

ASX PRESS RELEASE

## BrainChip September Investor Conferences

**Aliso Viejo, California – September 7, 2017** BrainChip Holdings Ltd. (“BrainChip” or the “Company”) (ASX:BRN), a leading developer of software and hardware accelerated solutions for advanced artificial intelligence (AI) and machine learning applications, is pleased to announce that the Company will be participating in investor conferences during September, commencing in Australia on 12th September 2017.

The presentations will cover recently announced new product development, commercial relationships and financial disclosures, presentation materials utilised during the respective events will be made accessible on the press release page of BrainChip’s website at [www.brainchipinc.com](http://www.brainchipinc.com).

### About BrainChip Holdings Ltd (ASX:BRN)

BrainChip Holdings Ltd. is a leading provider of software and hardware-accelerated solutions for Advanced Artificial Intelligence and Machine Learning applications. The Company has developed a revolutionary new spiking neural network technology that can learn autonomously, evolve and associate information just like the human brain. The technology, which is proprietary, is fast, completely digital and consumes very low power. The Company provides software and hardware solutions that address the high-performance requirements in Civil Surveillance, Gaming, Facial Recognition and Visual Inspection systems.
