KORAB TERMINATES HEADS OF AGREEMENT

Korab Resources Ltd ("Korab", or "Company") (ASX: KOR) would like to advise that on 6 March 2018 it has terminated Heads of Agreement for the supply of 300,000 tonnes per year of magnesium carbonate rock for 5 years (the HoA) originally reported to the market on 4 November 2015.

The HoA was terminated without penalties by Korab giving notice in writing to the counterparty as envisaged by the terms of the HoA. This termination will allow Korab greater flexibility in setting volumes and prices during the ongoing discussions with potential and prospective buyers of magnesium carbonate rock.

ABOUT KORAB RESOURCES

Korab Resources Ltd is an international mining and exploration company with operations in Australia and Europe. Korab's projects include Winchester magnesium carbonate deposit and Geolsec phosphate rock deposit at Batchelor in the Northern Territory of Australia as well as a gold and silver deposit at Bobrikovo in eastern Ukraine. The Company also explores for gold and copper at Ashburton Downs/Mt. Elephant in Western Australia, and for gold, copper, lithium, tin, and tantalum at Karratha, and Marble Bar/Nullagine in Western Australia. Korab also explores for gold, cobalt, silver, lead, zinc, copper, nickel, lithium, and tin at Batchelor and Green Alligator in the Northern Territory. More information about Korab's projects can be sourced from Korab's website at www.korab.com.au. Korab's shares are traded on Australian Securities Exchange (ASX) and on the Berlin Stock Exchange (Berliner Börse) through Equiduct electronic trading platform.
