August 2016)

Mr Boys was Company Secretary from 23 October 2014 until his date of resignation on 31 August 2016. He acted as an Alternate Director for Mr Biddle from 20 August 2016 until 23 September 2016.

# **DIRECTORS' MEETINGS**

The number of board and committee meetings attended by each Director of the Company during the financial year are:

	Board Meetings		Audit and Risk Committee		Remuneration and Nomination Committee		
Number of Meetings		15		5		3	
Director	Attended	Eligible to attend	Attended	Eligible to attend	Attended	Eligible to attend	
Mr Anthony Kiernan	15	15	5	5	3	3	
Mr Robert Adamson*	10	11	4	5	-	2	
Mr Ken Brinsden	15	15	-	-	-	-	
Mr Neil Biddle**	12	15	-	-	-	-	
Mr John Young	14	15	-	-	-	-	
Mr Steve Scudamore***	14	14	5	5	3	3	
Mr Nicholas Cernotta****	6	6	1	1	1	1	

<sup>\*</sup> Mr Adamson retired as a Non-Executive Director effective 21 February 2017.

Mr Tony Liebowitz retired as a director effective 1 July 2016.

During the year, the Company established a separate Audit and Risk Committee and reconstituted the Remuneration and Nomination Committee. Both committees consist solely of non-executive directors. In the prior year, the full board acted in the capacity of both the Audit and Risk Committee and Remuneration and Nomination Committee.

### PRINCIPAL ACTIVITIES

The principal activities of the Group during the year were the exploration and development of mineral resources, being the Pilgangoora Project. There were no significant changes in the nature of the activities of the Group during the year.

### **Objectives**

The Group's objectives are to:

- develop and mine the world class lithium-tantalum deposit at the 100% owned Pilgangoora Project ("**Project**") located in the Pilbara region of Western Australia;
- continue to conduct exploration activities at the Project to increase the existing JORC resource and reserve;
   and
- consider participation in downstream chemical processing opportunities to leverage the quality of the Project.

In order to meet these objectives, the following targets have been set for the 2018 financial year and beyond:

- target Project commissioning in the third quarter of the 2018 financial year;
- first product on ship in the fourth quarter of the 2018 financial year;
- undertake and complete the Definitive Feasibility Study ("DFS") for the 5 million tonnes per annum ("Mtpa") expansion case; and
- develop partnerships with key lithium chemicals industry groups to assess participation in downstream chemical processing opportunities.

<sup>\*\*</sup> Mr Biddle retired as a Non-Executive Director on 26 July 2017.

<sup>\*\*\*</sup> Mr Scudamore was appointed as a Non-Executive Director on 18 July 2016.

<sup>\*\*\*\*</sup> Mr Cernotta was appointed as a Non-Executive Director on 6 February 2017.

### **OPERATING AND FINANCIAL REVIEW**

# **Review of Operations**

During the year, the Company completed the Pilgangoora Lithium-Tantalum Project DFS which confirmed the technical and financial viability of a standalone 2 Mtpa mining and on-site processing operation. The Company also completed a 4 Mtpa Prefeasibility Study ("**PFS**") to assess the option for a future expansion of the Pilgangoora Project.

In addition, the Company successfully secured funding commitments comprising both debt in the form of a conditional senior secured bond facility (US\$100 million) and equity (\$95 million) to ensure the Pilgangoora Project was fully funded. This led to the final investment decision by the Board in June 2017 to develop the Project.

During the year, the Company announced a substantial increase in proved and probable JORC ore reserves for the Pilgangoora Lithium-Tantalite Project following various drilling programs.

The Company also acquired the Lynas Find Lithium Project from Novo Litio Ltd (formerly Dakota Minerals Limited) (adjoining the Pilgangoora Project) and entered into a farm-out and joint venture with Atlas Iron Limited to acquire an initial 51% interest in the Mount Francisco Lithium-Tantalum Project with the right to undertake exploration and definitive feasibility studies to earn up to an 80% interest.

The Tabba Tabba Tantalum Project site was closed during the year. The remainder of the Tabba Tabba site was rehabilitated during the fourth quarter of the 2017 financial year in accordance with mine closure obligations.

### **Review of Principal Business**

### Pilgangoora Lithium-Tantalum Project

The 100% owned Pilgangoora Lithium-Tantalum Project is 120 kilometres southeast of Port Hedland in Western Australia. Since acquiring Pilgangoora in mid-2014, the Company has made significant progress in identifying and increasing the size of the resource and reserve as well as further developing an understanding of the metallurgy of the deposit.

During the September 2016 quarter, the Company completed the DFS on the Project. The DFS confirmed the technical and financial viability of a 2 Mtpa standalone mining and processing operation over an initial 36-year mine life based on an initial maiden Ore Reserve of 69.8 Mt @ 1.26% Li<sub>2</sub>O, Ta<sub>2</sub>O<sub>5</sub> ppm Ta<sub>2</sub>O<sub>5</sub> and 1.04% Fe<sub>2</sub>O<sub>3</sub>.

Key financial outcomes included:

- Project post-tax NPV<sub>10%</sub> of \$709 million and IRR of 38.1% (DFS Reserve basis);
- Expected payback of approximately 2.7 years;
- Project capital estimate of \$224 million +/-15% (subsequently updated to \$234 million on 12 May 2017);
   and
- Life-of-mine operating cash costs of US\$207/tonne of spodumene concentrate Cost and Freight ("CFR") (excluding royalties and native title costs).

In September 2016, the Company announced the results of a separate PFS for a potential future expanded 4 Mtpa production option for the Pilgangoora Project. The PFS assumed processing capacity at the Pilgangoora Project would be doubled to 4 Mtpa from year three of the Project. Results from the 4 Mtpa PFS returned a Project post-tax NPV<sub>10%</sub> of \$1.17 billion and a post-tax internal rate of return of 46.3%.

During the year ending 30 June 2017, the Company delivered a significant increase in the Ore Reserve estimate for the Pilgangoora Project, further strengthening its ability to increase production beyond the 2 Mtpa Stage 1.

The expanded Ore Reserve of **80.3 Mt @ 1.27% Li<sub>2</sub>O, 123 ppm Ta<sub>2</sub>O<sub>5</sub> and 1.08% Fe<sub>2</sub>O<sub>3</sub>** is based on the upgraded Mineral Resource announced in January 2017 of 156.3 Mt @ 1.25% Li<sub>2</sub>O containing an estimated 1.95 Mt of Li<sub>2</sub>O.

The upgraded Ore Reserve, which represents an approximate 15% increase on the Ore Reserve announced in the previous financial year, incorporates additional drilling completed since the DFS released in September 2016.

Detail of the Ore Reserve announced in June 2017 are shown in the table below:

Category	Tonnage (Mt)	Li <sub>2</sub> O (%)	Ta₂O₅ (ppm)	Fe <sub>2</sub> O <sub>3</sub> (%)	Li <sub>2</sub> O (t)	Ta <sub>2</sub> O <sub>5</sub> (Mlbs)
Proved	17.3	1.30	141	1.03	230,000	5.4
Probable	62.9	1.25	119	1.10	790,000	16.5
Total	80.3	1.27	123	1.08	1,020,000	21.8

Following completion of the DFS, the Company swiftly moved the Project to pre-execution activities ahead of reaching a Final Investment Decision ("**FID**") which included:

- award of the integrated project management consultancy to assist in management and delivery of the Project;
- completion of a competitive ECI (Early Contractor Involvement) process for the selection of the process plant Engineering, Procurement and Construction Contractor;
- award of long lead procurement items for the process plant in continued efforts to maintain the project delivery schedule;
- purchase of an existing 300-man accommodation facility, de-construction and relocation to the Project site;
- securing of mining proposal and all other necessary ground disturbance related approvals;
- · commencement of initial camp construction and establishment of the project site;
- obtained all necessary environmental and regulatory approvals; and
- process plant Front End Engineering and Design activities.

The Board of the Company made a FID on 23 June 2017, paving the way for the continued development of the Project during the 2018 financial year.

### **Tabba Tabba Tantalum Project**

The Tabba Tabba Tantalum Project was officially closed during the reporting year, with site closure activities completed in late June 2017. Formal acceptance from the Department of Mines, Industry Regulation and Safety (formerly Department of Mines and Petroleum) is expected in the first quarter of the 2018 financial year.

Subsequent to the year end, the Company entered into a binding agreement to sell the plant to Tungsten Mining NL.

### **Corporate Review**

During the year, the Company signed a six-year offtake agreement with General Lithium Corporation of China ("General Lithium") to supply 140,000 tpa of 6% chemical-grade spodumene concentrate, subject to certain conditions precedent. General Lithium has the option to extend the offtake agreement for a further four years with committed annual tonnages to be agreed by the parties. In addition to the offtake commitments, General Lithium also agreed to invest \$17.75 million into Pilbara Minerals via an equity placement for 35.5 million fully-paid Pilbara Minerals shares at an issue price of 50 cents per share. Settlement of the equity placement is subject to General Lithium obtaining all relevant regulatory approvals in China by no later than 30 September 2017. Further, the offtake agreement includes a binding commitment with General Lithium to evaluate joint venture opportunities outside of China to establish downstream processing plants for the production of lithium carbonate and/or lithium hydroxide, consistent with Pilbara Minerals' longer-term strategy of producing value-

added materials to enable the Group to potentially move up the lithium value chain in the future, diversifying and enhancing its product offerings. A further 2% equity placement is required to be offered to General Lithium in the event a formal investment decision is made to proceed with the development of a lithium chemicals facility.

The Company also signed a 10-year offtake agreement for 6% chemical grade spodumene with China's largest integrated lithium producer, Ganfeng Lithium and its subsidiary GFL International Co. Limited, subject to certain conditions precedent including the completion of a US\$20 million equity placement to Ganfeng Lithium, which has been completed in June 2017. The agreement is for the supply of 160,000 tpa of 6% chemical grade spodumene concentrate (with agreed specifications) with the ability for Ganfeng Lithium to extend the agreement for a further 10 years through two five-year options. In addition, subject to a decision to develop the expanded 4 Mtpa Stage 2 case at Pilgangoora Project, Pilbara Minerals and Ganfeng Lithium have agreed to enter into an additional offtake agreement to supply Ganfeng Lithium with at least 25% of the expanded Stage 2 production of chemical grade spodumene concentrate and up to 50% of this additional production, contingent on a funding commitment of not less than \$65 million for Stage 2 being provided by Ganfeng Lithium (total of up to 150,000 tpa of Stage 2 expanded production).

On 5 October 2016, the Company entered into an agreement with Novo Litio Ltd to acquire the Lynas Find Lithium Project which adjoins the Pilgangoora Project. The terms of the acquisition included a \$5 million payment for the acquisition of the core tenements, with further payments of \$750,000 each for four additional exploration tenements to be made to Novo Litio Ltd upon transfer of tenements to Pilbara Minerals. This acquisition has now been completed.

On 25 October 2016, the Company agreed to issue 104,166,167 shares to Mineral Resources Limited at an issue price of 48 cents per share (representing a total value of \$50 million), in exchange for the Company acquiring the 2.5% net smelter royalty in relation to the Pilgangoora Project and the permanent extinguishment of a right of first refusal to purchase lithium products produced from the Project.

During the March 2017 quarter, the Company entered into a binding farm-out and joint venture agreement with Atlas Iron Limited to acquire an initial 51% interest in the Mt Francisco Lithium-Tantalum Project for \$2.3 million. Pilbara Minerals may spend a further \$1 million on exploration in the first 12 months to increase its interest in the project to 70%, following which the Company may earn an additional 10% upon completion of a definitive feasibility study and decision to mine. The Mt Francisco tenement is located 50 kilometres southwest of the Company's flagship Pilgangoora Lithium-Tantalum Project, and hosts the last remaining large occurrence of outcropping pegmatites located in close proximity to Port Hedland.

During June and July 2017, the Company undertook an equity raising and bond issue to complete the funding required to develop the Project.

On 21 June 2017, the Company confirmed settlement of a US\$100 million senior secured bond, with drawdown subject to customary closing conditions including security documentation with the bond trustee and 3<sup>rd</sup> party consents to create security interests. The bond has a coupon rate of 12%, is to be repaid by June 2022 and requires the net proceeds from the issue to be applied towards capital and development costs associated with the Pilgangoora Project.

On 15 June 2017, the Company launched a \$95 million equity raising at an issue price of 35 cents per ordinary share by way of:

- **Tranche 1 Placement** component issue of 189.9 million ordinary shares to raise \$66.5 million. This component of the raising was settled on 26 June 2017.
- **Tranche 2 Placement** component issue of 38.7 million ordinary shares to raise \$13.5 million. Following shareholder approval, this component of the raising settled on 2 August 2017.
- **Share Purchase Plan** component issue of 42.9 million ordinary shares to raise approximately \$15 million. This component settled on 2 August 2017.

### **Review of Financial Conditions**

The consolidated loss for the year ended 30 June 2017 was \$25.95 million (2016 loss: \$55.61 million). Excluding the following non-cash items, the consolidated entity achieved an unaudited operating loss of \$13.39 million (2016 loss: \$15.90 million):

- Non-cash share-based payment expenses of \$12.42 million following the issue of options to directors, employees, consultants, service providers and convertible noteholders to preserve cash (2016: \$26.56 million); and
- Non-cash depreciation charges related to corporate assets \$0.09 million (2016: \$0.05 million); and
- Other non-cash items of \$0.05 million (2016: \$13.10 million).

The operating loss of \$13.39 million includes exploration, evaluation and feasibility costs expensed of \$9.74 million (2016: \$10.56 million) associated mainly with the Pilgangoora Project.

### **Share Placements and Issues**

During the financial year, the Company issued the following capital before costs:

Date	Number of shares	Price per share (\$)	Amount issued (\$'000)
2 November 2016	104,166,667	\$0.48	50,000
27 June 2017	189,900,000	\$0.35	66,465

### **Options Issued**

During the financial year, the Company granted the following options:

Option	Grant date	Exercise price	Expiry date	Vested	Options unexercised at 30 June 2017
4,000,000	08/08/2016	\$0.63	08/09/2019	1,333,333ª	4,000,000
3,000,000	16/08/2016	\$0.63	08/09/2019	1,000,000 a	3,000,000
500,000	19/09/2016	\$0.55	17/11/2019	_b	500,000
500,000	07/11/2016	\$0.55	07/11/2019	_b	500,000
10,000,000	24/11/2016	\$0.63	12/12/2019	3,333,333 <sup>c</sup>	10,000,000

<sup>&</sup>lt;sup>a</sup> The vesting conditions attached to these unlisted options were:

- 33.33% vest upon the delivery of a final DFS for the Pilgangoora Project to a standard acceptable to the Board;
- 33.33% vest upon the funding required to develop the Pilgangoora Project being raised or procured based on parameters acceptable to the Board and a "decision to mine" being made by the Board in respect of the Pilgangoora Project; \*
- 33.33% vest upon the Pilgangoora Project mine development and plant construction being largely complete (both for civil works and mine establishment) and the process plant having achieved a nominal 85% of its design throughput capacity during production runs, at a saleable product specification; and
- A continuing employment service condition at the time each milestone is achieved.

- 50% vest upon the funding required to develop the Pilgangoora Project being raised or procured based on parameters acceptable to the Board and a "decision to mine" being made by the Board in respect of the Pilgangoora Project;
- 50% vest upon the Pilgangoora Project mine development and plant construction being largely complete (both for civil works and mine establishment) and the process plant having achieved a nominal 85% of its design throughput capacity during production runs, at a saleable product specification; \* and
- A continuing employment service condition at the time each milestone is achieved.
- <sup>c</sup> The vesting conditions attached to these unlisted options were:
  - 33.33% vest on the date of shareholder approval of the option grant;
  - 33.33% vest 12 months after the grant date;
  - 33.33% vest 24 months after the grant date;
  - A continuing employment service condition at the time each milestone is achieved.
  - \* These options are expected to vest upon satisfaction of the pre-disbursement conditions precedent associated with the US\$D secured bond facility.

During the year, a total of \$1.95 million was raised following the exercise of 24,420,832 unlisted options.

<sup>&</sup>lt;sup>b</sup> The vesting conditions attached to these unlisted options were:

### **Significant Changes in the State of Affairs**

In the opinion of the Directors there were no significant changes in the state of affairs of the Group that occurred during the financial year under review, except as already noted in this Directors' Report.

### **DIVIDENDS**

The Directors recommend that no dividend be declared or paid.

### **EVENTS SUBSEQUENT TO REPORTING DATE**

At the Company's general meeting on 26 July 2017, shareholders approved Tranche 2 of the share placement as detailed in the Company's ASX announcements on 15 June and 19 June 2017 (38,671,430 shares at an issue price of 35 cents per share). On 2 August 2017, the Company received proceeds of \$13,535,000 for Tranche 2 of the share placement and \$15,322,038 associated with the Company's the Share Purchase Plan (43,777,251 shares at 35 cents per share). Associated transaction costs of \$1,032,000 were paid on settlement.

On 21 July 2017, the Company agreed to sell the processing plant assets associated with the Tabba Tabba Tantalum Project to Tungsten Mining NL. The carrying value of the Tabba Tabba processing plant assets at 30 June 2017 was \$370,000. Consideration for the sale includes \$300,000 in cash and \$300,000 in shares of Tungsten Mining NL.

On 15 August 2017, the Company completed settlement of the Novo Litio (formerly Dakota Minerals Limited) Lynas Find tenement acquisition following the grant and transfer of the four remaining tenements to Pilbara Minerals. Total consideration of \$3 million was paid via the issue of 7,577,671 ordinary fully shares in the Company at a share price of 39.59 cents.

### LIKELY DEVELOPMENTS

The Group will continue with development and construction of the Pilgangoora Lithium-Tantalum Project with a view to commissioning in the third quarter of the 2018 financial year.

### **ENVIRONMENTAL REGULATION**

The Group's operations are subject to significant environmental regulation under both Commonwealth and State legislation in Australia in relation to its mining, development and exploration activities. The Group is committed to achieving a high standard of environmental performance. Compliance with the requirements of environmental regulations and with specific requirements of site environmental licences was substantially achieved across all operations with no known instance of non-compliance noted. Based on the results of enquiries made, the Directors are not aware of any significant breaches during the period covered by this report.

### **INTERESTS**

The relevant interest of each Director in the shares, rights or options over such instruments issued by the companies within the Group and other related bodies corporate, as notified by the Directors to the ASX in accordance with S205G(1) of the *Corporations Act 2001*, at the date of this report is as follows:

Director	Pilbara Minerals Limited			
Director	Ordinary shares	Options over ordinary shares		
Mr Ken Brinsden	869,565	15,000,000 <sup>(i)</sup>		
Mr Anthony Kiernan	287,858	8,000,000 <sup>(ii)</sup>		
Mr Steve Scudamore	142,850	2,000,000 <sup>(ii)</sup>		
Mr John Young	18,701,213	5,000,000		
Mr Nicholas Cernotta	228,570	-		

<sup>&</sup>lt;sup>(i)</sup> Vesting conditions attached to these options are set out in footnote (a) to the "Options Issued" section above.

<sup>(</sup>ii) Vesting conditions attached to these options are set out in footnote (c) to the "Options Issued" section above.

### **SHARE OPTIONS**

At the date of this report, unissued shares of the Group under option are:

Expiry date	Exercise price	Number of options
1 December 2017	\$0.15	1,427,273
16 May 2018	\$0.40	37,500,000
16 May 2018 *	\$0.40	800,000
16 May 2018	\$0.65	7,000,000
16 May 2019 <sup>a</sup>	\$0.40	30,500,000
8 September 2019 <sup>a</sup>	\$0.63	13,000,000
7 November 2019 <sup>b</sup>	\$0.55	500,000
17 November 2019 <sup>b</sup>	\$0.55	500,000
12 December 2019 <sup>c</sup>	\$0.63	10,000,000

<sup>\*</sup> The vesting conditions attached to this set of options were employees providing six months of continuous services to the Company.

Unless stated, there are no other vesting conditions on options on issue.

### INDEMNIFICATION OF OFFICERS AND AUDITORS

The Company has agreed to indemnify the following current and past directors and officers of the Company and its controlled entities against all liabilities to another person (other than the Company or a related body corporate) that may arise from their position as directors of the Company and its controlled entities, except where the liability arises out of conduct involving a lack of good faith. The agreement stipulates that the Company will meet the full amount of any such liabilities, including costs and expenses.

The Company has not, during or since the financial period, indemnified or agreed to indemnify the auditor of the Company against a liability incurred as an auditor.

### **INSURANCE PREMIUMS**

Since the end of the previous financial year, the Company has paid insurance premiums in respect of directors' and officers' liability and legal expenses insurance contracts for current and former directors, officers, and senior executives of the Company and its controlled entities. The contract of insurance prohibits disclosure of the nature of the liability and the amount of the premium.

### **NON-AUDIT SERVICES**

KPMG held the position of interim auditor of the Group from 10 June 2016 following the resignation of Somes Cook. Their appointment was confirmed at the Annual General Meeting held on 24 November 2016.

KPMG provided non-audit services of \$7,455 in the financial year ended 30 June 2017. The Directors are satisfied that the provision of non-audit services is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. The Directors are satisfied that the provision of non-audit services did not compromise the auditor independence requirements of the *Corporations Act 2001* because none of the services undermine the general principles relating to auditor independence as set out in APES 110 Code of Ethics for Professional Accountants.

### LEAD AUDITOR'S INDEPENDENCE DECLARATION

The Lead Auditor's Independence Declaration is set out on page 23 and forms part of the Directors' Report for the financial year ended 30 June 2017.

<sup>&</sup>lt;sup>a</sup> Vesting conditions attached to these options are set out in footnote (a) to the "Options Issued" section above.

<sup>&</sup>lt;sup>b</sup> Vesting conditions attached to these options are set out in footnote (b) to the "Options Issued" section above.

<sup>&</sup>lt;sup>c</sup> Vesting conditions attached to these options are set out in footnote (c) to the "Options Issued" section above.

### **ROUNDING OF AMOUNTS**

The Group is of a kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191 and in accordance with the Instrument, amounts in the consolidated financial statements and the Directors' Report have been rounded off to the nearest thousand dollars, unless otherwise stated.

### **REMUNERATION REPORT – AUDITED**

This Remuneration Report for the year ended 30 June 2017 outlines the director and executive remuneration arrangements of the Group in accordance with the requirements of the *Corporations Act 2001 (Cth)* ("**Act**") and its regulations. The Remuneration Report details the remuneration arrangements for Key Management Personnel ("**KMP**") who are defined as those persons having authority and responsibility for planning, directing and controlling the major activities of the Group, directly or indirectly, including any director (whether executive or otherwise).

### **Principles of Compensation – audited**

The nature and amount of remuneration for an executive and non-executive director depends on the nature of the role and market rates for the position, which are determined with the assistance of external advisors (where necessary), surveys and reports, taking into account the experience and qualifications of each individual. During the year ended 30 June 2017, the Group did not use any external advisors. The Board ensures that the remuneration paid to KMP is relevant to market conditions and practices, demonstrating a correlation to KMP performance and creation of value for shareholders and balances the commercial interest of not paying excessive remuneration. Fees and payments to the Non-Executive Directors reflect the demands made, and the responsibilities placed on the Non-Executive Directors. Non-executive director fees and payments are reviewed annually by the Board.

The following were KMP of the Group during the financial year and unless otherwise indicated were KMP for the entire financial year:

Non-Executive Directors	Executive Directors	Executives
Mr Anthony Kiernan <sup>1</sup>	Mr Ken Brinsden	Mr Brian Lynn
Mr Tony Leibowitz <sup>2</sup>		Mr Alex Eastwood <sup>8</sup>
Mr Robert Adamson <sup>3</sup>		Mr Alan Boys <sup>9</sup>
Mr Neil Biddle <sup>4</sup>		
Mr Nicholas Cernotta <sup>5</sup>		
Mr Steve Scudamore <sup>6</sup>		
Mr John Young <sup>7</sup>		

- <sup>1</sup> Mr Kiernan was appointed as Chairman of the Board on 1 July 2016.
- <sup>2</sup> Mr Leibowitz resigned as Chairman of the Board on 1 July 2016.
- <sup>3</sup> Mr Adamson resigned as a Non-Executive Director on 21 February 2017.
- <sup>4</sup> Mr Biddle resigned as an Executive Director on 19 August 2016 and was appointed as Non-Executive Director on 20 August 2016. He resigned as Non-Executive Director on 26 July 2017.
- <sup>5</sup> Mr Cernotta was appointed as a Non-Executive Director on 6 February 2017.
- <sup>6</sup> Mr Scudamore was appointed as a Non-Executive Director on 18 July 2016.
- <sup>7</sup> Mr Young resigned as an Executive Director on 31 July 2017, but continues as a Non-Executive Director.
- <sup>8</sup> Mr Eastwood was appointed as Company Secretary on 1 September 2016.
- <sup>9</sup> Mr Boys acted as Company Secretary until 31 August 2016 and acted in the capacity of Alternate Director from the 20 August 2016 to 23 September 2016.

The objective of the Company's remuneration strategy is to ensure reward for performance is competitive and appropriate for the results delivered. The remuneration framework aligns executive reward with the achievement of short term and long term strategic objectives and the creation of value for longer term shareholder return. The Board ensures that the executive reward framework satisfies the following key criteria in line with appropriate corporate governance practices:

- Attract, retain and motivate key executives at important stages of the Company's development linked to strategy and performance;
- Reward executives against pre-determined performance goals/targets to achieve successful project development;
- Ensure effective benchmarking for total annual remuneration in accordance with market practices and clearly defined peer groups of similar companies to ensure remuneration is fair and competitive;
- Align executive interests with those of the Company's shareholders; and
- Comply with applicable legal requirements and appropriate standards of governance.

The Company has structured an executive remuneration framework that is market competitive and complementary to the reward strategy for the organisation. Executive remuneration packages may comprise a mix of the following:

- **Fixed remuneration** comprising base salary and employer superannuation contributions. Salaries are reviewed on an annual basis to ensure competitive remuneration is paid to executives with reference to their role, responsibility, experience and performance. Salaries are reviewed on an annual basis and are based on external surveys and reports that provide market rates.
- **Short-term incentives** ("**STIs**") comprising cash bonuses. The STIs are structured to provide remuneration for the achievement of individual and Company shorter term performance targets linked to the Company's strategic objectives.
- **Long-term incentives** ("**LTIs**") may comprise cash bonuses and/or participation in equity based schemes. The LTIs provide remuneration for the achievement of corporate objectives linked to the long-term growth of the Company.

The STIs and LTIs are all at risk.

For the year ended 30 June 2017, no STIs were made available under the Executive Remuneration Framework.

During the year, the Company achieved the significant milestones of completion of the definitive feasibility study and project funding. In prior years, the Company preserved cash for its successful exploration activities by granting unlisted options over ordinary shares to Executives as part of an Employee Share Option Plan. The vesting of these options issued under the plan are subject to the milestone achievements of:

- Delivery of the DFS for the Pilgangoora Project (achieved in September 2016);
- Project funding acceptable to the Board with a commensurate "decision to mine" in respect of the Pilgangoora Project (achieved in June 2017, subject to satisfying pre-disbursement conditions precedent to the drawdown of US\$D bond funds); and
- Completion of mine development and construction at Pilgangoora with the process plant achieving 85% design throughput at a saleable product specification.

During the year, 14,000,000 unlisted options over ordinary shares in the Company were granted to directors and KMP including 10,000,000 unlisted options over ordinary shares being issued to Directors following receipt of shareholder approval in November 2016.

Of the 10,000,000 unlisted options noted above, 8,000,000 were issued to Mr Kiernan (Non-Executive Chairman) and 2,000,000 were granted to Mr Scudamore (Non-Executive Director) both with service-related vesting conditions.

With the final milestone for the options issued under the Employee Share Option Plan targeted to be achieved by the fourth quarter of the 2018 financial year, the Directors have adopted a new remuneration policy and formulated a framework which is more appropriate for the Company's transition from development to a mining operation, to align a reward structure with strategic objectives that have a longer term focus consistent with a developing company and reflective of best practice in the market place. It is expected that the proposed framework will be implemented early in the 2018 financial year. This remuneration framework encompasses

both at risk short term (STI) and long term (LTI) incentive components with established performance hurdles and measures required to be achieved.

The new remuneration framework is formulated to attract and retain key executives at a vital stage in the Company's development and to ensure that all executive remuneration is directly and transparently linked with strategy and performance. The STIs and LTIs will be aligned with the achievement of the Company's short-term and long-term strategic objectives and longer-term shareholder return. Other key objectives of the new remuneration framework include:

- The establishment of performance goals and rewarding performance for successful project development in a way that is sustainable including health and safety, environment and community;
- Ensuring all equity based instruments issued to executives are performance based in accordance with recommended corporate governance practices;
- Ensuring effective benchmarking of total annual remuneration for executives. In this regard, the Company may seek external advice on market practices for a clearly defined peer group of similar companies to ensure remuneration is fair, competitive and responsible including the appropriate balance of fixed remuneration and performance based remuneration;
- Rewarding individual and group objectives thus promoting a balance of individual performance and teamwork across the executive management team;
- · Preserving cash where necessary for exploration and project development;
- Encouraging new appointments to the Board to improve diversity; and
- Promoting independence and impartial decision making across the non-executive directors.

### a) Assessing Performance and Clawback of Remuneration

The Board is responsible for assessing performance against key performance indicators and determining the STI and LTI components to be paid based upon reports from management, market conditions and Company performance.

In the event of serious misconduct or a material misstatement in the Company's financial statements, the Board may in its discretion cancel or defer performance-based remuneration and may also clawback performance-based remuneration paid in previous financial years.

### b) Consequences of Performance on Shareholder Wealth

Executive remuneration is aimed at aligning the strategic and business objectives with the creation of shareholder wealth. The table below shows measures of the Group's financial performance over the last five years as required by the *Corporations Act 2001*. However, these are not necessarily consistent with the measures used in determining the variable amounts of remuneration to be awarded to KMP. As a consequence, there may not always be a direct correlation between the statutory key performance measures and the variable remuneration awarded.

	2017	2016	2015	2014	2013
Profit/(loss) for the year attributable to owners of Pilbara Minerals Limited (\$'000)	(25,954)	(55,607)	(6,620)*	(3,187)	(1,156)
Basic earnings/(loss) per share (cents)	(2.11)	(6.76)	(1.12)*	(1.15)	(1.63)
Dividend payments (\$'000)	-	-	-	-	-
Share price	\$0.38	\$0.62	\$0.11	\$0.02	\$0.01
Increase/(decrease) in share price (%)	(38.7)	463.6	452.6	58.3	(14.3)

<sup>\*</sup> Restated for the change in exploration and evaluation accounting policy.

### c) Service Contracts

The remuneration and other terms of employment for the Managing Director and other KMP during the period are formalised in employment agreements, which are set out below.

	K Brinsden <sup>1</sup> (Managing Director/ Chief Executive Officer)	B Lynn <sup>2</sup> (Chief Financial Officer)	A Eastwood <sup>3</sup> (Company Secretary & General Counsel)
Total fixed remuneration per annum inclusive of superannuation	\$350,000	\$240,000	\$292,604
Resignation notice	16 weeks	16 weeks	12 weeks
Termination notice for cause	None	None	None
Termination notice without cause	12 months	12 months	6 months
Termination in case of illness or injury or incapacity	Greater of 1 month or NES	Greater of 1 month or NES	Greater of 1 month or NES
Redundancy*	NES	NES	NES

<sup>&</sup>lt;sup>1</sup> Mr Brinsden – employment agreement commenced 2 December 2015 as Chief Executive Officer. Mr Brinsden was appointed Managing Director on 4 May 2016.

During the year, Mr Young was employed as Executive Director under an employment agreement with a remunerated salary of \$260,000 per annum exclusive of superannuation. The agreement specifies duties and obligations to be fulfilled and provides for an annual review of base remuneration taking into account performance. On 31 July 2017, Mr Young resigned as an Executive Director and became a Non-Executive Director of the Company at which point the service agreement was terminated.

Remuneration for the Managing Director and other KMP is at the date of the Report being reviewed as part of the Company's new remuneration framework to be implemented in FY18.

### d) Non-Executive

The maximum annual aggregate directors' fee pool limit is \$750,000 and was approved by shareholders at the annual general meeting on 24 November 2016.

	From 1 July 2016	18 July 2016
Base fees (annual)		
Non-Executive Chairman	130,000	-
Other Non-Executive Directors	-	70,000
Committee Fees (annual)		
Non-Executive Chairman	-	-
Other Non-Executive Directors	-	5,000

Fees are reviewed annually by the Board taking into account comparable roles and market data. The Board reviewed the Chairman's fee on the appointment of Mr Kiernan as Chairman and Non-Executive Director with effect from 1 July 2016 and the Non-Executive Director fees on the appointment of Mr Scudamore effective from 18 July 2016.

### e) Executive Remuneration Framework and Performance Pay Outcomes

The Group's executive KMP total remuneration structure provides for:

- Fixed remuneration;
- Short-term, performance linked equity remuneration (STI); and
- Long-term, performance linked equity remuneration (LTI).

During the period, the Managing Director and Chief Executive Officer received 10.6% of his remuneration as fixed and 89.4% of his remuneration as LTI. The Chief Financial Officer received 14.1% of his remuneration as fixed and 85.9% of his remuneration as LTI. The Company Secretary and General Counsel received 23.3% of his remuneration as fixed, and 76.7% of his remuneration as LTI.

For the year ended 30 June 2017, no STIs were made available under the executive remuneration framework.

<sup>&</sup>lt;sup>2</sup> Mr Lynn – employment agreement commenced 22 June 2016.

<sup>&</sup>lt;sup>3</sup> Mr Eastwood – employment agreement commenced 8 August 2016.

<sup>\*</sup> Any payment made to the Executive in lieu of notice is set off against National Employment Standards (NES).

### Directors' and Executive Officers' Remuneration – audited

Details of the remuneration of the Directors and the KMP of the Group are set out in the following tables.

		Short	term	Post-employment benefits		ed payments

<sup>&</sup>lt;sup>1</sup> Mr Leibowitz retired as Chairman of the Board and Non-Executive Director on 1 July 2016.

 $<sup>^{\</sup>rm 2}~$  Mr Adamson resigned as Non-Executive Director on 21 February 2017.

<sup>&</sup>lt;sup>3</sup> Mr Kiernan was appointed as Chairman of the Board and Non-Executive Director on 1 July 2016. The options were granted on 24 November 2016 when the share price was 54 cents. The exercise price of the options is 63 cents and the valuation\* per option is 33.98 cents.

<sup>&</sup>lt;sup>4</sup> Mr Scudamore was appointed as Non-Executive Director on 18 July 2016. The options were granted on 24 November 2016 when the share price was 54 cents. The exercise price of the options is 63 cents and the valuation\* per option is 33.98 cents.

<sup>&</sup>lt;sup>5</sup> Mr Biddle resigned as Executive Director on 19 August 2016 and was appointed a Non-Executive Director effective 20 August 2016 until his resignation on 26 July 2017.

<sup>&</sup>lt;sup>6</sup> Mr Young resigned as an Executive Director on 31 July 2017 and was appointed a Non-Executive Director on 1 August 2017.

<sup>&</sup>lt;sup>7</sup> Mr Cernotta was appointed a Non-Executive Director on 6 February 2017.

<sup>&</sup>lt;sup>8</sup> Mr Boys acted as Company Secretary until 31 August 2016 and was appointed as Alternate Director from 20 August 2016 until 23 September 2016.

<sup>&</sup>lt;sup>9</sup> Mr Eastwood was appointed Company Secretary on 1 September 2016. The options were granted on 8 August 2016 when the share price was 54 cents. The exercise price of the options is 63 cents and the valuation\* per option is 26.99 cents.

<sup>\*</sup>The Black Scholes option valuation methodology was used to value the options.

### Directors' and Executive Officers' Remuneration – unaudited

The statutory remuneration disclosures detailed above for the year ended 30 June 2017 were significantly impacted by non-cash values ascribed to unlisted share options issued to directors and KMP, in accordance with Australian Accounting Standards.

To comply with Australian Accounting Standards, the unlisted share options issued during the year were valued at the date of grant using the Black Scholes valuation methodology (refer below). These valuations were significantly impacted by the high volatility of the Company's share price in the 16 months leading up to the option grant date. High volatility increases the fair value of options when the Black Scholes valuation methodology is applied. The exercise price of the options issued to directors during the year ended 30 June 2017 was based on the Volume Weighted Average Share Price ("VWAP") for the quarter ending 30 June 2016 of 63 cents representing a 36.1% premium to the closing share price on the date the Board approved the option grant, subject to shareholder approval. The options were actually issued to Directors following shareholder approval on 24 November 2016 when the share price was 54 cents.

Set out below are non-statutory details of the Directors and KMP remuneration for the year ended 30 June 2017, whereby the non-cash values ascribed to share options (to comply with Australian Accounting Standards) have been replaced with the market value of the share options at the time the Directors approved their issue, to arrive at an Adjusted Remuneration Total.

Director/KMP	Total statutory remuneration	LESS: Non-cash accounting value of share options	ADD: Market value of share options on approval by Directors	Unaudited adjusted remuneration total
Robert Adamson	40,000	-	-	40,000
Ken Brinsden	3,311,596	(2,961,590)	-	350,006
Neil Biddle	123,791	-	-	123,791
John Young	210,304	-	-	210,304
Alan Boys	38,000	-	-	38,000
Brian Lynn	1,723,472	(1,481,228)	-	242,244
Anthony Kiernan	1,785,065	(1,655,064)	-	130,001
Steve Scudamore	485,401	(413,766)	-	71,635
Nicholas Cernotta	30,134	-	-	30,134
Alex Eastwood	1,133,962	(869,563)	-	264,399
Total	8,881,725	(7,381,211)	-	1,500,514

The market value of share options above was calculated as the difference between the Company's share price on the date the Director's approved the issue of the share options and the exercise price of the options. Where the Company's share price was below the exercise price, a nil market value was assigned to an option.

This table demonstrates that the Directors and KMP will benefit when the Company's share price exceeds the exercise price of the options issued, which aligns the interests of the Directors and KMP with those of the Company's shareholders. The realised value of options exercised by Directors and KMP during the year is set out in the table titled "Analysis of Movements in Equity Instruments – Audited" contained within the Remuneration Report.

# **Equity Instruments – audited**

All options refer to unlisted options over ordinary shares in Pilbara Minerals, which are exercisable on a one-for-one basis under the Employee Share Option Plan which was approved by shareholders on 18 April 2016 and 25 January 2017.

All options issued as compensation to directors and KMPs are non-cash in nature. They are valued using the Black Scholes option valuation methodology which calculates an implied value for each option based on the Company's share price volatility, the risk free rate of return, the life of the option, the Company's share price at the grant date and the option exercise price.

# Options over Equity Instruments granted as Compensation Instruments – audited

Details on unlisted options over ordinary shares in the Company that were granted as compensation to each KMP during the reporting period and details on unlisted options that vested during the reporting period are as follows:

	No. of options granted during 2017	Grant date	Fair value per option at grant date	Exercise price per option	Expiry date	No. of options vested during 2017
	2017		grant date	option		2017
Anthony Kiernan	8,000,000*	24/11/2016	\$0.3398	\$0.63	12/12/2019	2,666,666
Steve Scudamore	2,000,000*	24/11/2016	\$0.3398	\$0.63	12/12/2019	666,666
Ken Brinsden	-	18/04/2016	\$0.3815	\$0.40	16/05/2019	5,000,000**
Alex Eastwood	4,000,000**	08/08/2016	\$0.2699	\$0.63	08/09/2019	1,333,333
Brian Lynn	-	22/06/2016	\$0.3151	\$0.63	08/09/2019	2,000,000**

<sup>\*</sup> The vesting conditions attached to these unlisted options were:

- 33.33% vest on the date of shareholder approval of the option grant;
- 33.33% vest 12 months after the grant date;
- 33.33% vest 24 months after the grant date; and
- A continuing employment service condition at the time each milestone is achieved.

- 33.33% vest upon the delivery of a final DFS for the Pilgangoora Project to a standard acceptable to the Board;
- 33.33% vest upon the funding required to develop the Pilgangoora Project being raised or procured based on parameters
  acceptable to the Board and a "decision to mine" being made by the Board in respect of the Pilgangoora Project;
- 33.33% vest upon the Pilgangoora Project mine development and plant construction being largely complete (both for civil works and mine establishment) and the process plant having achieved a nominal 85% of its design throughput capacity during production runs, at a saleable product specification; and
- A continuing employment service condition at the time each milestone is achieved.

# Exercise of Options granted as Compensation Instruments – audited

During the reporting period, the following ordinary shares were issued on the exercise of unlisted options previously granted as compensation.

	No. of shares	Amount paid per share
Robert Adamson*	1,000,000	\$0.10
Alan Boys*	312,500	\$0.05
Alan Boys*	200,000	\$0.10
John Young	5,000,000	\$0.10

<sup>\*</sup> Messrs Adamson and Boys resigned during the reporting period. The numbers included in the table only include options exercised up to the date of resignation.

There are no amounts unpaid on any ordinary shares issued as a result of the exercise of unlisted options during the 2017 financial year.

<sup>\*\*</sup> Unlisted options were issued with the following vesting conditions:

# **Details of Equity Incentives affecting Current and Future Remuneration –** audited

Details of vesting profiles of the unlisted options held by each KMP of the Group as at 30 June 2017 are detailed below

	Instrument	No. of options	Grant date	% vested in year	% forfeited in year <sup>(A)</sup>	Financial year in which grant vests
Ken Brinsden	Options	15,000,000	18/04/2016	33.33%	0%	2017, 2018 and 2019
Neil Biddle	Options	8,000,000	18/04/2016	0%	0%	2016
John Young	Options	5,000,000	18/04/2016	0%	0%	2016
Anthony Kiernan	Options	8,000,000	24/11/2016	33.33%	0%	2017, 2018 and 2019
Steve Scudamore	Options	2,000,000	24/11/2016	33.33%	0%	2017, 2018 and 2019
Brian Lynn	Options	6,000,000	22/06/2016	33.33%	0%	2017, 2018 and 2019
Alex Eastwood	Options	4,000,000	08/08/2016	33.33%	0%	2017, 2018 and 2019

<sup>(</sup>A) The percentage forfeited in the year represents the reduction from the maximum number of instruments available to vest due to performance criteria not being achieved.

# Analysis of Movements in Equity Instruments – audited

The value of unlisted options over ordinary shares in the Company granted and exercised by each KMP during the reporting period is detailed below.

	Granted in year <sup>(A)</sup>	Value of options exercised in year (B)
Robert Adamson*	-	395,000
John Young	-	1,825,000
Alan Boys*	-	231,125
Anthony Kiernan	2,718,400	-
Steve Scudamore	679,600	-
Alex Eastwood	1,079,600	-

<sup>(</sup>A) The value of options granted during the year is the fair value of the unlisted options calculated at grant date. The total value of the unlisted options granted is included in the table above. This amount is allocated to remuneration over the applicable vesting period.

# **Unlisted Options over Equity Instruments – audited**

The movement during the reporting period, by number of unlisted options over ordinary shares in Pilbara Minerals held, directly, indirectly or beneficially, by each KMP, including their related parties, is as follows:

	Held at 1 July 2016	Granted as compensation	Exercised/ transferred	Other changes	Held at 30 June 2017	Vested during the year
Tony Leibowitz	7,100,000	-	-	(7,100,000)	-	-
Robert Adamson	4,000,000	-	(1,000,000)	(3,000,000)	-	-
Ken Brinsden	15,000,000	-	-	-	15,000,000	5,000,000
Neil Biddle	8,000,000	-	-	-	8,000,000	-
John Young	10,000,000	-	(5,000,000)	-	5,000,000	-
Anthony Kiernan	-	8,000,000	-	-	8,000,000	2,666,666
Steve Scudamore	-	2,000,000	-	-	2,000,000	666,666
Alan Boys	7,412,500	-	(512,500)	(6,900,000)	-	-
Brian Lynn	6,000,000	-	-	-	6,000,000	2,000,000
Alex Eastwood	-	4,000,000	-	-	4,000,000	1,333,333

(A) Includes options exercised as free-attaching options with convertible notes acquired.

<sup>(</sup>B) The value of unlisted options exercised during the year is calculated as the market price of shares of the Company as at close of trading on the date the unlisted options were exercised less the price paid to exercise the unlisted option.

<sup>\*</sup> Messrs Adamson and Boys resigned during the reporting period. The numbers included in the table only include options exercised up to the date of resignation.

# **Key Management Personal Transactions – audited**

### **Movements in Shares**

The movement during the reporting period in the number of ordinary shares in Pilbara Minerals held, directly, indirectly or beneficially, by each key management person, including their related parties, is as follows:

	Held at 1 July 2016	Received on exercise of options	Other changes <sup>1</sup>	Held at 30 June 2017
Tony Leibowitz	25,419,269	-	(25,419,269)	-
Robert Adamson	3,937,851	1,000,000	(4,937,851)	-
Ken Brinsden	869,565	-	-	869,565
Neil Biddle	36,221,930	-	(3,000,000)	33,221,930
John Young	16,158,316	5,000,000	(2,499,960)	18,658,356
Anthony Kiernan	-	-	95,000	95,000
Steve Scudamore	-	-	-	-
Nicholas Cernotta	-	-	-	-
Alan Boys	1,565,004	512,500	(2,077,504)	-
Brian Lynn	-	-	-	-
Alex Eastwood	-	-	-	-

<sup>&</sup>lt;sup>1</sup> Other changes represent shares that were purchased or sold during the year or shares held by KMP or directors who resigned in the year.

#### **COMPETENT PERSONS STATEMENTS**

The Company confirms it is not aware of any new information or data that materially affects the information included in the 25 January 2017 Pilgangoora Mineral Resource Estimate and that all material assumptions and technical parameters underpinning the estimate continue to apply and have not materially changed when referring to its resource announcement made on 25 January 2017.

The Company confirms it is not aware of any new information or data that materially affects the information included in the 29 June 2017 Pilgangoora Ore Reserve Estimate and that all material assumptions and technical parameters underpinning the estimate continue to apply and have not materially changed when referring to its resource announcement made on 29 June 2017.

This Directors' Report is made out in accordance with a resolution of the directors:

Anthony Kiernan

Chairman

Dated this 23<sup>rd</sup> day of August 2017

# Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

### To the Directors of Pilbara Minerals Limited

I declare that, to the best of my knowledge and belief, in relation to the audit of Pilbara Minerals Limited for the financial year ended 30 June 2017 there have been:

- i. no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit; and
- ii. no contraventions of any applicable code of professional conduct in relation to the audit.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 30 June 2017

### **NOTE 1 – BASIS OF PREPARATION**

In preparing the 2017 financial statements, Pilbara Minerals Limited ("**the Company**") has grouped notes into sections under six key categories:

- 1. Basis of Preparation
- 2. Results for the Year
- 3. Assets and Liabilities supporting Exploration, Evaluation, Development and Mining
- 4. Working Capital
- 5. Equity and Funding
- 6. Other Disclosures

Significant accounting policies specific to each note are included within that note. Accounting policies that are determined to be non-significant are not included in the financial statements.

The financial report is presented in Australian dollars, except where otherwise stated.

# 1.1 Reporting Entity

Pilbara Minerals Limited is a listed public company incorporated and domiciled in Australia.

The Company's registered office is at Level 2, 88 Colin Street, West Perth, WA 6005. These consolidated financial statements comprise the Company and its subsidiaries (together referred to as the "**Group**").

The Group is a for-profit entity and is primarily involved in the exploration for and development of minerals.

# 1.2 Basis of Accounting

The consolidated financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards ("AAS") adopted by the Australian Accounting Standards Board ("AASB") and the *Corporations Act 2001*. The consolidated financial statements comply with International Financial Reporting Standards ("IFRS") adopted by the International Accounting Standards Board ("IASB"). They were authorised for issue by the Board of Directors on 23 August 2017.

### 1.3 Basis of Consolidation

### 1.3.1 Business Combinations

The Group accounts for business combinations using the acquisition method when control is transferred to the Group. The consideration transferred in the acquisition is generally measured at fair value, as are the identifiable net assets acquired. Any goodwill that arises is tested annually for impairment. Any gain on a bargain purchase is recognised in profit or loss immediately. Transaction costs are expensed as incurred, except if related to the issue of debt or equity securities.

For the year ended 30 June 2017

The consideration transferred does not include amounts related to the settlement of pre-existing relationships. Such amounts are generally recognised in profit or loss.

Any contingent consideration is measured at fair value at the date of acquisition. If an obligation to pay contingent consideration that meets the definition of a financial instrument is classified as equity, then it is not remeasured and settlement is accounted for within equity. Otherwise, other contingent consideration is remeasured at fair value at each reporting date and subsequent changes in the fair value of the contingent consideration are recognised in profit or loss.

### 1.3.2 Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

### 1.3.3 Interests in Equity-Accounted Investees

The Group's interests in equity-accounted investees comprise interests in associates and joint ventures. Associates are those entities in which the Group has significant influence, but not control or joint control, over the financial and operating policies. A joint venture is an arrangement in which the Group has joint control, whereby the Group has rights to the net assets of the arrangement, rather than rights to its assets and obligations for its liabilities.

Interests in associates and joint ventures are accounted for using the equity method. They are initially recognised at cost, which includes transaction costs. Subsequent to initial recognition, the consolidated financial statements include the Group's share of the profit or loss and OCI of equity-accounted investees, until the date on which significant influence or joint control ceases.

### 1.3.4 Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated. Unrealised gains arising from transactions with equity-accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

# 1.4 Foreign Currency Translation

## 1.4.1 Functional and Presentational Currency

These consolidated financial statements are presented in Australian dollars, which is the Company's functional currency. All amounts have been rounded to the nearest thousand, unless otherwise stated in accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191.

### 1.4.2 Transactions and balances

Foreign currency transactions are translated into functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are generally recognised in profit or loss.

For the year ended 30 June 2017

# 1.5 Use of Judgments and Estimates

In preparing these consolidated financial statements, management has made judgments, estimates and assumptions that affect the application of the Group's accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

Judgements and estimates which are material to the financial report are found in the following sections:

- Note 2.1.1 Measurement of share based payment transactions
- Note 3.2.1 Determining the fair value of mine development assets acquired in a share based payment transaction and estimation of ore reserves and resources.

### 1.6 Measurement of Fair Values

The consolidated financial statements have been prepared on the historical cost basis. The Group does not have any assets or liabilities measured at fair value at the reporting date.

A financial asset measured at amortised cost is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably. Refer to note 2.1.4 for policies on non-financial assets.

For the year ended 30 June 2017

### NOTE 2 – RESULTS FOR THE YEAR

# 2.1 Expenses

Expenses incurred by the Group are the main drivers of the results for the year.

### 2.1.1 Share-based payment expense

### ACCOUNTING POLICY

### **Share-based payment arrangements**

The grant-date fair value of equity-settled share-based payment arrangements granted to holders of equity based instruments (including employees) are generally recognised as an expense, with a corresponding increase in equity, over the vesting period of the awards. The amount recognised as an expense is adjusted to reflect the number of awards for which the related service and non-market performance conditions are expected to be met, such that the amount ultimately recognised is based on the number of awards that meet the related service and non-market performance conditions at the vesting date.

For share-based payment awards with non-vesting conditions, the grant-date fair value of the share-based payment is measured to reflect such conditions and there is no true-up for differences between expected and actual outcomes.

In determining the fair value of share based payments granted, a key estimate and judgement is the volatility input assumed within the option pricing model. The Company uses historical volatility of the Company to determine an appropriate level of volatility expected, commensurate with the expected option life.

The share-based payment expense included within the Statement of Profit or Loss can be broken down as follows:

2017 2016 \$'000 \$'000 12,415 26,562

Share options expense

The following table shows total options granted (or deemed to be granted) during the year ended 30 June 2017 and the value attributed to each option granted, by holder:

Holder	No. of options	Exercise price	Expiry	Fair Value (\$/option)	Value (\$'000)	Value expensed (\$'000)
Directors	10,000,000	\$0.63	12/12/2019	\$0.3398	3,398	2,068
KMP	4,000,000	\$0.63	08/09/2019	\$0.2699	1,080	870
Subtotal – Directors/KMP	14,000,000				4,478	2,938
Employees	3,000,000	\$0.63	08/09/2019	\$0.2647	794	638
	500,000	\$0.55	07/11/2019	\$0.2382	119	80
	500,000	\$0.55	17/11/2019	\$0.2955	148	102
Subtotal – Employees	4,000,000				1,061	820
Subtotal – Options issued current year	18,000,000				5,539	3,758
Options issued in prior years	-					8,657
TOTAL	18,000,000					12,415

All options issued to Directors were approved by shareholders at General Meeting held in November 2016.

For the year ended 30 June 2017

The number and weighted average exercise prices of unlisted share options are as follows:

	2017		2016	
	Weighted average exercise price	No. of options	Weighted average exercise price	No. of options
Outstanding at 1 July	\$0.351	109,422,346	\$0.036	41,469,994
Exercised during the period	\$0.080	(24,420,832)	\$0.066	(122,793,103)
Lapsed during the period	\$0.288	(1,433,333)	-	-
Granted during the period	\$0.622	18,000,000	\$0.236	190,745,455
Outstanding at 30 June	\$0.467	101,568,181	\$0.351	109,422,346
Exercisable at 30 June		65,234,847		71,122,346

The classes of the options on issue as at 30 June 2017 are as follows:

Options issued	Expiry date	Exercise price	No. of options not yet exercised
17,045,455	1 December 2017	\$0.15	1,768,182
37,500,000	16 May 2018	\$0.40	37,500,000
800,000 a	16 May 2018	\$0.40	800,000
7,000,000	16 May 2018	\$0.65	7,000,000
31,500,000 b	16 May 2019	\$0.40	30,500,000
13,000,000 b	8 September 2019	\$0.63	13,000,000
500,000 <sup>c</sup>	7 November 2019	\$0.55	500,000
500,000 <sup>c</sup>	17 November 2019	\$0.55	500,000
10,000,000 <sup>d</sup>	12 December 2019	\$0.63	10,000,000

The vesting conditions attached to this set of options were employees providing six months of continuous service to the Company.

- 33.33% vest upon the delivery of a final DFS for the Pilgangoora Project to a standard acceptable to the Board;
- 33.33% vest upon the funding required to develop the Pilgangoora Project being raised or procured based on parameters acceptable to the Board and a "decision to mine" being made by the Board in respect of the Pilgangoora Project;\*
- 33.33% vest upon the Pilgangoora Project mine development and plant construction being largely complete (both for civil works and mine establishment) and the process plant having achieved a nominal 85% of its design throughput capacity during production runs, at a saleable product specification; and
- A continuing employment service condition at the time each milestone is achieved.
- <sup>c</sup> The vesting conditions attached to these unlisted options were:
  - 50% vest upon the funding required to develop the Pilgangoora Project being raised or procured based on parameters acceptable to the Board and a "decision to mine" being made by the Board in respect of the Pilgangoora Project;\*
  - 50% vest upon the Pilgangoora Project mine development and plant construction being largely complete (both for civil works and mine establishment) and the process plant having achieved a nominal 85% of its design throughput capacity during production runs, at a saleable product specification; and
  - A continuing employment service condition at the time each milestone is achieved.
- d The vesting conditions attached to these unlisted options were:
  - 33.33% vest on the date of shareholder approval of the option grant;
  - 33.33% vest 12 months after the grant date;
  - 33.33% vest 24 months after the grant date;
  - a continuing employment service condition at the time each milestone is achieved.
- \* These options are expected to vest upon completion of pre-disbursement conditions associated with the US\$ secured bond.

Unless stated, there are no other vesting conditions on options on issue.

b The vesting conditions attached to these unlisted options were:

For the year ended 30 June 2017

### 2.1.2 Exploration and evaluation expenditure

#### ACCOUNTING POLICY

Exploration for and evaluation of mineral resources is the search for mineral resources after the entity has obtained legal rights to explore in a specific area, as well as the determination of the technical feasibility and commercial viability of extracting the mineral resource. Accordingly, exploration and evaluation expenditures are those expenditures incurred in connection with the exploration for and evaluation of mineral resources before the technical feasibility and commercial viability of extracting a mineral resource are demonstrable.

Accounting for exploration and evaluation expenditures is assessed separately for each "area of interest". Each "area of interest" is an individual geological area which is considered to constitute a favourable environment for the presence of a mineral deposit or has been proved to contain such a deposit.

Exploration and evaluation costs are written off in the year they are incurred, apart from acquisition costs which are carried forward where right of tenure of the area of interest is current, and they are expected to be recouped through sale or successful development and exploitation of the area of interest, or where exploration and evaluation activities in the area of interest have not reached a stage that permits reasonable assessment of the existence of economically recoverable reserves.

Where an area of interest is abandoned, or the Directors decide that it is not commercially viable, any accumulated acquisition costs in respect of that area are written off in the financial period the decision is made. Each area of interest is also reviewed at the end of each accounting period and accumulated costs are written off to the extent that they will not be recoverable in the future.

Exploration and evaluation assets are transferred to Mine Properties in Development once technical feasibility and commercial viability of an area of interest is demonstrable. Exploration and evaluation assets are tested for impairment, and any impairment loss is recognised, prior to being reclassified.

Costs expensed in relation to areas of interest in the exploration and evaluation phase

2017	2016
\$'000	\$'000
(9,743)	(10,556)

Included in this balance are \$6.3 million of costs associated with the Definitive Feasibility Study and additional studies at the Pilgangoora Project. On 1 October 2016, the Group transitioned the Pilgangoora Project from the exploration stage to the development phase following the successful outcome of the Definitive Feasibility Study. From this date costs associated with the development of the project have been capitalised and included within mine properties in development (refer Note 3.2.1).

### 2.1.3 Operating lease commitments

### **ACCOUNTING POLICY**

### Leases

At inception of an arrangement, the Group determines whether an arrangement is, or contains, a lease.

At inception or on reassessment of an arrangement that contains a lease, the Group separates payments and other consideration required by the arrangement into those for the lease and those for other elements on the basis of their relative fair values. If the Group concludes for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognised at an amount equal to the fair value of the underlying asset; subsequently, the liability is reduced as payments are made and an imputed finance cost on the liability is recognised using the Group's incremental borrowing rate.

#### Leased assets

Leases of property, plant and equipment that transfer to the Group substantially all of the risks and rewards of ownership are classified as finance leases. The leased assets are measured initially at an amount equal to the lower of their fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the assets are accounted for in accordance with the accounting policy applicable to that asset.

Assets held under other leases are classified as operating leases and are not recognised in the Group's Statement of Financial Position.

For the year ended 30 June 2017

### **ACCOUNTING POLICY**

### Lease payments

Payments made under operating leases are recognised in profit or loss on a straight-line basis over the term of the lease. Lease incentives received are recognised as an integral part of the total lease expense, over the term of the lease.

Minimum lease payments made under finance leases are apportioned between the finance expense and the reduction of the outstanding liability. The finance expense is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

The Group has entered into an operating lease for its head office premises for a lease term of three years. The Group has an option to extend the lease for an additional term of three years.

The operating lease expense recognised within the Statement of Profit or Loss is as follows:

	2017	2016
	\$'000	\$'000
Operating lease expense	214	-

Future minimum rentals payable under non-cancellable operating leases as at 30 June are, as follows:

	2017 \$'000	2016 \$'000
	\$ 000	\$ 000 <u> </u>
Within one year	314	-
After one year but not more than five years	430	-
	744	-

### 2.1.4 Impairment expense

### **ACCOUNTING POLICY**

### **Non-financial assets**

At each reporting date, the Group reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Goodwill is tested annually for impairment.

For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or cash generating units ("**CGUs**"). Goodwill arising from a business combination is allocated to CGUs or groups of CGUs that are expected to benefit from the synergies of the combination.

The recoverable amount of an asset or CGU is the greater of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its recoverable amount. Impairment losses are recognised in profit or loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

For the year ended 30 June 2017

The impairment expense recognised within the Statement of Profit or Loss in 2016 relates to the Tabba Tabba Tantalum Project and can be broken down as follows:

	2017 \$'000	2016 \$'000
Impairment – property, plant and equipment	-	4,449
Impairment – mine development	-	7,660
	-	12,109
Reversal of liability	-	(1,300)
Impairment – goodwill	-	1,327
	-	12,136

For the 2017 financial year, no indicators of impairment have been identified and as such no testing for impairment has been performed.

# 2.2 Net Financing Costs

### ACCOUNTING POLICY

The Group's finance income and finance costs include:

- · interest income;
- interest expense; and
- foreign exchange gains and losses.

Interest income or expense is recognised using the effective interest method.

Net financing costs can be analysed as follows:

	2017 \$'000	2016 \$'000
Interest income on bank deposits	2,204	149
Finance income	2,204	149
Interest expense – convertible notes	(40)	(2,318)
Interest expense – hire purchase assets	(33)	(27)
Interest expense – borrowings	(27)	-
Interest expense – other	(2)	-
Net foreign exchange loss	(29)	(5)
Finance costs	(131)	(2,350)
Net finance income/(costs) recognised in profit or loss	2,073	(2,201)

Interest costs of \$0.4 million directly attributable to the US\$ secured bond debt facility were capitalised as part of the cost of the Pilgangoora Project, as a result of it being a qualifying development asset.

# 2.3 Operating Segments

For management purposes, the Group has one operating segment, being mineral exploration, evaluation and development in Australia. Segment results that are reported to the Group's chief operating decision maker include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly of corporate assets and head office expenses.

Mineral exploration, evaluation and

### **NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)**

Assets for corporate segment	89,558	101,970
	336,478	102,733

# 2.4 Personnel Expenses

### ACCOUNTING POLICY

### **Short-term employee benefits**

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

For share-based payment awards with non-vesting conditions, the grant-date fair value of the share-based payment is measured to reflect such conditions and there is no true-up for differences between expected and actual outcomes.

### **Defined contribution plans**

Obligations for contributions to defined contribution plans are expensed as the related service is provided. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

### Other long-term employee benefits

The Group's net obligation in respect of long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. That benefit is discounted to determine its present value. Re-measurements are recognised in profit or loss in the period in which they arise.

### **Termination benefits**

Termination benefits are expensed at the earlier of when the Group can no longer withdraw the offer of those benefits and when the Group recognises costs for a restructuring. If benefits are not expected to be settled wholly within 12 months of the reporting date, then they are discounted.

For the year ended 30 June 2017

The table below sets out personnel costs expensed during the year:

Wages and salaries
Superannuation expense

2017	2016
\$'000	\$'000
2,898	883
239	110
3,137	993

# 2.5 Income Tax Expenses

#### **ACCOUNTING POLICY**

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI.

#### **Current tax**

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year, and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax also includes any tax arising from dividends. Current tax assets and liabilities are offset only if certain criteria are met.

#### **Deferred tax**

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- Temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- Temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- Taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Future taxable profits are determined based on business plans for individual subsidiaries in the Group. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised; such reductions are reversed when the probability of future taxable profits improves.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities. For this purpose, the carrying amount of investment property measured at fair value is presumed to be recovered through sale, and the Group has not rebutted this presumption.

Deferred tax assets and liabilities are offset only if certain criteria are met.

#### 2.5.1 Income tax expense

2017	2016
\$'000	\$'000 _
-	(189)

Current income tax expense

2017 2016

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

For the year ended 30 June 2017

#### 2.5.2 Reconciliation of effect tax rates

	2017 \$'000	2016 \$'000
Loss before tax from continuing operations	(25,954)	(55,418)
Tax using the Company's domestic tax rate of 30% (2016: 30%) Subsidiary tax liability	(7,786)	(16,625) (189)
Tax effect of: Non-deductible expenses		
Share based payment expense	3,725	7,969
Gain on equity investment	-	(244)
Financing costs	-	523
Other	20	30
Tax losses not recognised	4,445	4,316
Temporary differences not brought to account	(404)	4,031
Income tax expense reported in the consolidated statement of profit or loss	-	(189)

Potential deferred tax assets have not been recognised at 30 June 2017 for deductible temporary differences and tax losses because it is not probable that future taxable profit will be available against which the Company can use the benefits. The deferred tax losses not recognised at 30 June 2017 have a tax effected value of \$10.4 million (2016: \$6.4 million).

# 2.6 Loss per share

Basic loss per share

	\$′000	\$'000
Net loss attributable to ordinary shareholders	(25,954)	(55,607)
Issued ordinary shares at 1 July	1,148,051	658,579

2017	2016
\$'000	\$'000
482	125
1,395	260
2,272	557

# 3.2 Property, Plant, Equipment and Mine Properties

#### **ACCOUNTING POLICY**

#### **Property, Plant and Equipment**

#### **Recognition and measurement**

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses. Cost includes expenditures that are directly attributable to the acquisition of the asset. When parts of an item of property, plant and equipment have different useful lives, they are accounted for as a separate item of property, plant and equipment.

### Depreciation

Depreciation is calculated to write off the cost of items of property plant and equipment less their estimated residual value using either the straight line or units of production methods over either the estimated useful life or the estimated resource. Depreciation is recognised in profit or loss. Land is not depreciated.

The estimated useful lives of property, plant and equipment for current and comparative periods are as follows:

Office equipment
 Plant and equipment
 Motor vehicles
 2 to 10 years
 5 years
 5 years

Depreciation methods, useful lives and residual values are reassessed at each reporting date and adjusted appropriately.

For the year ended 30 June 2017

#### **Mine Properties in Development**

Development expenditure relates to costs incurred to access a mineral resource. It represents those costs incurred after the technical and commercial viability of extracting the mineral resource has been demonstrated and an identified mineral reserve is being prepared for production (but is not yet in production).

Development expenditure is capitalised as either a tangible or intangible asset depending on the nature of the costs incurred. Capitalisation of development expenditure ceases once the mining property is capable of commercial production, at which point it is transferred into Property, Plant and Equipment or Mineral Rights (depending on whether it is a tangible or intangible asset) and depreciated over the useful life of the asset. Any development expenditure incurred once a mine property is in production is immediately expensed to the Statement of Profit or Loss except where it is probable that future economic benefits will flow to the Group, in which case it is capitalised as Property, Plant and Equipment or Mineral Rights.

Development expenditure includes the direct costs of construction, pre-production costs, borrowing costs incurred during the construction phase, reclassified exploration and evaluation assets (acquisition costs) and subsequent development expenditure on the reclassified areas of interest.

#### **Mineral Rights**

Mineral Rights are capitalised exploration and evaluation acquisition costs transferred from Deferred Exploration and Evaluation Expenditure upon a decision to mine, as well as other intangible assets that are transferred from Mine Properties in Development upon completion of development and commencement of commercial production.

#### **Resources and Reserves**

Resources are estimates of the amount of saleable product that can be economically extracted from the Group's mine properties. In order to calculate resources, estimates and assumptions are required about a range of geological, technical and economic factors, including quantities, grades, production techniques, recovery rates, production costs, future capital requirements, short and long-term commodity prices and exchange rates.

Estimating the quantity and/or grade of resources requires the size, shape and depth of orebodies to be determined by analysing geological data. This process may require complex and difficult geological judgements and calculations to interpret the data.

The Group determines and reports ore resources under the Australian Code of Reporting for Mineral Resource and Ore Reserves (2012), known as the JORC Code. The JORC Code requires the use of reasonable assumptions to calculate resources. Due to the fact that economic assumptions used to estimate resources may change from period to period, and geological data is generated during the course of operations, estimates of resources may change from period to period. Changes in reported resources may affect the Group's financial results and financial position in a number of ways, including:

- Asset carrying values may be impacted due to changes in estimates of future cash flows
- Amortisation charged in the profit and loss statement may change where such charges are calculated using the units of production basis
- Decommissioning, site restoration and environmental provisions may change due to changes in the estimated resources after expectations about the timing or costs of the activities change; and
- Recognition of deferred tax assets, including tax losses.

For the year ended 30 June 2017

Balance at 30 June 2017	507	45	48,810	54,804	207	104,373

Since the positive outcome of the Pilgangoora Project's Definitive Feasibility Study in September 2016, the Group has continued with the development of the Project, spending \$48.8 million.

During the year ending 30 June 2017, the Group issued \$50 million of Company shares to Mineral Resources Limited as consideration for the relinquishment of a 2.5% net smelter lithium royalty and the permanent extinguishment of a right of first refusal to purchase lithium products produced from the Pilgangoora Project. The corresponding impact on equity is shown in Note 5.1.1.

As at 30 June 2017 the Group had outstanding contractual capital commitments of \$28.7 million (2016: nil) which are expected to be settled prior to 30 June 2018.

#### **NOTE 4 – WORKING CAPITAL**

# 4.1 Cash, Cash Equivalents and Restricted Cash

#### **ACCOUNTING POLICY**

Cash and cash equivalents comprise cash balances and call deposits with a maturity of less than or equal to six months from the date of acquisition. The carrying value of cash and cash equivalents is considered to approximate fair value.

Restricted cash represents funds whose access is restricted until such time as certain conditions precedent are satisfied.

#### 4.1.1 Cash, cash equivalents and restricted cash

Bank balances Call deposits

Cash and cash equivalents in the Statement of Financial Position Restricted cash

2017 \$'000	2016 \$'000

87,248	100,040
134,322	=
221,570	100,040

For the year ended 30 June 2017

The restricted cash balance of \$134.3 million represents funds received following settlement of a US\$100 million senior secured bond in June 2017 (refer Note 5.2). Funds received are required to be held in a US\$ denominated escrow bank account in the name of the Company's 100% wholly owned subsidiary Pilgangoora Operations Pty Ltd, with access to the cash restricted until pre-disbursement conditions precedent are satisfied. Upon satisfaction, the funds will be capable of drawdown, subject to an ongoing cost to complete test being achieved.

For the purposes of the Statement of Cash Flows, cash and cash equivalents comprise cash on hand and at bank and all call deposits.

	\$'000	\$'000
Cash, cash equivalents and restricted cash	221,570	100,040
Less: Restricted cash	(134,322)

Change in trade payables and employee benefits	(1,457)	1,380
Net cash used in operating activities	(16,284)	(14,560)

# 4.2 Trade and Other Receivables

#### ACCOUNTING POLICY

Trade and other receivables are recognised initially at fair value which is usually the value of the invoice sent to the counterparty and subsequently at the amounts considered recoverable. Where there is evidence that the receivable is not recoverable, it is impaired with a corresponding charge to the profit or loss statement.

The Group undertakes expenditure on activities that are categorised as "eligible expenditure" under the Research and Development Tax Incentive which, dependent upon certain criteria, may be subject to a tax offset. Where a tax offset has been received or is receivable in cash, the Group accounts for the tax offset as follows:

- Where a grant is received or receivable in relation to research and development costs which have been capitalised, the tax offset is deducted from the carrying amount of the asset; or
- Where a grant is received or receivable in relation to research and development costs which have been charged to profit or loss during this or a prior financial year, the tax offset shall be credited to the Statement of Profit or Loss.

For the year ended 30 June 2017

Current

673	759
2,033	-
679	115
4,155	1,545

# 4.3 Trade and Other Payables and Provisions

#### ACCOUNTING POLICY

#### **Trade payables**

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually payable within 30 days' net of recognition. Trade payables are recognised initially at the value of the invoice received from a supplier.

#### Provisions

Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money, and the risks specific to the liability. The unwinding of the discount is recognised as a finance cost.

#### Mine Rehabilitation

In accordance with the applicable legal requirements, a provision for site rehabilitation in respect of returning the land to its original state is recognised when land is disturbed.

At each reporting date, the site rehabilitation provision is remeasured to reflect any changes in discount rates and timing or amounts of the costs to be incurred. Such changes in the estimated liability are accounted for prospectively from the date of the change and added to, or deducted from, the related asset where it is possible that future economic benefits will flow to the Group.

# **NOTE 5 – EQUITY AND FUNDING**

# 5.1 Capital and Reserves

#### **ACCOUNTING POLICY**

Ordinary shares are classified as equity. Costs directly attributable to the issue of new ordinary shares are recognised as a deduction from equity, net of any tax effects.

#### 5.1.1 Ordinary shares

	2017 \$'000	2017 Number ('000)	2016 \$'000	2016 Number ('000)
Fully paid ordinary shares	261,756	1,466,538	146,476	1,148,051
Total share capital on issue at 30 June	261,756	1,466,538	146,476	1,148,051
Movements in ordinary shares on issue: On issue at 1 July	146,476	1,148,051	22,526	658,579
Shares issued during the period:				
Issued for cash	66,465	189,900	114,551	338,195
Issued for assets (refer Note 3.2.1)	50,000	104,167	-	-
Exercise of share options	1,946	24,420	8,101	122,793
Conversion of convertible notes and accrued interest	-	-	8,319	28,484
Share issue costs	(3,131)	-	(7,021)	
On issue at 30 June	261,756	1,466,538	146,476	1,148,051

To ensure the development of the Pilgangoora Project was fully funded, the Company launched a \$95 million equity raising on 15 June 2017 at an issue price of 35 cents per ordinary share by way of the following components:

- **Tranche 1 Placement** issue of 189.9 million ordinary shares to raise \$66.5 million which was settled on 26 June 2017;
- **Tranche 2 Placement** issue of 38.7 million ordinary shares to raise \$13.5 million, which was settled on 2 August 2017 following the receipt of shareholder approval; and
- **Share Purchase Plan** issue of 43.8 million ordinary shares to raise \$15.3 million which was settled on 2 August 2017 (refer to Note 6.5 for details of subsequent events).

#### Terms and conditions of ordinary shares

Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at shareholders' meetings. In the event of winding up of the Company, ordinary shareholders rank after all other shareholders and creditors with respect to any proceeds of liquidations.

#### 5.1.2 Reserves

Share-based payment reserve Foreign currency reserve

2017	2016
\$'000	\$'000
32,501	21,799

Movements in share-based payment reserve:		
Balance at 1 July	21,799	1,325
Share based payment expense following issue of options	12,415	26,187
Options exercised and transferred to accumulated losses	(1,713)	(5,713)
Balance at reporting date	32,501	21,799

The share-based payment reserve is used to record the fair value of the options issued. Options issued to directors, consultants and employees during the year and their associated value impact on the share based payment reserve are as follows:

Option	Grant date (valuation purposes)*	Share price on date of grant	Exercise price	Expiry date	Valuation (cents per option)
6,000,000 **	22/06/2016	\$0.57	\$0.63	08/09/2019	31.51
3,000,000**	16/08/2016	\$0.53	\$0.63	08/09/2019	26.47
4,000,000 **	08/08/2016	\$0.54	\$0.63	08/09/2019	26.99
500,000 **	19/09/2016	\$0.54	\$0.55	17/11/2019	29.55
500,000 **	07/11/2016	\$0.47	\$0.55	07/11/2019	23.82
10,000,000 **	24/11/2016	\$0.54	\$0.63	12/12/2019	33.98

<sup>\*</sup> This is the grant date used for valuation purposes and represents the date options are awarded to employees or directors, it is not the date the options are issued.

All option valuations during the period were performed by an independent third party valuer. The Black Scholes option valuation methodology was used to value the options. Inputs to the option valuation model included the Company's share price volatility, risk free rates, option life, and the option exercise price. Option volatility was calculated using the share price movement of the Company over the past 12 months up until the date the options were granted.

The key inputs used in the measurement of the fair values at grant date of the equity-settled share based payment plans were as follows:

		2010
	400.004	100 101
Expected volatility (weighted average)	103.9%	102.4%
Expected life (weighted average)	2.6 years	2.0 years
Risk free interest rate (based on government bonds) (weighted average)	1.7%	1.8%

# **5.2 Loans and Borrowings**

#### ACCOUNTING POLICY

Loans and borrowings are initially measured at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest rate method.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs incurred in connection with the borrowing of funds. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

<sup>\*\*</sup> The vesting conditions attached to these unlisted options are detailed in Note 2.1.1

For the year ended 30 June 2017

This note provides information about the contractual terms of the Group's interest-bearing loans and borrowings. For more information about the Group's exposure to interest rate risk, see Note 6.1.

	2017	2016
	\$'000	\$'000
Current		
Hire purchase liability	64	137
Total borrowings – current	64	137
Non-current		
Hire purchase liability	33	209
Secured debt (US\$ denominated bond) (refer Note 5.2.2)	124,331	-
Total borrowings – non-current	124,364	209

### 5.2.1 Terms and repayment schedule

The terms and conditions of outstanding loans are as follows:

		Naminal		2017		2016	
	Currency	interest	Year of maturity	Face value \$'000	Carrying amount \$'000	Face value \$'000	Carrying amount \$'000
Hire purchase	A\$	6.5%	2019	97	97	346	346
US\$100 million secured bond	US\$	12.0%	2022	132,310	124,331	-	-
Total interest-bearing liabilities			132,407	124,428	346	346	

#### 5.2.2 US\$ Secured Bond

On 21 June 2017, the Group completed settlement of a US\$100 million senior secured bond facility as part of the funding package for the development of the Pilgangoora Project. The bonds were issued by the Company's wholly owned subsidiary, Pilgangoora Operations Pty Limited and are administered by the bond trustee, Nordic Trustee ASA. The coupon rate is 12% per annum with interest payable quarterly in arrears. Pursuant to the bond terms, the proceeds are to be applied towards capital and development costs associated with the Pilgangoora Project following the satisfaction of pre-disbursement conditions. The bond facility is secured against the assets of the Pilgangoora Project.

The carrying amount of the US\$ secured bond is made up as follows:

	\$'000
Bond proceeds at inception Unrealised foreign exchange gain <sup>1</sup> Bond proceeds at 30 June 2017	132,310 (2,305) 130,005
Directly attributable transaction costs Amortisation of transaction costs	(5,705) 31
Carrying amount at 30 June 2017	124,331

<sup>&</sup>lt;sup>1</sup> The value of the US\$ secured bond is required to be re-stated at the end of each financial period utilising the closing foreign exchange rate.

2017

For the year ended 30 June 2017

# 5.3 Capital Management

Capital consists of ordinary share capital, retained earnings, reserves and net debt. The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern so as to maintain a strong capital base sufficient to maintain future exploration, development and operating activities.

There were no changes to the Group's approach to capital management during the year.

#### **NOTE 6 – OTHER DISCLOSURES**

# 6.1 Financial Risk Management

#### **ACCOUNTING POLICY**

The Group classifies non-derivative financial assets into the following categories:

- Financial assets at fair value through profit or loss;
- Held-to-maturity financial assets;
- · Loans and receivables; and
- Available-for-sale financial assets.

The Group classifies non-derivative financial liabilities into the following categories:

- Financial liabilities at fair value through profit or loss; and
- Other financial liabilities.

#### Non-derivative financial assets and financial liabilities - Recognition and de-recognition

The Group initially recognises loans and receivables and debt securities issued on the date when they are originated. All other financial assets and financial liabilities are initially recognised on the trade date when the entity becomes a party to the contractual provisions of the instrument.

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred, or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset. Any interest in such derecognised financial assets that is created or retained by the Group is recognised as a separate asset or liability.

The Group de-recognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

Financial assets and financial liabilities are offset, and the net amount presented in the statement of financial position when, and only when, the Group currently has a legally enforceable right to offset the amounts and intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

#### Non-derivative financial assets - Measurement

#### Financial assets at fair value through profit or loss

A financial asset is classified as at fair value through profit or loss if it is classified as held for-trading or is designated as such on initial recognition. Directly attributable transaction costs are recognised in profit or loss as incurred. Financial assets at fair value through profit or loss are measured at fair value and changes therein, including any interest or dividend income, are recognised in profit or loss.

#### **Held-to-maturity financial assets**

These assets are initially measured at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, they are measured at amortised cost using the effective interest method.

#### Loans and receivables

These assets are initially measured at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, they are measured at amortised cost using the effective interest method.

For the year ended 30 June 2017

#### **ACCOUNTING POLICY**

#### **Available-for-sale financial assets**

These assets are initially measured at fair value, plus any directly attributable transaction costs. Subsequent to initial recognition, they are measured at fair value and changes therein, other than impairment losses and foreign currency differences on debt instruments, are recognised in other comprehensive income and accumulated in the fair value reserve. When these assets are derecognised, the gain or loss accumulated in equity is reclassified to profit or loss.

#### Non-derivative financial liabilities - Measurement

A financial liability is classified as at fair value through profit or loss if it is classified as held-for-trading or is designated as such on initial recognition. Directly attributable transaction costs are recognised in profit or loss as incurred. Financial liabilities at fair value through profit or loss are measured at fair value and changes therein, including any interest expense, are recognised in profit or loss. Other non-derivative financial liabilities are initially measured at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method.

Set out below are details of the Group's financial assets and liabilities at the end of the reporting period.

2017

	\$′000	\$'000
Financial assets		
Cash and cash equivalents	87,248	100,040
Restricted cash	134,322	-
Trade and other receivables	4,155	1,545
Other financial assets	6	6
Total financial assets	225,731	101,591
Financial liabilities		
Trade and other payables	11,428	2,952
ridde drid etrier payables	11,420	2,552
Borrowings	124,428	346

#### 6.1.1 Overview

The Group has exposure to the following risks from their use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

The Group's management of financial risk is aimed at ensuring net cash flows are sufficient to meet all of its financial commitments and maintain the capacity to fund the exploration, evaluation and development of the Pilgangoora Project and ancillary exploration activities.

The principal financial instruments as at the reporting date include cash, receivables, payables and loan and finance agreements.

Set out below is information about exposures to the above risks, the objectives, policies and processes for measuring and managing risk, and the management of capital.

For the year ended 30 June 2017

#### 6.1.2 Credit risk

Credit risk is the risk of financial loss if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's cash at bank and term deposits.

The carrying amount of financial assets represents the maximum credit exposure.

The Group limits its exposure to credit risk by only transacting with high credit quality financial institutions. During the year the Group maintained all cash, cash equivalents and restricted cash balances with banks and financial institutions holding a AA- rating based on S&P Global ratings.

The trade and other receivables balance consists of 67% of receivables being from the Australian Tax Office and 16% in bonds with a high credit quality financial institution.

#### 6.1.3 Liquidity Risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation. The Group also manages liquidity risk by producing cash flow forecasts to ensure that there is a clear and up-to-date view of the short to medium term funding requirements and the possible sources of those funds. The Group aims to maintain the level of its cash and cash equivalents and other highly marketable debt investments at an amount in excess of expected cash outflows on financial liabilities.

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include contractual interest payments and exclude the impact of netting agreements:

	Commina	Contractual cashflows				
	Carrying amount \$'000	Total \$′000	Six months or less \$'000	Six to 12 months \$'000	One to two years \$'000	Two to five years \$'000
30 June 2017 Non-derivative financial liabilities Hire purchase	97	102	34	34	34	-
Secured debt Trade payables	124,331 3,855	199,233 3,855	7,800 3,855	7,800 -	15,601 -	168,032 -
1 3	128,283	203,190	11,689	7,834	15,635	168,032
30 June 2016						
Non-derivative financial liabilities						
Hire purchase	346	373	77	77	155	64
Trade payables	2,093	2,093	2,093	-	-	-
	2,439	2,466	2,170	77	155	64

The secured debt has certain financial covenants that if breached could cause early repayment. The Group is not anticipating any breach of covenants.

For the year ended 30 June 2017

#### 6.1.4 Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates and interest rates – will affect the Group's income or the value of its holdings in financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters.

The Group's exposure to market risk has changed during the period ending 30 June 2017 due to settlement of a senior secured bond facility (US\$100 million) resulting in increased exposure to foreign exchange risk.

#### a) Foreign Exchange Risk

Foreign exchange risk arises when future commercial transactions and recognised financial assets and financial liabilities are denominated in a currency that is not the Group's functional currency. The Group manages its foreign exchange risk exposure arising from future commercial transactions through sensitivity analysis, cash flow management and forecasting.

The Group is exposed to foreign exchange risk principally through the holding of US\$ denominated restricted cash and borrowings.

The Group's exposure to foreign currency risk at the end of the Reporting Period was as follows:

	2017	2016
	USD \$'000	USD \$'000
Restricted cash	103,321	-
Borrowings	100,000	-

The year-end exchange rate used to recalculate the US\$ dominated balances on 30 June 2017 was 0.7692. Subsequent to year end the Group entered into an \$ call option to minimise the foreign exchange risk exposure associated with the holding of US\$ denominated restricted cash.

#### Group sensitivity

Based on financial instruments held at 30 June 2017, had the Australian dollar strengthened/ weakened by 10% against the US dollar, with all other variables held constant, the Group's loss for the year would have been \$392,000 higher/\$480,000 lower, as a result of foreign exchange gains/ losses on translation of US dollar denominated restricted cash and borrowings.

#### b) Cash Flow Interest Rate Risk

Interest rate risk arises from the Group's cash, cash equivalents and restricted cash earning interest at variable rates. The significance and management of the risks to the Group are dependent on several factors including:

- Interest rates;
- Level of cash, liquid investments and borrowings and their term; and
- Maturing dates of investments.

On 21 June 2017, the Group completed settlement of a US\$100 million senior secured bond facility. The bond has a fixed coupon rate of 12% per annum resulting in a nil sensitivity.

At the end of the Reporting Period, the Group's exposure to interest rate risk and effective weighted average interest rate for classes of financial assets and financial liabilities are set out below:

2017	
Weighted average	Balance
interest rate	\$'000
1.08%	221,570

For the year ended 30 June 2017

The risk is managed by the Group by maintaining an appropriate mix between short-term and floating rate cash, cash equivalents and restricted cash.

Group sensitivity

Based on the financial instruments at 30 June 2017, if interest rates had changed by +/-50 basis points from the year-end rates, with all other variables held constant, loss and equity for the year would have been \$1,108,000 lower/\$1,108,000 higher.

#### 6.1.5 Fair values

The carrying value of cash and cash equivalents, restricted cash, other receivables, trade creditors, other creditors and accruals are considered to be a reasonable approximation of fair value.

The fair value of the bond is equal to \$130,005,000, being the carrying value of the bond excluding any capitalised borrowing costs.

## 6.2 Related Parties

#### 6.2.1 Parent and ultimate controlling party

The ultimate controlling party of the Group is Pilbara Minerals Limited.

#### 6.2.2 Key management personnel

The following people were considered as key management personnel during the financial year:

	Position	Appointed	Resigned
Tony Leibowitz	Non-executive Chairman	11 June 2013	1 July 2016
Robert Adamson	Non-executive Director	1 July 2010	21 February 2017
Ken Brinsden	Managing Director	18 January 2016	
Neil Biddle	Executive Director	30 May 2013	19 August 2016
iveli biddie	Non-executive Director	20 August 2016	26 July 2017
John Voung	Executive Director	4 September 2015	31 July 2017
John Young	Non-Executive Director	1 August 2017	
Alan Boys	Company Secretary and Alternate Director	23 October 2014	31 August 2016 as Company Secretary and 23 September 2016 as Alternate Director
Brian Lynn	Chief Financial Officer	22 June 2016	
Anthony Kiernan	Non-executive Chairman	1 July 2016	
Steve Scudamore	Non-executive Director	18 July 2016	
Alex Eastwood	Company Secretary and General Counsel	1 September 2016	
Nicholas Cernotta	Non-executive Director	6 February 2017	

Key management personnel compensation comprised the following:

Short term employee benefits Post-employment benefits Share-based payments (non-cash)

2017	2016
\$	\$
1,406,570	1,305,176
93,944	11,021
7,381,211	13,238,684
8,881,725	14,554,881

For the year ended 30 June 2017

Compensation of the Group's key management personnel includes salaries, and contributions to a postemployment defined contribution plan. Information regarding individual directors and executive's compensation and some equity instruments are required to be disclosed by s300A of the Corporations Act and Corporations Regulations 2M.3.03 and are provided in the Remuneration Report section of the Directors' Report.

#### 6.2.3 Transactions with key management personnel related parties

During the year the Group transacted with related parties of key management personnel.

Neil Biddle is a director and shareholder of the following related party entity which transacted with the Company during the year:

Entity	Services provided	2017	2016
Hatched Creek Pty Ltd	Director and corporate advisory services	\$123,791	\$337,500

Robert Adamson was a director and shareholder of the following related party entity which transacted with the Company during the year:

Entity	Services provided	2017	2016
Robert G Adamson Consultants	Director services	\$40,000	\$56,000

Alan Boys acted as Company Secretary and Alternate Director and is a shareholder of the following related party entity which transacted with the Company during the year:

Entity	Services provided	2017	2016
Dubois Group Pty Ltd	Accounting and secretarial services	\$38,000	\$216,000

All transactions with key management personnel related party entities were on commercial terms.

# **6.3 Group Entities**

Accumulated losses	(95,765)	(69,940)
Total equity	198,492	98,335

# **6.5 Subsequent Events**

At the Company's general meeting on 26 July 2017, shareholders approved Tranche 2 of the share placement as detailed in Note 5.1.1 (38,671,430 shares at an issue price of 35 cents per share). On 2 August 2017, the Company received proceeds of \$13,535,000 for Tranche 2 of the share placement and \$15,322,038 for the Share Purchase Plan (43,777,251 shares at 35 cents per share). Associated transaction costs of \$1,032,000 were paid on settlement.

On 21 July 2017, the Company agreed to sell the processing plant assets associated with the Tabba Tabba Tantalum Project to Tungsten Mining NL. The Tabba Tabba Project was terminated during December 2016 and closure activities at site finalised by 30 June 2017. The carrying value of the assets at 30 June 2017 was \$370,000. Upon settlement of the sale, the Company will receive consideration of \$300,000 in cash and \$300,000 in shares of Tungsten Mining NL.

On 15 August 2017, the Company completed settlement of the Novo Litio Ltd (formerly Dakota Minerals Limited) Lynas Find tenement acquisition following the transfer of the four remaining tenements to Pilbara Minerals. Total consideration of \$3 million was paid via the issue of 7,577,671 shares at a share price of 39.59 cents.

## 6.6 Auditor's Remuneration

The Directors resolved to appoint KPMG, as the interim auditor of the Group with their appointment confirmed at the Annual General Meeting held on 24 November 2016.

	201 <i>7</i> \$	2016 \$

Advisory service – KPMG	7,455	-
Total auditor's remuneration – KPMG Total auditor's remuneration – Somes Cooke	90,455 -	30,000 10,000

For the year ended 30 June 2017

# 6.7 Standards Issued but not yet Effective

Many new standards and amendments to standards are effective for annual periods beginning after 1 July 2015 and earlier application is permitted; however, the Group has not early applied the following new or amended standards in preparing these consolidated financial statements.

New or amended standards	Summary of the requirements	Possible impact on consolidated financial statements
AASB 9 Financial Instruments	AASB 9, published in July 2014, replaces the existing guidance in AASB 139 Financial Instruments: Recognition and Measurement. AASB 9 includes revised guidance on the classification and measurement of financial instruments, a new expected credit loss model for calculating impairment on financial assets, and new general hedge accounting requirements. It also carries forward the guidance on recognition and de-recognition of financial instruments from AASB 139.  AASB 9 is effective for annual reporting periods beginning on or after 1 January 2018, with early adoption permitted.	The Group is assessing the potential impact on its consolidated financial statements resulting from the application of AASB 9.  The revisions to the classification and measurement requirements and hedging changes are not currently expected to have a significant impact to the Group. Changes in relation to the expected credit loss model for calculating impairment on financial assets are not expected to have a material impact based on the short-term nature of the Group's assets.  Moving forward the Group will continue to assess the impact of this standard as contracts are entered into for the Pilgangoora Development Project.
AASB 15 Revenue from Contracts with Customers	AASB 15 establishes a comprehensive framework for determining whether, how much, and when revenue is recognised. It replaces existing revenue recognition guidance, including AASB 118 Revenue, AASB 111 Construction contracts, and IFRIC 13 Customer Loyalty Programmes.  AASB 15 is effective for annual reporting periods beginning on or after 1 January 2018, with early adoption permitted.	The Group is assessing the potential impact on its consolidated financial statements resulting from the application of AASB 15. The Group does not currently have any revenue so there will not be a material impact. As contracts are put in place and the project moves into development the Standard will continue to be monitored to assess the impact for the Group.
AASB 16 Leases	<ul> <li>The key feature of AASB 16 (for lease accounting) are as follows:</li> <li>Lessees are required to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value.</li> <li>A lessee measures right-of-use asset similarly to other non-financial assets and lease liabilities similar to other financial liabilities.</li> <li>Assets and liabilities arising from a lease are initially measured on a present value basis. The measurement includes non-cancellable lease payments (including inflation-linked payments), and also includes payments to be made in optional periods if the lessee is reasonably certain to exercise an option to extend the lease, or not to exercise an option to terminate the lease.</li> <li>AASB 16 contains disclosure requirements for lessees.</li> <li>AASB 16 is effective for annual reporting periods beginning on 1 January 2019, with early adoption permitted.</li> </ul>	As at 30 June 2017 the Group has minimal operating leases to which this standard would impact.  The Group will continue to assess the potential impact on its consolidated financial statements resulting from the application of AASB 16 as the contracts are in place for the Pilgangoora development project.

# **DIRECTORS' DECLARATION**

- 1. In the opinion of the Directors of Pilbara Minerals Limited ("the Company"):
  - (a) the consolidated financial statements and notes set out on pages 24 to 54 and the Remuneration Report contained within the Directors' Report are in accordance with the *Corporations Act 2001*, including:
    - (i) complying with Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
    - (ii) giving a true and fair view of the consolidated entity's financial position as at 30 June 2017 and of its performance for the financial year ended on that date; and
  - (b) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
- 2. The Directors have been given the declarations by the Chief Executive Officer and Chief Financial Officer required by section 295A of the *Corporations Act 2001* for the financial year ending 30 June 2017.

This declaration is made in accordance with a resolution of the Directors.

Anthony Kiernan

Director

23<sup>rd</sup> August 2017

# Independent Auditor's Report

#### To the shareholders of Pilbara Minerals Limited

#### Report on the audit of the Financial Report

#### **Opinion**

We have audited the *Financial Report* of Pilbara Minerals Limited (the Company).

In our opinion, the accompanying Financial Report of the Company is in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the *Group*'s financial position as at 30 June 2017 and of its financial performance for the year ended on that date; and
- complying with Australian Accounting Standards and the Corporations Regulations 2001.

The Financial Report comprises:

- Consolidated statement of financial position as at 30 June 2017
- Consolidated statement of profit or loss and other comprehensive income, Consolidated statement of changes in equity, and Consolidated statement of cash flows for the year then ended
- Notes including a summary of significant accounting policies
- Directors' Declaration.

The *Group* consists of the Company and the entities it controlled at the year-end or from time to time during the financial year.

#### **Basis for opinion**

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Group in accordance with the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the Financial Report in Australia. We have fulfilled our other ethical responsibilities in accordance with the Code.

#### **Key Audit Matters**

The Key Audit Matter we identified was:

Acquisition of Mineral Rights

**Key Audit Matters** are those matters that, in our professional judgment, were of most significance in our audit of the Financial Report of the current period.

The matter was addressed in the context of our audit of the Financial Report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on the matter.

#### **Acquisition of Mineral Rights (\$50 million)**

Refer to Note 3.2.1 to the Financial Report

#### The key audit matter

Identification and measurement of assets acquired in the transaction with Mineral Resources Limited was considered to be a key audit matter due to:

- the size of the transaction (\$50 million); and
- the judgement required in the application of AASB 2 Share-Based Payment (the standard).

The Group performed a valuation of the Mineral Rights acquired in accordance with the standard. The significant judgements that we focused on included:

- the rationale for capitalising (as opposed to expensing) the costs associated the extinguishment of a future royalty payable and the right of first refusal to purchase lithium products:
- the assessment of the fair value of the Mineral Rights acquired; and
- the fair value of the shares issued based on the terms of the transaction.

To assess the significant judgements of this key audit matter, we involved senior audit team members, including share-based payment specialists.

#### How the matter was addressed in our audit

Our procedures included:

- Evaluating the basis on which the extinguished royalty and right of first refusal is able to be capitalised as a Mineral Right in accordance with AASB 138 Intangible Assets.
- Working with our share-based payment specialists, we challenged the valuation assumptions used in determining the fair value of the acquired Mineral Right. This included:
  - Evaluating whether the Mineral Right were reliably estimable, or whether the cost of the acquired Minerals Right should be based on the fair value of the shares issued as consideration. This included, critically assessing the Group's assessment for determining a value for the Mineral Right utilising a discounted cash flow methodology. This was analysed with reference to definitive feasibility studies completed, ongoing studies for the expansion of the Pilgangoora project and the risks of the Pilgangoora project.
  - Analysing the underlying agreement to assess the Group's assessment of the grant date and fair value of shares issued as consideration.

#### Other Information

Other Information is financial and non-financial information in Pilbara Minerals Limited's annual reporting which is provided in addition to the Financial Report and the Auditor's Report. The Directors are responsible for the Other Information.

The Other Information we obtained prior to the date of this Auditor's Report was the Director's Report. The Chairman's Report, Managing Director's Report, ASX additional information and other operational update reports are expected to be made available to us after the date of the Auditor's Report, but prior to the issuance of Pilbara Minerals Limited's Annual Report.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not and will not express an audit opinion or any form of assurance conclusion thereon, with the exception of the Remuneration Report and our related assurance opinion.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

#### Responsibilities of the Directors for the Financial Report

The Directors are responsible for:

- preparing the Financial Report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001
- implementing necessary internal control to enable the preparation of a Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error
- assessing the Group's ability to continue as a going concern. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

#### Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the Auditing and Assurance Standards Board website at: <a href="http://www.auasb.gov.au/auditors\_files/ar2.pdf">http://www.auasb.gov.au/auditors\_files/ar2.pdf</a>. This description forms part of our Auditor's Report.

## Report on the Remuneration Report

#### **Opinion**

In our opinion, the Remuneration Report of Pilbara Minerals Limited for the year ended 30 June 2017, complies with *Section 300A* of the *Corporations Act 2001*.

#### **Directors' responsibilities**

The Directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with *Section 300A* of the *Corporations Act 2001*.

#### Our responsibilities

We have audited the Remuneration Report included in the Directors' report for the year ended 30 June 2017.

Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with *Australian Auditing Standards*.
