TRADING HALT REQUEST

In accordance with the requirements of Listing Rule 17.1, eSense-Lab Ltd (the Company) (ASX: ESE) hereby requests a voluntary and immediate trading halt of the Company's securities pending an announcement by the Company regarding a direct investment and collaboration agreement with a strategic cornerstone investor, in parallel with a sophisticated investor placement.

The Company requests the trading halt until the earlier of commencement of trade on Tuesday 14 November 2017, or upon the provision of an announcement to the ASX by the Company regarding the above.

The Company is not aware of any reason why the trading halt should not be granted nor of any other information necessary to inform the market about the trading halt.

For and on behalf of the Board.

Steven Wood
Company Secretary

About eSense-Lab

eSense-Lab (ASX: ESE) is a life sciences company specialising in the commercialisation of the phytochemical profiling of plants. The Company combines genetics, mRNA, protein expression and phytochemical profiles to generate a comprehensive model of rare or high value plants. eSense-Lab can then use this model to 'reverse engineer' a terpene profile, which is a naturally occurring formulation of different individual terpenes which together account for many of the plant's health and medical benefits, whilst also exactly replicating the flavour, fragrance and other desired characteristics of the targeted plant, at a more sustainable and cheaper cost.
