REQUEST FOR VOLUNTARY SUSPENSION

Pursuant to ASX Listing Rules, Neurotech International Limited (Company) requests an immediate voluntary suspension to be granted in relation to the Company's securities (ASX code: NTI). The Company advises that:

- The voluntary suspension is necessary for the Company to make an announcement to the market in relation to a capital raising.
- The voluntary suspension is requested until the earlier of 7.00am AWST on Monday 16 October 2017 or the release of an announcement in relation to the proposed capital raising referred to above.
- The Company is not aware of any reason why a voluntary suspension should not be granted or of any other information necessary to inform the market about the voluntary suspension.

About Neurotech

Neurotech International Limited is a medical device and solutions company incorporated in Australia and operating through its wholly-owned, Malta-based subsidiary AAT Research Limited. Neurotech's primary mission is to improve the lives of people with neurological conditions, with a vision of becoming the global leader in home-use and clinical neurotechnology solutions that are both accessible and affordable. Through flagship device Mente Autism and its associated platform, Neurotech is focused on the development and commercialisation of technological solutions for the diagnosis and treatment of such conditions, starting with autism.

Neurotech International Ltd

ABN 73 610 205 402
Level 14, 191 St Georges Terrace
Perth, Western Australia 6060
www.neurotechinternational.com

Mente Autism is a clinical-quality EEG device that uses neurofeedback technology to help children with ASD. Designed for home use, Mente Autism helps relax the minds of children on the spectrum which in turns helps them to focus better and engage positively with their environment.
