About BidEnergy Ltd

BidEnergy is an Australian-based technology company with offices overseas in the USA and UK. BidEnergy's cloud-based platform simplifies the complex energy spend management process by using robotic process automation, enabling organisations to have complete control over their energy spend. Unlike manual consulting and business services, the platform automates the management of every component of the process for multi-site organisations. By automatically capturing and validating invoices and meter data, customers can streamline their accounting and payments processes, go to market at short notice to optimise their supply contracts and reduce on-bill charges using sophisticated analytics and reporting.
