(Executive Chairman)

Notes

- 1. The quarterly report provides a basis for informing the market how the entity's activities have been financed for the past quarter and the effect on its cash position. An entity that wishes to disclose additional information is encouraged to do so, in a note or notes included in or attached to this report.
- If this quarterly report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, AASB 107: Statement of Cash Flows apply to this report. If this quarterly report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
- 3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.

Notes Attached to this Report

As announced 25 September 2017, the board accepted an offer to recapitalise the Company. The Company received an initial injection of funds, post 30 September, which resulted in all outstanding debts being repaid and sufficient cash being available to support the Company's near-term business objectives.

The Company has for some time been suffering from a lack of sufficient capital to increase the number of projects in any one year, due in part to the negative sentiment in the WA building and development industry. The nature of the industry in which the Company operates is subject to lengthy periods of inactivity due to extended periods of council and other regulatory approvals that are outside of the Company's control, as has been set out in the Company's recent market announcements.

The Company's existing capital structure and liability position restricted the Company's ability to raise capital sufficient for it to increase activities to a cash flow positive position. As such, the Company canvassed options with respect to its recapitalisation so that it can re-commence and accelerate its activities within the industry in which it currently operates.

The board of Directors support the proposed recapitalisation and intend to unanimously recommend the proposal to shareholders and vote their own shares in favour of the necessary resolutions to approve the Recapitalisation proposal at a meeting of shareholders. The Board believes that Energy Capital Partners will assist the Company in expanding the Company's existing core business, as well as identifying and evaluating other potential opportunities that could create additional shareholder value.

The Board is pleased that Energy Capital Partners and its group of investors will inject new life into the Company. The Recapitalisation is subject to shareholder approval. A notice of meeting containing full details of the proposal and all necessary shareholder resolutions will be mailed to shareholders in due course.
