In accordance with this policy, all information provided to ASX is made available on the Company's website (www.gbmr.com.au)

Share Trading Policy

The Company has adopted a Share Trading Policy to maintain investor confidence in the integrity of Company's internal controls and procedures, and to provide guidance on avoiding any breach of insider trading laws.

Under the policy, all employees and Directors are prohibited from trading in the Company's securities, except during a 10 day trading window that opens 24 hours after the Company makes a public announcement on ASX, including, but not limited to, after a general meeting, and on disclosure of half year, full year and quarterly results.

The Chief Executive Officer is primarily responsible for administering this policy, which sets out the way in which various types of risk are to be managed, including by reviews of internal controls, financial reporting, operational activities, investment proposals, environmental and safety risks and continuous improvement.

Diversity policy

The Board has adopted a diversity policy which provides a framework for the Company to achieve, amongst other things, a diverse and skilled Board and workforce, a workplace culture characterised by inclusive practices and behaviours for the benefit of all staff, and a work environment that values and utilises the contributions of all employees, irrespective of gender, culture, disability, age or religion.

The Company employs new employees and promotes current employees on the basis of performance, ability and attitude. The Board is continually reviewing its practices with a focus on ensuring that the selection process at all levels within the organisation is formal and transparent and that the workplace environment is open, fair and tolerant.

The Company, in keeping with the recommendations of the Corporate Governance Council provides the following information regarding the proportion of gender diversity in the organisation as at 30 June 2017:

	Proportion of female / total number of persons employed
Females employed in the Company as a whole	0 / 3
Females employed in the Company in senior executive positions*	0 / 0
Females appointed as a Director of the Company	0 / 3

*There are no individuals considered by the Board to be senior executives outside of the Company’s directors.

The recommendations of the Corporate Governance Council relating to reporting require a Board to set measurable objectives for achieving diversity within the organisation, and to report against them on an annual basis. The Company has implemented measurable objectives as follows:

Measurable Objective	Objective Satisfied	Comment
Adoption and promotion of a Formal Diversity Policy	Yes	The Company has adopted a formal diversity policy which has been made publicly available via the ASX and the Company's website.
To ensure Company policies are consistent with and aligned with the goals of the Diversity Policy	Yes	The Company's selection, remuneration and promotion practices are merit based and as such are consistent with the goals of the Company's Diversity Policy.
To provide flexible work and salary arrangements to accommodate family commitments, study and self-improvement goals, cultural traditions and other personal choices of current and potential employees.	Yes	The Company will, where considered reasonable and where compatible with the Company's operations, accommodate requests for flexible working arrangements.
To implement clear and transparent policies governing reward and recognition practices.	Yes	The Company grants reward and promotion based on merit and responsibility as part of its annual and ongoing review processes.
To provide relevant and challenging professional development and training opportunities for all employees.	Yes	The Company seeks to continually encourage self-improvement in all employees, irrespective of seniority, ability or experience, through external and internal training courses, regular staff meetings and relevant on job mentoring.

The Company has not at this time implemented specific measurable objectives regarding the proportion of females to be employed within the organisation or implement requirements for a proportion of female candidates for employment and Board positions. The Board considers that the setting of quantitative gender based measurable targets is not necessarily consistent with the merit and ability based policies currently implemented by the Company.

The Board will consider the future implementation of gender based diversity measurable objectives when more appropriate to the size and nature of the Company's operations.
