

Navigator Resources Limited - Quarterly Report (September 2017)

Highlights:

- **Gold in soil anomalies defined at the Violet Gold Project**
- **Progress for acquisition of First Pharma**

Violet Gold Project (P40/1349, 100% interest)

During the quarter, the Company continued geochemical exploration activities at the Violet Gold Project. A total of 84 soil geochemical samples were taken on a 100x100m grid across the Project. Results ranged from detection limit of 1ppb through to 235ppb Au. Two discrete mineralised trends were identified that warrant further investigation. Detailed geological mapping is proposed to be completed to refine the understanding of the extent and controls on mineralisation. Please refer to the ASX announcement dated 23 August 2017 for a more detailed description.

First Pharma – Heads of Agreement

Navigator entered into a binding heads of agreement (“HOA”) to acquire 100% of the issued capital of First Pharma Pty Limited, an Australian-based OTC pharmaceutical business on 27 March 2017. The transaction has been delayed as the parties have been working with the regulators to determine the information that will be required in order to re-comply with Chapters 1 and 2 of the ASX Listing Rules.

In order to allow the parties to continue progressing the Transaction, the Company confirms that the term of the HOA has been extended to 30 November 2017.
