## 1. Investment overview

### 1.1 Introduction

The Board of Kabuni Limited (ACN 158 307 544) (**Kabuni** or **Company**) is undertaking a non-renounceable pro rata offer (**Rights Offer**) pursuant to which Eligible Shareholders will have the opportunity to subscribe for 9 new fully paid ordinary shares in the Company (**New Shares**) for every 10 Shares held as at the Record Date, with two free attaching options (**Free Attaching Options**) exercisable at \$0.004 each on or before 30 April 2021 to be issued for every 5 New Shares subscribed for.

The Rights Offer is being made to all registered holders of Shares as at the Record Date, being 5.00pm (WST) on 23 November 2017, whose registered address is in Australia or New Zealand.

Any New Shares and Free Attaching Options not subscribed for under the Rights Offer will form the Shortfall and will be offered under the Shortfall Offer, which is a separate offer under this Prospectus. Refer to Section 2.9 for more information regarding the Shortfall Offer.

### 1.2 Purpose of the Offers

If fully subscribed, the Offers will raise approximately \$574,423 (before payment of costs associated with the Offers).

The Company intends to apply the funds raised under the Offers as follows:

Use of funds	Amount at half subscription	Amount at full subscription
Sales and marketing	\$50,000	\$50,000
Costs of the Offers	\$46,383	\$55,000
Working capital	\$190,828	\$469,423
<b>Total</b>	<b>\$287,211</b>	<b>\$574,423</b>

**Notes:**

1. If funds raised are less than full subscription, the Company will allocate those funds first towards the costs of the Offers, sales & marketing and then to working capital.
2. Working capital includes corporate administration, directors' fees, project evaluation, ASX and share registry fees, legal, tax and audit fees, insurance and travel costs.

The information in this table is a statement of present intention as at the date of this Prospectus. The exact amount of funds spent by the Company will depend on many factors that cannot be ascertained at this time.

If the maximum amount is raised under the Offers, the Board believes the Company will have sufficient funds to achieve its objectives. If less than the maximum amount is raised under the Offers, the Board may consider additional financing in order to fund its business activities.

### 1.3 Key risks

In addition to risks specific to the Company as described in detail in Section 6, the risks set out below have been identified as being key risks specific to an investment

in the Company. These risks may adversely affect the Company's financial position, prospects and price of its securities.

- (a) **Future capital requirements:** The Company may require substantial further financing in the future for its business activities, in addition to amounts raised pursuant to the Offers. Any additional equity financing may be dilutive to Shareholders, may be undertaken at lower prices than the current market price (or the price under the Offers) or may involve restrictive covenants which limit the Company's operations and business strategy.

Although the Directors believe that additional capital can be obtained, no assurances can be made that appropriate capital or funding, if and when needed, will be available on terms favourable to the Company or at all. If the Company is unable to obtain additional financing as needed, it may be required to reduce, delay or suspend its operations and this could have a material adverse effect on the Company's activities and could affect the Company's ability to continue as a going concern.

- (b) **Negative operating cash flow / going concern risk:** The Company has limited financial resources. To date, Kabuni has experienced negative operating cash flow. Kabuni expects to continue to incur losses unless and until such time as Kabuni generates sufficient revenues to fund its continuing operations. The Company has no history of earnings, and there is no assurance that Kabuni will generate earnings, operate profitably or provide a return on investment in the future.
- (c) **Potential acquisitions:** As part of its business strategy, the Company may make acquisitions of or significant investments in companies, products or technologies. Any such future transactions would be accompanied by the risks commonly encountered in making acquisitions of companies, products or technologies.

Information about how to accept your Rights and apply for the New Shares is set out in Section 3.

### **2.2 Non-renounceable offer**

The Rights Offer is non-renounceable which means that Eligible Shareholders cannot transfer their right to subscribe for New Securities under the Rights Offer to anyone else. Any New Securities that are not taken up by the Closing Date will automatically lapse and will form part of the Shortfall (see Section 2.9 for further details).

### **2.3 Entitlement and eligibility**

The Offers are made to Eligible Shareholders only.

All Shareholders with a registered address in Australia or New Zealand and who are registered as the holder of Shares at 5.00pm (WST) on Thursday, 23 November 2017 (**Record Date**) are Eligible Shareholders. The Offers are not extended to Shareholders who do not meet this criteria.

The number of New Shares to which you are entitled is shown on your Entitlement and Acceptance Form accompanying this Prospectus.

Where the determination of the Entitlement of any Eligible Shareholder results in a fraction of a New Share, such fractions will be rounded to the nearest whole New Share, except where there is a half cent, in which case fractions will be rounded down.

To apply for New Securities under the Rights Offer, you must complete your Entitlement and Acceptance Form and lodge it with payment for the New Securities, or make a payment by the BPay® facility, by no later than 5.00pm (WST) on the Closing Date. Please see Section 3 for further information about accepting the Rights Offer.

Your rights to participate in the Rights Offer will lapse if you do not accept your Entitlement by the Closing Date. Any New Securities not applied for will form part of the Shortfall.

The Company reserves the right (in its sole discretion) to:

- (a) reject any application that it believes comes from a person who is not an Eligible Shareholder; and
- (b) reduce the number of New Securities allocated to Eligible Shareholders, or persons claiming to be Eligible Shareholders, if their claim to be entitled to participate in the Rights Offer proves to be false, exaggerated or unsubstantiated.

The Directors reserve the right not to proceed with the whole or any part of the Rights Offer at any time prior to the allotment of New Shares. In that event, relevant Application Monies will be refunded without interest.

## **2.4 Opening Date and Closing Date**

The Offers will open for receipt of Applications on Monday, 27 November 2017 (**Opening Date**) and will close at 5.00pm (WST) on Friday, 8 December 2017 (**Closing Date**). ## **2.5 No minimum subscription**

There is no minimum subscription to the Offers.

## **2.6 Underwriting and broking**

The Offers are not underwritten.

The Company has appointed ACNS Capital Markets Pty Ltd trading as Alto Capital (ACN: 088 503 208) AFSL 279099 as the lead manager to the Offers (**Lead Manager**).

Refer to Section 8.1 for a summary of the Company's mandate agreement with the Lead Manager.

## **2.7 Placement to Directors**

Separately to the Offers under this Prospectus, the Company intends to conduct a placement to some or all of the Directors of the Company, of new Securities on the same terms as the New Securities offered under this Prospectus, being new Shares at an issue price of \$0.002 each, with 2 free attaching Options exercisable at \$0.004 each on or before 30 April 2021 for every 5 new Shares issued (**Director Placement**).

The number of Securities to be issued to the Directors pursuant to the Director Placement has not yet been finalised. As at the date of this Prospectus, the Company anticipates raising up to \$52,000 pursuant to the Director Placement.

The Director Placement is intended to take place after the close of the Offers, and will be subject to Shareholder approval.

## **2.8 Rights and liabilities attaching to New Shares and Free Attaching Options**

The New Shares issued under this Prospectus and on the exercise of Free Attaching Options will be fully paid and will rank equally in all respects with existing Shares. Each Free Attaching Option will be exercisable at \$0.004 on or before 30 April 2021. A summary of the rights and liabilities attaching to the New Shares and Free Attaching Options is set out in Section 5.

## **2.9 Shortfall Offer**

Any New Shares and Free Attaching Options not subscribed for under the Rights Offer will form the Shortfall and will be offered under the Shortfall Offer.

The Shortfall Offer is a separate offer under this Prospectus. The issue price of the New Shares under the Shortfall Offer is \$0.002 (equal to the issue price under the Rights Offer).

An individual, including an Eligible Shareholder, may apply for additional New Shares and Free Attaching Options under the Shortfall Offer provided they are eligible under all applicable securities laws to receive an offer under the Shortfall Offer.

The Shortfall Offer will open on Monday, 27 November 2017 and unless extended will close on Friday, 8 December 2017, being the same dates as the Rights Offer.

If after the close of the Offers, any Shortfall has not been subscribed for under the Rights Offer or Shortfall Offer, the Directors reserve the right to place some or all of that Shortfall within 3 months of the close of the Offers.

The Directors, in consultation with the Lead Manager, will have discretion as to how to allocate the Shortfall both under the Shortfall Offer, and after the close of the Offers.

The Company cannot guarantee that you will receive the number of Shortfall Securities you apply for. If you do not receive any or all of the Shortfall Securities you applied for, the excess Application Monies will be returned to you without interest.

The Company will not allocate Shortfall Securities to the extent that the recipient's voting power in the Company would exceed 20%.

Payment by BPay® should be made according to the instructions set out on the Entitlement and Acceptance Form using the BPay® Biller Code and Customer Reference Number shown on the form. You can only make a payment via BPay® if you are a holder of an account with an Australian financial institution that supports BPay® transactions.

The reference number shown on each Entitlement and Acceptance Form (**Reference Number**) is used to identify your holding. If you have multiple holdings you will have multiple Reference Numbers. If you pay by BPay® and do not pay for your full Entitlement, the remaining Entitlement will form part of the Shortfall.

If you pay by BPay®:

- (a) you do not need to return the Entitlement and Acceptance Form but are taken to have made the declarations on that form; and

- (b) if you do not pay for your Entitlement in full, you are deemed to have taken up your Entitlement in respect of such whole number of New Securities which is covered by your Application Monies.

You must ensure that your completed Entitlement and Acceptance Form or payment by BPay® is received by 5.00pm (WST) on the Closing Date. Your financial institution may implement cut-off times with regards to electronic payment and you should therefore take this into consideration when making payment. The Company is not responsible for any postal or delivery delays or delay in the receipt of BPay® payment.

Application for official quotation on ASX of the New Shares issued pursuant to this Prospectus will be made within 7 days after the date of this Prospectus. The fact that ASX may agree to grant official quotation of the New Shares is not to be taken in any way as an indication of the merits of the Company or the Securities. If permission for quotation is not granted by ASX within 3 months after the date of this Prospectus, the Securities will not be issued and Application Monies will be refunded (without interest) as soon as practicable.

It is your responsibility to determine your holdings before trading in Securities. Any person who sells Securities before receiving confirmation of their holding will do so at their own risk.

The Directors reserve the right not to proceed with the whole or any part of the Offers at any time before the issue of New Securities. In that event, relevant Application Monies will be refunded without interest.

### **3.8 No brokerage**

Any interest earned on Application Monies will be for the benefit of, and will remain the sole property of, the Company, and will be retained by the Company whether or not the allotment and issue of New Securities takes place.

Applications and Application Monies may not be withdrawn once they have been received by the Company.

### **3.10 Excluded Shareholders**

The Rights Offer is not made to Shareholders who on the Record Date have a registered address outside Australia or New Zealand (**Excluded Shareholders**). Neither the Prospectus nor the Entitlement and Acceptance Form constitutes an offer

or invitation in any place in which, or to any person to whom, it would not be lawful to make such an offer or invitation.

In making the decision to not extend the Rights Offer to Excluded Shareholders the Company has taken into account the small number Shareholders outside Australia and New Zealand, the number and value of New Shares that would be offered to Shareholders outside Australia and New Zealand and the cost of complying with the legal requirements and requirements of regulatory authorities in the overseas jurisdictions.

The Rights Offer made to Eligible Shareholders with an address in New Zealand is made in reliance on the transitional provisions of the *Financial Markets Conduct Act 2013* (New Zealand) and the *Securities Act (Overseas Companies) Exemption Notice 2013* (New Zealand). This Prospectus has not been registered, filed with or approved by any New Zealand regulatory authority. This Prospectus is not an investment statement or prospectus under New Zealand law and is not required to, and may not, contain all the information that an investment statement or prospectus under New Zealand law is required to contain.

The Rights Offer is made to all Eligible Shareholders. The Company is not required to determine whether or not any registered Eligible Shareholder is holding Shares on behalf of persons who are resident outside Australia or New Zealand (including nominees, custodians and trustees) or the identity or residence of any beneficial owners of Shares. Any Eligible Shareholders holding Shares on behalf of persons who are resident outside Australia and New Zealand are responsible for ensuring that any dealing with New Shares issued under the Rights Offer do not breach the laws and regulations in the relevant overseas jurisdiction, and should seek independent professional advice and observe any applicable restrictions relating to the taking up of Rights or the distribution of this Prospectus or the Entitlement and Acceptance Form.

The distribution of this Prospectus and accompanying application (including electronic copies) outside Australia or New Zealand may be restricted by law and therefore persons who come into possession of this Prospectus should seek advice on and observe any such restrictions. Any failure to comply with such restrictions may constitute a violation of applicable securities laws.

#### **4.3 Pro forma statement of financial position**

Set out below is:

- (a) the audited consolidated statement of financial position of the Company as at 30 June 2017; and
- (b) the unaudited pro forma consolidated statement of financial position of the Company as at 30 June 2017 incorporating the effect of the Offers at full subscription.

The unaudited pro forma consolidated statement of financial position has been derived from the financial statements of the Company and adjusted to reflect pro forma assets and liabilities of the Company as if completion of the Offers had occurred by 30 June 2017. The historical and pro-forma information is presented in an abbreviated form. It does not include all of the disclosures required by the Australian Accounting Standards applicable to annual financial statements.

The pro forma statement of financial position has been prepared on the following basis:

- (a) the maximum number of Securities are subscribed for under the Offers, being 287,211,488 New Shares at \$0.002 each and 114,884,595 Free Attaching Options, thereby raising up to \$574,423 of capital pursuant to the Prospectus;
- (b) 40,000,000 unlisted Options exercisable at \$0.004 on or before 30 April 2021 are issued to the Lead Manager, as set out in Section 8.1;
- (c) the Held for Sale Assets and Held for Sale Liabilities of the Company at 30 June 2017 which relate to the assets and liabilities of Kabuni Technologies Inc and Kabuni Technologies (India) Inc have been written off to the Profit & Loss Statement, which reflects the sale of these assets by the Company to Print The Future, Inc in October 2017; and

The funds raised from the issue of the Convertible Notes has been applied against expenditure incurred in the course of business and therefore written off to the Profit & Loss Statement.

The unaudited consolidated pro forma statement of financial position has been prepared on the basis that there are no material movements in the assets and liabilities of the Consolidated Entity between 30 June 2017 and the completion of the Offers except for those noted above.

No allowance has been made for expenditure incurred in the normal course of business from 30 June 2017 to the Closing Date.

#### 4.4 Potential dilution

The Company's current issued Share capital comprises 319,123,876 Shares. If the Rights Offer is fully subscribed, 287,211,488 New Shares will be issued. Consequently, the Shareholdings of Shareholders who do not participate in the Rights Offer may be diluted by up to approximately 90%.

Examples of how the Rights Offer may dilute the holdings of Shareholders, assuming the Rights Offer is fully subscribed, are set out in the table below.

Holder	Shares held before Offers		Minimum Shares held post Offers	
	Number	Percentage	Number	Percentage
Shareholder 1	10,000,000	3.13%	10,000,000	1.57%
Shareholder 2	5,000,000	1.57%	5,000,000	0.78%
Shareholder 3	1,000,000	0.31%	1,000,000	0.16%
Shareholder 4	500,000	0.16%	500,000	0.08%
Shareholder 5	20,000	0.01%	20,000	0.00%

**Note:** This table takes into account the issue of 319,123,876 Shares on the automatic conversion of the Convertible Notes on the Closing Date, as set out in Section 4.2 above.

#### 4.5 Details of substantial Shareholder

The Company's substantial Shareholder, J & J Bandy Nominees Pty Ltd as trustee for the J & J Bandy Superannuation Trust (**J&J Bandy**) has a relevant interest in 49,500,000 Shares, being a relevant interest of 15.51%.

If all of the Rights are accepted there will be no change to the percentage shareholding interests of J&J Bandy on completion of the rights Offer. If only part of the Rights are accepted then there may be a change to the percentage shareholding interest of the substantial Shareholders on completion of the Offer. Potential changes to the voting power of J&J Bandy are set out in Section 4.6 below.

#### 4.6 Effect of Offers on control of the Company

The Company presently has 319,123,876 Shares, 82,567,146 Listed Options, 50,687 Convertible Notes, 13,525,493 Performance Shares (various classes) and 7,513,334 Unlisted Options on issue (various classes).

The potential interests of the Company's substantial Shareholder, J&J Bandy, assuming different amounts subscribed for under the Rights Offer by other Eligible Shareholders, are shown in the table below.

Name	Percentage of total Shares before Offers	Percentage of total Shares after Offers		
		100% take up	50% take up	0% take up
J&J Bandy	15.51%	14.74%	17.66%	23.79%

**Note:** This table takes into account the issue of 319,123,876 Shares on the automatic conversion of the Convertible Notes on the Closing Date, as set out in Section 4.2 above, and assumes that no Options are exercised, and no Performance Shares vest, and that the Company does not issue any other Shares.

Descriptions of the different levels of take up are as follows:

- (a) “100% take up” assumes that all Eligible Shareholders, including each substantial Shareholder, accept 100% of their Rights, and that any Shortfall is placed;
- (b) “50% take up” assumes that J&J Bandy accepts all of its rights, and all other Eligible Shareholders accept 50% of their Rights (or that the Shortfall is otherwise placed such that 50% of Rights are accepted); and
- (c) “0% take up” assumes that J&J Bandy accepts all of its rights, and no other Eligible Shareholder accepts any of its Rights.

If J&J Bandy accepts none of its Rights, and the Offers are otherwise fully subscribed, J&J Bandy will have a relevant interest in Shares of 7.76%.

The Company and the Lead Manager in consultation with J&J Bandy intend to manage the Offers such that J&J Bandy will not acquire as a result of the Offers, a relevant interest in Shares of 20% or more.

If all of the Eligible Shareholders under the Rights Offer accept their Rights in full, then the Rights Offer will have no effect on the control of the Company. In this case, Eligible Shareholders will maintain their percentage shareholding interest in the Company.

The Company will not allocate Shortfall Securities to the extent that the recipient's voting power in the Company would exceed 20%.

#### **4.7 Effects of the Offers on activities of the Company**

The issue of New Securities under the Offers will provide funds for the purposes set out in Section 1.2.

Following the Offers, the Company intends to spend approximately \$50,000 on sales and marketing to undertake assessment of the Design Campus online database and to develop a commercialisation strategy, and to spend the remaining funds on the costs of the Offers, corporate administration, directors' fees, project evaluation, ASX and share registry fees, legal, tax and audit fees, insurance and travel costs.

## **5. Rights and liabilities attaching to Securities**

### **5.1 Rights and liabilities attaching to Shares**

The New Shares issued under this Prospectus will be fully paid ordinary shares in the capital of the Company and will rank equally with the Existing Shares.

The following is a broad summary (though not necessarily an exhaustive or definitive statement) of the rights and liabilities attaching to the Shares. Full details of the rights and liabilities attaching to the Shares are contained in the Constitution and, in certain circumstances, are regulated by the Corporations Act, the Listing Rules, the ASX Settlement Rules and the common law. The Constitution is available for inspection free of charge at the Company's registered office.

#### **(a) Share capital**

All issued ordinary fully paid shares in the capital of the Company rank equally in all respects.

#### **(b) Voting rights**

Subject to any rights or restrictions for the time being attached to any class or classes of Shares, at general meetings of Shareholders or classes of Shareholders:

- (i) each Shareholder entitled to vote may vote in person or by proxy, attorney or representative;
- (ii) on a show of hands, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder has one vote; and
- (iii) on a poll, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder has, in respect of each fully paid Share held by him, or in respect of which he is appointed a proxy, attorney or representative, one vote for the Share, but in respect of partly paid Shares has such number of votes as bears the same proportion to the total of such Shares registered in the Shareholder's name as the amount paid (not credited) bears to the total amounts paid and payable (excluding amounts credited).

#### **(c) Dividend rights**

Subject to the rights of persons (if any) entitled to Shares with special rights to dividend the Directors may declare such dividends out of profits as may appear to the Directors to be justified in accordance with the Corporations Act and may authorise the payment by the Company to the Shareholders of such a dividend. The Directors may authorise the payment to the Shareholders of such interim dividends as appear to the Directors to be justified by the profits of the Company. Subject to the rights of persons (if any) entitled to Shares with special rights as to dividend, all dividends are to be declared and paid according to the amounts paid or credited as paid on the Shares in respect of which the dividend is paid. Interest may not be paid by the Company in respect of any dividend, whether final or interim.

#### **(d) Rights on winding-up**

If the Company is wound up, the liquidator may, with the authority of a special resolution of the Company, divide among the Shareholders in kind the whole

or any part of the property of the Company, and may for that purpose set such value as he considers fair upon any property to be so divided, and may determine how the division is to be carried out as between the Shareholders or different classes of Shareholders. The liquidator may, with the authority of a special resolution of the Company, vest the whole or any part of any such property in trustees upon such trusts for the benefit of the contributories as the liquidator thinks fit, but so that no Shareholder is compelled to accept any Shares or other securities in respect of which there is any liability. Where an order is made for the winding up of the Company or it is resolved by special resolution to wind up the Company, then on a distribution of assets to members, Shares classified by ASX as restricted securities at the time of the commencement of the winding up shall rank in priority after all other Shares.

(e) **Transfer of Shares**

Generally, Shares are freely transferable, subject to formal requirements, the registration of the transfer not resulting in a contravention of or failure to observe the provisions of a law of Australia and the transfer not being in breach of the Corporations Act or the Listing Rules.

(f) **Further increases in capital**

Subject to the Constitution, the Corporations Act and the Listing Rules, the Company may allot or dispose of all or any of the Shares to such persons, and on such terms, as the Directors determine.

Subject to the Constitution, the Corporations Act and the Listing Rules, the Company may grant Options with rights of conversion to Shares or pre-emptive rights to any Shares, to any person, for any consideration, as the Directors resolve.

(g) **Variation of rights attaching to Shares**

Pursuant to section 246B of the Corporations Act, the Company may, with the sanction of a special resolution passed at a meeting of Shareholders, vary or abrogate the rights attaching to Shares.

If at any time the Share capital is divided into different classes of Shares, the rights attached to any class (unless otherwise provided by the terms of issue of the Shares of that class), whether or not the Company is being wound up may be varied or abrogated with the consent in writing of the holders of three-quarters of the issued Shares of that class, or if authorised by a special resolution passed at a separate meeting of the holders of the Shares of that class.

(h) **General meetings**

Shareholders are entitled to be present in person, or by proxy, attorney or representative to attend and vote at general meetings of the Company.

Shareholders may requisition meetings in accordance with section 249D of the Corporations Act and the Constitution.

## **5.2 Terms and conditions of Free Attaching Options**

- (a) Each Option gives the holder (**Option Holder**) the right to subscribe for one Share.

- (m) There are no participating rights or entitlements inherent in the Options and Option Holders will not be entitled to participate in new issues of capital offered to Shareholders during the currency of the Options. However, the Company will ensure that for the purposes of determining entitlements to any such issue, the record date will be at least 5 Business Days after the issue is announced. This will give Option Holders the opportunity to exercise their Options prior to the date for determining entitlements to participate in any such issue.
- (n) Subject to paragraph (l), an Option does not confer the right to a change in exercise price or a change in the number of underlying securities over which the Option can be exercised.

## 6. Risk factors

### 6.1 Introduction

Activities in the Company and its controlled entities, as in any business, are subject to risks which may impact on the Company's future performance. There can be no guarantee that the Company will achieve its stated objectives.

Prior to deciding whether to take up their Entitlement, Shareholders should read the entire Prospectus and review announcements made by the Company to ASX (at [www.asx.com.au](http://www.asx.com.au) under the code ASX:KBU) in order to gain an appreciation of the Company, its activities, operations, financial position and prospects.

An investment in New Shares should be considered speculative. New Shares carry no guarantee with respect to the payment of any dividends, returns of capital or the market value of those New Shares.

Shareholders should consider the risk factors set out in Section 1.3 above and in Section 6.2 below which the Directors believe represent some of the key, specific and general risks that Shareholders should be aware of when evaluating the Company and deciding whether to increase their shareholding in the Company. These risk factors are not intended to be an exhaustive list of all of the risk factors to which the Company is exposed.

### 6.2 Additional risks relating to the Company

In addition to the key risks out in Section 1.3 above, the following risks have been identified as being risks relevant to an investment in the Company. These risks may adversely affect the Company's financial position, prospects and price of its listed securities.

- (a) **Key personnel:** The Company's future success will depend upon its continued ability to identify, hire, develop, motivate and retain highly skilled personnel, including senior management, engineers, designers, product managers, sales representatives, and user support representatives. The loss of any key member of senior management could have a material adverse effect on the Company's business, results of operations and financial condition.
- (b) **Stock market conditions:** As with all stock market investments, there are risks associated with an investment in the Company. Share prices may rise or fall and the price of Shares might trade below or above the issue price for the New Shares.

General factors that may affect the market price of Shares include economic conditions in both Australia and internationally, investor sentiment and local and international share market conditions, changes in interest rates and the rate of inflation, variations in commodity prices, the global security situation and the possibility of terrorist disturbances, changes to government regulation, policy or legislation, changes which may occur to the taxation of companies as a result of changes in Australian and foreign taxation laws, changes to the system of dividend imputation in Australia and changes in exchange rates.

- (c) **Liquidity risk:** There can be no guarantee that there will continue to be an active market for Shares or that the price of Shares will increase. There may be relatively few buyers or sellers of Shares on ASX at any given time. This

may affect the volatility of the market price of Shares. It may also affect the prevailing market price at which Shareholders are able to sell their Shares. This may result in Shareholders receiving a market price for their Shares that is less or more than the price paid under the Offers.

- (d) **Securities investment risk:** Applicants should be aware that there are risks associated with any securities investment. Securities listed on the stock market, and in particular securities of start-up technology companies have experienced extreme price and volume fluctuations that have often been unrelated to the operating performances of such companies. These factors may materially affect the market price of the securities regardless of the Company's performance.
- (e) **Taxation:** There may be taxation implications arising from an application for Shares, the receipt of dividends (both franked and unfranked) from the Company, participation in any on-market Share buy-back and on the disposal of Shares.
- (f) **Other risks:** Other risk factors include those normally found in conducting business, including litigation resulting from the breach of agreements or in relation to employees (through personal injuries, industrial matters or otherwise) or any other cause, strikes, lockouts, loss of service of key management or operational personnel, non-insurable risks, delay in resumption of activities after reinstatement following the occurrence of an insurable risk, and other matters that may interfere with the business or trade of the Company.

### 6.3 Investment speculative

The above list of risk factors ought not to be taken as exhaustive of the risks faced by the Company or by investors in the Company. The above factors, and others not specifically referred to above, may in the future materially affect the financial performance of the Company and the value of the securities offered under this Prospectus. Therefore, the securities to be issued pursuant to this Prospectus carry no guarantee with respect to the payment of dividends, return of capital or the market value of those securities.

Potential investors should consider that the investment in the Company is speculative and should consult their professional advisers before deciding whether to apply for securities pursuant to this Prospectus.

## **7. Continuous disclosure documents**

### **7.1 Continuous disclosure obligations**

This is a prospectus for the offer of continuously quoted securities and options to acquire continuously quoted securities (as defined in the Corporations Act) of the Company and is issued pursuant to section 713 of the Corporations Act as a transaction specific prospectus. Accordingly, this Prospectus does not contain the same level of disclosure as an initial public offering prospectus.

The Company is a “disclosing entity” for the purposes of the Corporations Act and, as such, is subject to regular reporting and disclosure obligations. As a listed company, the Company is subject to the Listing Rules which require it to immediately notify ASX of any information concerning the Company of which it is or becomes aware and which a reasonable person would expect to have a material effect on the price or value of Shares, subject to certain exceptions.

Having taken such precautions and having made such enquiries as are reasonable, the Company believes that it has complied with the provisions of the Listing Rules as in force from time to time which apply to disclosing entities, and which require the Company to notify ASIC of information available to the stock market conducted by ASX, throughout the 12 months before the issue of this Prospectus.

The New Shares to be issued under this Prospectus are in a class of securities that were quoted on the stock market of ASX at all times in the 12 months before the issue of this Prospectus.
