This statement outlines the main corporate governance practices in place throughout the financial year, which comply with the ASX Corporate Governance Council's "Principals of Good Corporate Governance and Best Practice Recommendations", unless otherwise stated. The Company has followed each of the Recommendations where the Board has considered the practices appropriate, taking into account factors such as size of the Company and Board, the resources available, and the activities of the Company.

The Company's corporate governance policies and practices are reviewed regularly and will continue to be developed and refined to meet the needs of the Company. The Company also includes information about its corporate governance practices on the Company's website at www.empired.com including the Board charter, the group's code of conduct and other policies and procedures relating to the Board and its responsibilities.

ASX Corporate Governance Principles and Recommendations

1. **Principle 1: Lay a solid foundation for management and oversight – companies should establish and disclose the respective roles and responsibilities of board and management and how their performance is monitored and evaluated**

1.1 Recommendation 1.1

A listed entity should disclose:

- (a) the respective roles and responsibilities of its board and management; and
- (b) those matters expressly reserved to the board and those delegated to management.

Compliance with ASX Recommendation:

The Company has adopted a Board Charter.

Under the Board Charter, the Board is responsible for charting the direction, strategies and financial objectives for the Company, monitoring the implementation of those policies, strategies and financial objectives, and monitoring compliance with regulatory requirements and ethical standards.

Within the context of the overall responsibilities set out above, and in addition to matters expressly required by law to be approved by the Board, the Board has the following specific responsibilities:

- (a) to oversee the Company's control and accountability systems;
- (b) to appoint the Managing Director and the Company Secretary and determine the terms and conditions of their appointment (including remuneration), and to set criteria for, and evaluate at least annually, their performance;
- (c) to monitor and assess management's performance in carrying out any strategies, meeting any objectives and observing any budgets approved by the Board, and to ensure that sufficient resources are available to management for those purposes;

The Chairman, the Managing Director and the incumbent Directors assessed each of the other Directors prior to their election or appointment, and they consider that each candidate had appropriate experience that was of value to the Company and had a strong professional reputation in their relevant industry.

As a matter of practice, the Company includes in its notices of meeting a brief biography of each Director who stands for election or re-election. The biography sets out the relevant qualifications and professional experience of the nominated Director for consideration by shareholders. This information is also include on the Company's website.

1.3 **Recommendation 1.3**

A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.

Compliance with ASX Recommendation: followed

The Company seeks to engage or employ its Directors and other senior executives under written agreements setting out key terms and otherwise governing their engagement or employment by the Company.

1.6 Recommendation 1.6

A listed entity should:	
(a)	have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and
(b)	disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.

Compliance with ASX Recommendation: not followed

The Company does not have in place a formal process for evaluation of the Board, its committees and individual Directors.

The small size of the Board and the nature of the Company's activities make the establishment of a formal performance evaluation strategy unnecessary. Performance evaluation is a discretionary matter for consideration by the entire Board and in the normal course of events the Board will review performance of senior management, Directors and the Board as a whole.

1.7 Recommendation 1.7

A listed entity should:

- (a) have and disclose a process for periodically evaluating the performance of its senior executives; and
- (b) disclose in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.

Compliance with ASX Recommendation: followed

The Company has in place a formal process for evaluation of its key executives.

Performance of key executives are measured annually and assessed against objectives set by the Board of Directors.

2. Principle 2: Structure the Board to add value – a listed entity should have a board of an appropriate size, composition, skills and commitment to enable it to discharge its duties effectively

2.1 Recommendation 2.1

- (a) have a nomination committee which:
 - (i) has at least three members, a majority of whom are independent directors; and

- (b) if it does not have a nomination committee, disclose that fact and the processes it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.

Compliance with ASX Recommendation: 2.1(a) not followed, 2.1(b) followed

The Company does not have a nomination committee.

The full Board, which comprises four Non-Executive Directors and one Executive Director, considers the matters and issues that would otherwise be addressed by a nomination committee.

Candidacy for the Board is based on merit against objective criteria with a view to maintaining an appropriate balance of skills and experience. As a matter of practice, candidates for the office of Director are individually assessed by the Chairman and the Managing Director before appointment or nomination to ensure that they possess the relevant skills, experience, personal attributes and capability to devote the necessary time and commitment to the role.

The Board considers that, given the current size and scope of the Company's operations, no efficiencies or other benefits would be achieved by establishing a separate nomination committee.

The Board intends to reconsider the requirement for, and benefits of, a separate nomination committee as the Company's operations grow and evolve.

2.2 Recommendation 2.2

A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership.

Compliance with ASX Recommendation: not followed

The Company does not currently have a skills or diversity matrix in relation to the Board members. The Board considers that such a matrix is not necessary given the current size and scope of the Company's operations. The Board may adopt such a matrix at a later time as the Company's operations grow and evolve.

2.3 Recommendation 2.3

- (c) the length of service of each director.

The Company has three Directors who satisfy the criteria for independence as outlined in Box 2.3 of the ASX Recommendations, being all Directors other than Managing Director Russell Baskerville.

The Board currently comprises the following members:

The Chairman of the Company, Mr Richard Bevan, who is an independent director in accordance with the criteria for independence as outlined in Box 2.3 of the ASX Recommendations.

2.6 Recommendation 2.6

A listed entity should have a program for inducting new directors and provide appropriate professional development opportunities for directors to develop and maintain the skills and knowledge needed to perform their role as directors effectively.

Compliance with ASX Recommendation: followed in part

The Company does have an induction process for new Directors however it does not have a formal professional development program for Directors.

All Directors are generally experienced in company operations, albeit in different aspects (e.g. operations, finance, corporate governance etc), and have listed company experience. Some of the current Directors are also directors of other listed companies. The Board seeks to ensure that all of its members understand the Company's operations. Directors also attend, on behalf of the Company and otherwise, technical and commercial seminars and industry conferences which enable them to maintain their understanding of industry matters and technical advances.

Noting the above, the Board considers that a formal professional development program for Directors is not necessary given the current size and scope of the Company's operations, though the Board may adopt such a program in the future.

However, the Directors note that there is no market for exchange-traded options in respect of the Company's securities and, for all practical purposes, there is no capacity for scheme participants to directly limit the economic risk associated with their holdings of Company securities pursuant to the Company's equity-based remuneration scheme.

The Securities Trading Policy is available on the Company's website.
