KTA, KTAOB

Projects

Dalgara, WA, Ta-Li-Rb

Mac Well, WA, Beryl

Krakatoa Resources Ltd ("Krakatoa" or "the Company", ASX: **KTA**) is pleased to announce a site visit at the Dalgara Project between the Company and the Wajarri Yamatji Native Title Claim (Wajarri Yamatji) has occurred with Wajarri Yamatji confirming that no Aboriginal Sites, cultural materials or heritage values were identified within the project area.

Therefore, Wajarri Yamatji believes that the Company's drill program can move forward without breaching the *Aboriginal Heritage Act 1972*.

The Company's 12-hole Reverse Circulation (RC) drilling program has been implemented to assess grade along strike of mineralisation exposed in the open pit, where the pegmatite occurrences are known to thicken and test areas where the presence of zinnwaldite and lepidolite was noted and have returned anomalous Li, Rb, Nb, or Ta geochemistry.
