ABT's Global Distribution Network Expands

- **Four new international distributors appointed**
- **New Sales Director appointed**

Advanced Braking Technology Limited (ASX: ABV) ('ABT' or 'the Company') today announced the appointment of four new international distributors across Europe and South America.

The new distributors are all well established key suppliers to the mining industry and other industries operating in harsh environments with a requirement for high performance brakes.

The Company also announced the appointment of Dean Robinson as Head of Sales. Dean is highly experienced in international sales in the manufacturing sector and is well known to many of the Company's clients having previously worked for ABT.

ABT's Chief Executive Officer, Mr Peter Hildebrandt commented, "Our global distributor network is enhanced significantly with the addition of these four new distributors, who expand our opportunities to supply both the SIBS[®] wet brakes and Terra Dura[®] brakes."

"We have also expanded our sales team with the appointment of Dean Robinson whose focus is on expanding channels to market," he said.

Details of new Distributors

Indeq Oy, FINLAND

A Finnish company founded over 20 years ago by Russian emigres to Finland, Indeq Oy specialises in supplying equipment to the Russian mining sector, with four branches in Russia, as well as servicing the mining sector in the Nordic region and Kazakhstan.

FD 4x4 Centre, NETHERLANDS

FD 4x4 Centre is a Dutch company supplying the mining sector with light vehicles throughout Europe and recognised as an innovator of light vehicles for the industry. They are also a key supplier to a Swedish mining conglomerate, with their largest zinc mine in Europe scheduled to test FD 4x4 Centre's revolutionary new electric Land Cruiser.

International Motors Ltd

International Motors is part of the International Motors Group (IMG) and is a 'managed markets' company with a portfolio covering several territories representing Isuzu and Subaru. International Motors has 103 Isuzu dealers in the UK and 84 in Sweden, along with other dealers in Scandinavia and the Baltics.

Their Group sales turnover in 2016 was GBP 626 Million.

International Motors also offers specialised enhancements for vehicles required by sectors operating in harsh environments.

Minecorp-Chile, CHILE

Minecorp-Chile is based in Santiago, supplying the mining sector in Chile and Peru with light vehicles enhanced for the sector.

They are a key driver for increased safety in the mining industry, through robust lobbying of Government Mining Ministries in Chile and Peru and gaining increases in regulated certification of safety requirements for light vehicles.
