Independent Auditor's Review Report to the members of Pioneer Resources Limited

We have reviewed the accompanying half-year financial report of Pioneer Resources Limited, which comprises the condensed statement of financial position as at 31 December 2017, and the condensed statement of profit or loss and other comprehensive income, the condensed statement of cash flows and the condensed statement of changes in equity for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity,* in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the company's financial position as at 31 December 2017 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Pioneer Resources Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Deloitte.

Auditor's Independence Declaration

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Pioneer Resources Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Pioneer Resources Limited is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the company financial position as at 31 December 2017 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the half-year ended 31 December 2017

1. BASIS OF PREPARATION OF HALF-YEAR FINANCIAL STATEMENTS

These general purpose half-year financial statements for the half-year ended 31 December 2017 have been prepared in accordance with the requirements of the Corporations Act 2001, applicable accounting standards including Accounting Standard AASB 134: *Interim Financial Reports* and other authoritative pronouncements of the Australian Accounting Standards Board ("AASB"). Compliance with AASB 134 ensures compliance with IAS 34 "Interim Financial Reporting". The Board considers the Group has sufficient cash resources to meet all operating costs for at least the next 12 months from the date of this report.

It is recommended that these half-year financial statements and reports be read in conjunction with the Annual Report for the year ended 30 June 2017 and any public announcements made by Pioneer Resources Limited and its controlled entities during the half-year in accordance with continuous disclosure obligations arising under the Corporations Act, 2001.

The half-year report has been prepared on the accruals basis and in accordance with the historical cost convention. Cost is based on the fair value of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The half-year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Group as the full financial report.

For the purpose of preparing the half-year financial statements, the half-year has been treated as a discrete reporting period.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Company's 2017 annual financial report for the financial year ended 30 June 2017.

In the half-year ended 31 December 2017, the Company has reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to its operations and effective for annual reporting periods beginning on or after 1 July 2017.

It has been determined by the Company that there is no impact, material or otherwise, of the new and revised Standards and Interpretations on its business and, therefore, no change is necessary to the Company's accounting policies.

Basis of consolidation

The half-year consolidated financial statements comprise the financial statements of Pioneer Resources Limited and its controlled entities as at 31 December 2017 ('the Group').

Estimates

The preparation of the interim financial report requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, revenues and expenses. Actual results may differ from these estimates.

In preparing this consolidated interim financial report, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial report as at and for the year ended 30 June 2017.

	11,376,001	10,088,731

The recoupment of costs carried forward is dependent on the successful development and/or commercial exploitation or alternatively sale of the respective areas of interest.

Exploration and evaluation assets are assessed for impairment when facts and circumstances suggest that the carrying amount of an exploration and evaluation asset may exceed its recoverable amount. The recoverable amount of the exploration and evaluation asset (or the cash-generating unit(s) to which it has been allocated, being no larger than the relevant area of interest) is estimated to determine the extent of the impairment loss (if any). Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but only to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in previous years.

Exploration write-downs for half-year ended 31 December 2017 totalled \$326,631 (31 December 2016: \$131,375) which related primarily to the Fairwater Project where specific tenements underlying areas of interest were surrendered.
