Further to the ASX announcement lodged by Corazon Mining Limited ("Corazon") on 24 January 2018 regarding a placement.

(a) Details of the dilution to the existing holders of ordinary securities caused by the issue is as follows:

A total of 226,000,000 securities were issued under the placement. A total of 122,071,667 shares are issued pursuant to Listing Rule 7.1 (representing 9.65% of the post-placement capital) and 103,928,333 shares were issued under the placement pursuant to Listing Rule 7.1A (representing 8.21% of the post-placement capital).

The percentage of the post-placement capital held (in aggregate) is as follows:

(b) Corazon considered the placement to institutional and sophisticated investors was in this instance the most efficient and expedient method for raising the funds required given the funding certainty. The Company considered that the required time frame to make either a pro rata or other type of offer to existing shareholders was not aligned to the Company's funding requirements.

(c) The placement was not underwritten.

(d) A 6% commission was incurred by Corazon in connection with the placement to the sophisticated investors.

Yours sincerely
