## **TV2U - Update**

The Board of Directors of TV2U International Limited (ASX TV2: “TV2U”) are proud to announce the commercial launch of its OTT entertainment service for the region of Brazil in collaboration with its partners SOL Telecom and CCSTV. TV2U completed full commercial deployment on the 26<sup>th</sup> December 2017 with the integration of the head-end at both SOL Telecom’s and CCSTV’s facilities and the amalgamation of TV2U’s Cloud based Content Managed Services.

This initial service offering will consist of over 100 live channels of both premium and local content rapidly growing to more than 250 live channels with the addition of On-demand content for movies and TV Series in the future.

The initial launch of the service will be to the customers of our Brazilian partners SOL Telecom and CCSTV before the national expansion of the service.

Further detail updates will be provided shortly.

### **ABOUT TV2U**

TV2U is a global complete entertainment platform that enables businesses, such as telecommunications companies, to quickly and easily offer streaming content to their customers. The service includes movies, television programs, karaoke content and games through an encrypted channel for enhanced copyright protection. TV2U also offers unique real-time viewership analytics to enable businesses to send highly targeted advertising to end-users to maximise their revenue streams. TV2U is changing the face of online entertainment and advertising.
